Riot The Movie

Doug Dibbern

Riot The Movie:

Hollywood Riots Doug Dibbern, 2015-12-17 The large literature about the politics of Hollywood in the period of McCarthy and the blacklist has largely overlooked political filmmaking during those agitated years *Hollywood Riots* examines the most vibrant cycle of independently produced political films made while House Committee on Un American Activities was investigating communists in the film industry In doing so it shifts the focus from the politics of Washington to the politics of Los Angeles and from the films of the Hollywood Ten to the more politically complex films of the progressive community at large Dibbern shows how the movies produced by progressives at the end of the 1950s including *The Lawless* *The Sound of Fury* *The Underworld* were the logical cinematic parallel to their political and journalistic advocacy fighting the conservative newspapers In these films they were recasting political events from California's recent past as politically engaged narratives that were inflected with their own fears of persecution *Hollywood Riots* reviews the work of notable directors like Joseph Losey and Cy Endfield as well as introducing unheralded political screenwriters and directors such as Daniel Mainwaring Jo Pagano and Leo C Popkin

The Cool and the Crazy Peter Stanfield, 2015-04-08 Explosive Amazing Terrifying You won't believe your eyes Such movie taglines were common in the 1950s as Hollywood churned out a variety of low budget pictures that were sold on the basis of their sensational content and topicality While a few of these movies have since become canonized by film fans and critics a number of the era's biggest fads have now faded into obscurity *The Cool and the Crazy* examines seven of these film cycles including short lived trends like boxing movies war pictures and social problem films detailing the sordid and violent life of teenagers as well as uniquely 1950s takes on established genres like the gangster picture Peter Stanfield reveals how Hollywood sought to capitalize upon current events moral panics and popular fads making movies that were ripped from the headlines on everything from the Korean War to rock and roll As he offers careful readings of several key films he also considers the broader historical and commercial contexts in which these films were produced marketed and exhibited In the process Stanfield uncovers surprising synergies between Hollywood and other arenas of popular culture like the ways that the fashion trend for blue jeans influenced the 1950s Western Delivering sharp critical insights in jazzy accessible prose *The Cool and the Crazy* offers an appreciation of cinema as a pop medium unabashedly derivative faddish and ephemeral By studying these long burst bubbles of 1950s pop Stanfield reveals something new about what films do and the pleasures they provide

Riot On Sunset Strip Domenic Priore, 2007-07-12 On the Sunset Strip in Los Angeles in 1965 and 1966 an electrifying scene appeared out of nowhere exploded into creativity and then just as suddenly vanished So much remarkable music art and social revolution came from one place at one time it's difficult now to grasp how it all happened In that moment rock n roll displaced movies as the centre of action in Hollywood This book tells the story of that astonishing time The nightlife was a heady mix of modernist design pop art and beat aesthetics From the moment The Byrds debuted at Ciro's on March 26th 1965 with Bob Dylan joining them on stage right up

to the demonstrations of November 1966 Sunset Strip nightclubs nurtured and broke The Doors Love Buffalo Springfield Frank Zappa s Mothers Of Invention Captain Beefheart His Magic Band The Turtles The Mamas The Papas and many others The Strip was a hotbed for garage punk bands such as The Standells The Seeds The Music Machine and The Electric Prunes Folk rock and psychedelia were born there and it was a favourite hangout and inspiration for The Beatles The Rolling Stones Them The Velvet Underground and The Yardbirds Pop art and rock n roll combined and the new fusion quickly permeated television animation and New Hollywood s indie cinema

BAD MOTHERS Molly Ladd-Taylor, Lauri Umansky, 1998 There really are women who are less than good mothers However during the past quarter century the definition of bad mother has changed with changing lifestyles and changes to the family structure Mothers today are blamed for a host of problems Drawing together the work of prominent scholars and journalists and individual cases BAD MOTHERS marks an important contribution to the literature on motherhood

Feminism's Queer Temporalities Sam McBean, 2015-07-16 Despite feminism s uneven movements it has been predominantly understood through metaphors of generations or waves Feminism s Queer Temporalities builds on critiques of the limitations of this linear model to explore alternative ways of imagining feminism s timing It finds in feminism s literary and cultural archive narratives of temporality that might now be diagnosed as queer where queer designates modes of being historical that exceed the linear and the generational Few theorists have looked to popular feminist figures literature and culture to theorize feminism s timing Through methodologically creative readings McBean explores non generational anti linear and asynchronous time in the figure of Antigone Marge Piercy s Woman on the Edge of Time the film Ladies and Gentlemen The Fabulous Stains Valerie Solanas and SCUM Manifesto and Alison Bechdel s Fun Home The first to substantially bring together the ways in which time has come to matter in both feminist and queer disciplines this book will appeal to students and scholars of feminist queer and gender studies cultural studies and literary studies

Outlaw Motorcycle Gangs as Organized Crime Groups Thomas Barker, 2014-05-29 This brief covers the unique crime group of Outlaw Motorcycle Gangs Outlaw Motorcycle Gangs are adult criminal associations composed of bikers living a deviant lifestyle that includes individual group and club criminal behavior These groups are sometimes called one percenters due to the American Motorcycle Association statement that ninety nine percent of motorcyclists are law abiding citizens While many may be familiar with the reputation of the Hells Angels many may not realize the wide network of other Outlaw Motorcycle Gangs or the extent of their involvement in criminal activities The brief includes a breakdown of the criminal networks and activities of these groups which operate similarly to an organized crime group It also covers the evolution of motorcycle clubs to motorcycle gangs It examines the recent trend of American based motorcycle gangs into international organized crime activities This book will be of interest to researcher studying criminology particularly organized crime and criminal networks as well as international and comparative law and public policy

Race Riot at East St. Louis, July 2, 1917 Elliott M. Rudwick, 1964 a well researched and thoughtful inquiry into the circumstances and social

forces producing one of the most violent of twentieth century American race riots American Historical Review His work fills a serious gap in the history of racial violence in the United States Never before analyzed by sociologists in the way that the Chicago and Detroit riots were the East St Louis riot outranked both as measured by the number of deaths American Journal of Sociology

Crime and Racial Constructions Jeanette Covington, 2010-04-12 Crime and Racial Constructions Cultural Misinformation about African Americans in Media and Academia focuses on how film images of dangerous hedonistic blacks have assumed greater significance since blacks protested racial injustice during the Civil Rights Movement and the Black Power Movement of the 1960s and 1970s It does so by reviewing a number of films that have been released from the 1970s until the present in which black males are depicted as violent and threatening It likewise considers how these same films represent black females as prostitutes drug addicts and irresponsible abusive mothers who spawn violence in their children Because these on screen images of a violent apolitical and immoral black underclass find their way into the criminological literature the book also takes a look at how criminologists use these images to link crime to underclass culture Both Hollywood and criminologists alike manage to ignore how black activism during the 1960s social movements actually sparked black opposition to the kind of black on black crime that is routinely depicted on screen By taking a critical look at these negative images Crime and Racial Constructions seeks to correct some of the distortions that arise from the undue academic and cinematic focus on black criminals at the expense of racially conscious blacks
