Modernity in Black and White Rafael Cardoso,Rafael Cardoso Denis,2021-04-15 In his first single authored English language work Rafael Cardoso offers a re evaluation of modern art and modernism in Brazil **The Invention of the Favela** Licia do Prado Valladares,2019-04-29 For the first time available in English Licia do Prado Valladares s classic anthropological study of Brazil s vast densely populated urban living environments reveals how the idea of the favela became an internationally established and even attractive and exotic representation of poverty The study traces how the term favela emerged as an analytic category beginning in the mid 1960s showing how it became the object of immense popular debate and sustained social science research But the concept of the favela so favored by social scientists is not Valladares argues a straightforward reflection of its social reality and it often obscures more than it reveals The established representation of favelas undercuts more complex accurate and historicized explanations of Brazilian development It marks and perpetuates favelas as zones of exception rather than as integral to Brazil s modernization over the past century And it has had important repercussions for the direction of research and policy affecting the lives of millions of Brazilians Valladares s foundational book will be welcomed by all who seek to understand Brazil s evolution into the twenty first century **Handbook of**
