adolescence and adulthood **Law, Registration, and the State** Jess Smith, 2023-07-28 This book provides an original and compelling analysis of registration as a dynamic process which makes and unmakes legal identities Critical legal and socio legal scholarship tends to assume that registration is a textually mediated act of statecraft which governs through the technology of writing Taking a different approach this book develops movement as socio legal method to illustrate the legal social and bureaucratic layers of movement which unfold in everyday engagements with the law The book presents empirical and theoretical analysis of historical contemporary and future oriented places of registration a community hub a city of pilgrimage and the General Register Office Drawing from diverse perspectives across anthropology geography sociology architecture and mobility studies the book argues for an understanding of registration as evolving socially constructed and shaped by spatial imaginaries which are materialised in its architecture This mobile understanding of registration expands conceptual discussions of legal materiality whilst opening up possibilities for legal identities unconstrained by the assumed desirability of stability or endurance This interdisciplinary book will appeal primarily to a sociolegal critical legal and legal geography readership but it will also be of interest to those in other disciplines concerned with materiality movement and statecraft **Le-David Maskil** Richard Elliott Friedman, William Henry Propp, 2004 For the past half century David Noel Freedman has had an enormous impact on the study of the Bible both as an author and as an editor of the writings of others As his colleagues note in their comments at the beginning of this volume You are quintessentially the man of the book And perhaps what impresses us most is that your bibliography of hundreds of books is not limited to the extraordinary number of important books that you ve written yourself It also contains the books that you ve edited for others And we know what it means to have David Noel Freedman as one s editor For every page of manuscript that the author sends you you send back almost an equal number of pages of advice criticism corrections and improvements You can make a bad book good and a good book better And you can make its author a better scholar and a better writer In this volume his compatriots at the University of California San Diego contribute eight varied essays in celebration of his impact on them and in honor of his varied contributions to biblical studies Hart Crane Clive Fisher, 2002-01-01 Malcolm Cowley Hart Crane s life was notoriously turbulent persistently nonconformist and tragically short This new biography presents for the first time a full frank portrait of the real Hart Crane a poet attractive both for his flamboyance and passion for life and for the magnificent sonorities of his work 18 illustrations
