Rights From Wrongs

Joy Paul Guilford, John I. Lacey

Rights From Wrongs:

Rights from Wrongs Alan M. Dershowitz, 2009-04-20 This is a wholly new and compelling answer to one of the most persistent dilemmas in both law and moral philosophy If rights are natural if in the words of the Declaration of Independence it is self evident that all men are endowed with certain inalienable rights where do these rights come from Does natural law really exist outside the formal structure of humanly enacted law On the other hand if rights are nothing more than the product of human law what argument is there for allowing the rights of a few people to outweigh the preferences of the majority In this book renowned legal scholar Alan Dershowitz offers a fresh resolution to this age old dilemma Rights he argues do not come from God nature logic or law alone They arise out of particular experiences with injustice While justice is an elusive concept hard to define and subject to conflicting interpretations injustice is immediate intuitive widely agreed upon and very tangible This is a timely book that will have an immediate impact on our political dialogue from the intersection of religion and law to recent quandaries surrounding the right to privacy voting rights and the right to marry More than that it is a passionate case for the recognition of human rights in a rigorously secular framework Rights from Wrongs will be the first book to propose a theory of rights that emerges not from some theory of perfect justice but from its opposite from the bottom up from trial and error and from our collective experience of injustice The Division of Wrongs Eric Descheemaeker, 2009-06-18 rectify Readership Academics in the areas of comparative law tort law legal history and Roman law **Justice** Nicholas Wolterstorff, 2010-05-02 Wide ranging and ambitious Justice combines moral philosophy and Christian ethics to develop an important theory of rights and of justice as grounded in rights Nicholas Wolterstorff discusses what it is to have a right and he locates rights in the respect due the worth of the rights holder After contending that socially conferred rights require the existence of natural rights he argues that no secular account of natural human rights is successful he offers instead a theistic account Wolterstorff prefaces his systematic account of justice as grounded in rights with an exploration of the common claim that rights talk is inherently individualistic and possessive He demonstrates that the idea of natural rights originated neither in the Enlightenment nor in the individualistic philosophy of the late Middle Ages but was already employed by the canon lawyers of the twelfth century He traces our intuitions about rights and justice back even further to Hebrew and Christian scriptures After extensively discussing justice in the Old Testament and the New he goes on to show why ancient Greek and Roman philosophy could not serve as a framework for a theory of rights Connecting rights and wrongs to God's relationship with humankind Justice not only offers a rich and compelling philosophical account of justice but also makes an important contribution to overcoming the present day divide between religious discourse and human rights **Printed Classification Tests** Joy Paul Guilford, John I. Lacey, 1947 **Commentaries on the Laws of England** William Blackstone, 1899 Civil Wrongs and Justice in Private Law Paul B. Miller, John Oberdiek, 2020 The notion of a civil wrong is one of the most fundamental concepts in private law Without the concept of a civil wrong areas of private

law like tort law or property law would not be able to fulfil their aims This volume brings together a wide variety of scholars who have written original papers exploring the centrally important notion of a civil wrong **Reasonableness and Risk** Gregory C. Keating, 2022 The law of torts is concerned with what we owe to one another in the way of obligations not to interfere with or impair each other's urgent interests as we go about our lives in civil society This book argues that tort law addresses a domain of basic justice and that its rhetoric of reasonableness implies a distinctive morality of mutual right and responsibility **Psychobiology and Cognitive Therapy of the Neuroses** LUNGWITZ, 2013-11-11 **Notes on Elementary Law** William Callyhan Robinson, 1875 **Aviation Psychology Program Research Reports** United States. Army Air Forces, 1947
