Conrad,2010-01-01 A comprehensive history of the sawmill towns of East Texas in the nineteenth and twentieth centuries Sawmill communities were once the thriving centers of East Texas life Many sprang up almost overnight in a pine forest clearing and many disappeared just as quickly after the company cut out its last trees But during their heyday these company towns made Texas the nation s third largest lumber producer and created a colorful way of life that lingers in the memories of the remaining former residents and their children and grandchildren Drawing on oral history company records and other archival sources Sitton and Conrad recreate the lifeways of the sawmill communities They describe the companies that ran the mills and the different kinds of jobs involved in logging and milling They depict the usually rough hewn towns with their central mill unpainted houses company store and schools churches and community centers And they characterize the lives of the people from the hard awesomely dangerous mill work to the dances picnics and other recreations that offered welcome diversions Winner T H Fehrenbach Award Texas Historical Commission After completing the book I truly understood life in the sawmill communities intellectually and emotionally It was very satisfying Conrad and Sitton write in such a manner to make one feel the hard life smell the sawdust and share the danger of the mills The book is compelling and stimulating Robert L Schaadt Director Archivist Sam Houston Regional Library and Research Center
