Riga Interzonal, 1979 A. J. Miles, Tony Miles, Jon Speelman, 1979-01-01 **Chess Competitions, 1971-2010**, 2016-02-17 This comprehensive reference work presents detailed bibliographical information about chess publications books bulletins and programs covering competitions held around the world from 1971 through 2010 It catalogs 3 895 entries tracked through 5 381 items with many cross references Information for each entry includes year and country of publication sponsors publisher editors language alternate titles mergers and source An index of competitions is included [Chess Results, 1978-1980](#) Gino Di Felice, 2014-10-07 This continuation of a series of comprehensive chronological reference works lists the results of men s chess competitions all over the world individual and team matches The present volume covers 1978 through 1980 Entries record location and when available the group that sponsored the event First and last names of players are included whenever possible and are standardized for easy reference Compiled from contemporary sources such as newspapers periodicals tournament records and match books this work contains 855 tournament cross tables and 90 match scores and is indexed by events and by players **In the Zone** Cyrus Lakdawala, 2020-04-21 A winning streak in chess says Cyrus Lakdawala is a lot more than just the sum of its games In this book he examines what it means when everything clicks when champions become unstoppable and demolish opponents What does it mean to be in the zone What causes these sweeps what sparks them and what keeps them going And why did they come to an end Lakdawala takes you on a trip through chess history looking at peak performances of some of the greatest players who ever lived Morphy Steinitz Pillsbury Lasker Capablanca Alekhine Botvinnik Fischer Tal Kasparov Karpov Caruana and Carlsen They all had very different playing styles yet at a certain point in their rich careers they all entered the zone and simply wiped out the best players in the world In the Zone explains the games of the greatest players during their greatest triumphs As you study and enjoy these immortal performances you will improve your ability to overpower your opponents You will understand how great moves originate and you will be inspired to become more productive and creative In the Zone may bring you closer to that special place yourself the zone *Van Perlo's Endgame Tactics* Ger van Perlo, 2015-09-01 New and substantially expanded edition of a modern chess classic By chance in 2013 publisher New In Chess discovered a previously unnoticed and unpublished extra batch of endgame tactics collected by the legendary Dutch correspondence grandmaster Ger van Perlo 1932 2010 More than 250 fresh examples have been added making this fourth edition 25% BIGGER than its predecessors For casual players and club players Why is it that most amateur chess players love opening and middlegame tactics but hate endgames Why do you usually look at only a couple of pages in any endgame theory book you see Sit back forget about theoretical endgames and enjoy the entertainment of real life chess in Endgame Tactics There is no substitute for hard work in getting better at chess as a wise grandmaster once said But you always work harder at something you enjoy Make the first step towards improving your endgame play and beating more opponents by learning to love the endgame Endgames are fun and the examples from

everyday practice in Endgame Tactics prove it New 4th and 25% expanded edition of a best selling modern classic More than 1 300 Sparkling Tricks and Traps WINNER of the ECF Book of the Year Award WINNER of the ChessCafe Book of the Year Award Makes regular players discover the fun in endgame *Side-stepping Mainline Theory* Gerard Welling, Steve Giddins, 2019-09-05 The average chess player spends too much time on studying opening theory In his day World Champion Emanuel Lasker argued that improving amateurs should spend about 5% of their study time on openings These days club players are probably closer to 80% often focusing on opening lines that are popular among grandmasters Club players shouldn't slavishly copy the choices of grandmasters GMs need to squeeze every drop of advantage from the opening and therefore play highly complex lines that require large amounts of memorization The main necessity for club players is to emerge from the opening with a reasonable position from which you can simply play chess and pit your own tactical and positional understanding against that of your opponent Gerard Welling and Steve Giddins recommend the Old Indian Hanham Philidor set up as a basis for both Black and White They provide ideas and strategies that can be learned in the shortest possible time and require the bare minimum of maintenance and updating They deliver exactly what you need rock solid positions that you know how to handle By adopting a similar set up for both colours with similar plans and techniques you further reduce study time With this compact and straightforward opening approach Welling and Giddins argue club players will have more time to focus on what is really decisive in the vast majority of non grandmaster games tactics positional understanding and endgame technique *Strategic Chess* Edmar Mednis, 1999-01-01 Presents an analysis of thirty chess games and provides insight into strategy and the significance of the opening *Modern Chess Preparation* Vladimir Tukmakov, 2015-01-10 Opening middlegame and endgame are the three universally recognized stages of a game of chess but what about the art of preparation Winning starts with planning before the game teaches legendary chess trainer Vladimir Tukmakov in this enlightening and entertaining work on a neglected subject Exploring and understanding prior to the game the strengths and weaknesses of your next opponent and being aware of your own strong points and shortcomings are a key to success Tukmakov describes how planning has become a systematic process how methodical preparation works and which critical steps you have to take The role of the computer in preparing for a game has grown tremendously and Modern Chess Preparation explains how it is used by top players to get organized for success But you will also learn the limitations on the use of chess engines and databases and how disastrous it can be to overly respect them and rely on them A separate chapter is devoted on how to prepare for all important games games that will decide a tournament a match or a even an entire career Modern Chess Preparation is about more than just opening preparation It also teaches you how to immerse yourself in order to find the best approach to the game With powerful anecdotes and many instructive high level games Tukmakov explains how as a competitive chess player you can organize your homework focus your efforts and arrive at a viable game plan Vladimir Tukmakov is a chess grandmaster and a former national champion of Ukraine In his active

career he won many tournaments as well as gold medals in international team competitions He is universally acknowledged as an outstanding chess trainer and coach The Human Comedy of Chess Hans Ree,2011-12-28 Brilliant Chess Brilliant Essays Brilliant Writer Dutch Grandmaster Hans Ree is considered by many to be the best chess writer in the world today As noted by the Dutch newspaper Algemeen Dagblad reviewing the original Dutch edition This is more than a book about chess politics or leaders in the chess world It is above all a declaration of love for the game with an elegant collection of odes to the greater and lesser personalities that evolve around the 64 squares Ree personally knows many of the people he writes about That leads to beautiful and striking portraits In almost sixty separate essays in seven categories World Champions Politics In Memoriam History The Endgame Matches Tournaments and Miscellanea Ree touches on chess matters near and dear to the hearts of chessplayers worldwide This book published in 1999 still retains its relevance insight and its edge more than a decade after being released **Improve Your Chess Pattern Recognition** International Master Arthur van de Oudeweetering,2014-11-19 Pattern recognition is one of the most important mechanisms of chess improvement This is well known But what does pattern recognition actually mean And how can you improve at it If you realize a position has similarities with something you have seen before you are recognizing a pattern This helps you to get to the essence of a position quickly and find the most promising continuation To get better at recognizing chess patterns knowing which positions are worth remembering will save lots of time and energy In this book IM Arthur van de Oudeweetering supplies building blocks for your chess knowledge In short chapters he presents lots of well defined subjects easy to remember because of their specific elements After working with this book you will experience something wonderful your mind and memory will be triggered much easier and more frequently An increasing number of positions pawn structures and piece placements will automatically activate your chess knowledge As a result you will simply find the right move more often and more quickly

Riga Interzonal 1979 Introduction

In today's digital age, the availability of Riga Interzonal 1979 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Riga Interzonal 1979 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Riga Interzonal 1979 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Riga Interzonal 1979 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Riga Interzonal 1979 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Riga Interzonal 1979 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Riga Interzonal 1979 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals,

making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Riga Interzonal 1979 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Riga Interzonal 1979 books and manuals for download and embark on your journey of knowledge?
