Rightful Possession

SALLY WENTWORTH

Rightful Possession

James Penner, Henry Smith

Rightful Possession:

Autonomy, Moral Worth, and Right Jeffrey Edwards, 2017-11-07 This book examines the surprising ramifications of Kant's late account of practical reason's obligatory ends as well as a revolutionary implication of his theory of property. It thereby sheds new light on Kant's place in the history of modern moral philosophy. **Kant and Law** B. Sharon Byrd, 2017-07-05 Immanuel Kant's legal philosophy and theory have played an enormous role in the development of law since the eighteenth century. Although this influence can be seen primarily in German law and in the law of nations which have traditionally been oriented toward German legal development, today Kant's philosophy has experienced a Renaissance in the Anglo-American legal world. This anthology collects what the editors believe to be the very best of articles on Kant's legal theory with an emphasis on his *Metaphysics of Morals* of 1797. In particular, the articles relate to 1 the nature of law and justice, 2 private law, 3 public law, 4 criminal law, 5 international law, and 6 cosmopolitan law. **The Concept of Property in Kant, Fichte, and Hegel** Jacob Blumenfeld, 2023-12-12 This book provides a detailed account of the role of property in German Idealism. It puts the concept of property in the center of the philosophical systems of Kant, Fichte, and Hegel and shows how property remains tied to their conceptions of freedom, right, and recognition. The book begins with a critical genealogy of the concept of property in modern legal philosophy, followed by a reconstruction of the theory of property in Kant's *Doctrine of Right*, Fichte's *Foundations of Natural Right*, and Hegel's *Jena Realphilosophie*. By turning to the tradition of German *Rechtsphilosophie* as opposed to the more standard libertarian and utilitarian frameworks of property, it explores the metaphysical, normative, political, and material questions that make property intelligible as a social relation. The book formulates a normative theory of property rooted in practical reason, mutual recognition, and social freedom. This relational theory of property, inspired by German Idealism, brings a fresh angle to contemporary property theory. Additionally, it provides crucial philosophical background to 19th-century debates on private property, inequality, labor, socialism, capitalism, and the state. *The Concept of Property in Kant, Fichte, and Hegel* will appeal to scholars and advanced students interested in 19th-century German philosophy, social and political philosophy, philosophy of law, political theory, and political economy. **Kant: The Metaphysics of Morals** Immanuel Kant, 1996-04-18 *The Metaphysics of Morals* is Kant's major work in applied moral philosophy, in which he deals with the basic principles of rights and of virtues. It comprises two parts: the *Doctrine of Right*, which deals with the rights which people have or can acquire, and the *Doctrine of Virtue*, which deals with the virtues they ought to acquire. Mary Gregor's translation, revised for publication in the Cambridge Texts in the History of Philosophy series, is the only complete translation of the whole text and includes extensive annotation on Kant's difficult and sometimes unfamiliar vocabulary. A new introduction by Roger Sullivan sets the work in its historical and philosophical context. This volume will be of wide interest to students of ethics and of legal and political philosophy. *The Law of Nations Considered as Independent Political Communities. On the Right and Duties of Nations in Time of Peace* Travers Twiss, 1861 **The Law**

of Nations Considered as Independent Political Communities. On the Right and Duties of Nations in Time of Peace Travers Twiss, 1861 **The Law of Nations Considered as Independent Political Communities on the Right and Duties of Nations in Time of Peace by Travers Twiss** Sir Travers Twiss, 1861 Philosophical Foundations of Property Law James Penner, Henry Smith, 2013-11-28 Property has long played a central role in political and moral philosophy. Philosophers dealing with property have tended to follow the consensus that property has no special content but is a protean construct, a mere placeholder for theories aimed at questions of distributive justice and efficiency. Until recently there has been a relative absence of serious philosophical attention paid to the various doctrines that shape the actual law of property. If the philosophy of property is to be more attentive to concepts lying between broad considerations of political philosophy and distributive justice on the one hand and individual rules on the other, what in this broad space needs explaining and how might we justify what we find? The papers in this volume are a first step towards filling this gap in the philosophical analysis of private law. This is achieved here by revisiting the contributions of philosophers such as Hume, Locke, Kant, and Grotius and revealing how particular doctrines illuminate the way in which property law respects the equality and autonomy of its subjects. Secondly, by exploring the central notions of possession, ownership, and title, and finally by considering the very foundations of conceptualism in property. *A Treatise on the Principles and Practice of the Action of Ejectment, and the Resulting Action for Mesne Profits* John Adams, 1830 **The Age of German Idealism** Kathleen Higgins, Robert C. Solomon, 2023-05-09 German Idealism was one of the most fertile and important movements in the history of Western philosophy. This volume includes eleven chapters on all aspects and the period's most influential philosophers, including Kant and Hegel.

Getting the books **Rightful Possession** now is not type of challenging means. You could not without help going in imitation of ebook amassing or library or borrowing from your friends to way in them. This is an unconditionally simple means to specifically get lead by on-line. This online publication Rightful Possession can be one of the options to accompany you considering having further time.

It will not waste your time. assume me, the e-book will unquestionably impression you supplementary situation to read. Just invest little period to open this on-line declaration **Rightful Possession** as without difficulty as evaluation them wherever you are now.
