The Publishers' Trade List Annual ,1969 The Palgrave Handbook of Masculinity and Political Culture in Europe
Christopher Fletcher,Sean Brady,Rachel E. Moss,Lucy Riall,2018-02-02 This handbook aims to challenge gender blindness in the historical study of high politics power authority and government by bringing together a group of scholars at the forefront of current historical research into the relationship between masculinity and political power Until very recently in historical terms formal political authority in Europe was normally and ideally held by adult males with female power being perceived as a recurrent aberration Yet paradoxically the study of the interactions between masculinity and political culture is still very much in its infancy This volume seeks to remedy this lacuna by considering the different consequences of the masculinity of power over two millennia of European history It examines how masculinity and political culture have interacted from ancient Rome and the early medieval Byzantine empire to twentieth century Germany and Italy It considers a broad variety of case studies from early medieval Iceland and late medieval France to Naples at the time of the French Revolution and Strasbourg after the Franco Prussian War with a particular focus on the development of political masculinities in Great Britain between the sixteenth century and the present day **If the West Falls...** Bridget S. Howe,2011-10-27 If The West Falls If the West Falls is the result of four years of research that began when the author learned that she was a target of US Government sponsored Organized Vigilante Stalking Her investigation into the crime that had been committed against her led her to an understanding of the crime that is being committed by the United States government against the people of this nation and the rest of the world The authors investigation reveals The presence of a fascist underground controlling the life of this nation and the lives of American people The plans of secret societies such as the Bilderbergers the Trilateral Commission and the Council of Foreign relations to dissolve the national sovereignty of the United States of America The influence of the occult in public institutions and the American Christian Church Crimes being committed by US governing officials being covered up by the National Security Act including the exploitation of children Exploitation of American citizens and people around the world under the Patriot Act and the Military Commissions Act **Books in Print** ,1981 **Bookseller** ,1998
