Hasnul Suhaimi Former CEO XL Axiata Rising Above the Crowd Brian L. Harbour, 1988-01-01 Lords of Havenstone : Dhresden's Rise Matthew Storey, 2018-03-06 Despite the array of colors set ablaze in both field and forest by the sun s radiant autumn beams the inhabitants of the Pasturelands are wrapped in the shadow and gloom of sorrow Dhane the loved and respected lord of Havenstone who many years before had delivered his homeland from perils of corruption legend and lore has died without proclaiming an heir to his throne His undeclared son Dhresden a half blood warrior whose past is shrouded in mystery rumor and scandal has acted faithfully as Dhane s personal protector and chief trainer of the military for many years Despite the political and social obstacles that would oppose him should Dhresden seek to take his rightful place as ruler there are also treacherous schemes already in motion that could not only thwart his ascension but also end his life His quest to return to Havenstone is fraught with danger and hardship and though individuals from neighboring lands band together to aid in his adventure the success of his endeavor will remain in question until the end Though Dhresden is often a target of disdain because of his questionable beginnings he himself behaves honorably inspiring others to his cause not to success at any cost but to a crusade of honor and justice recognizing that the journey is just as important as the destination The friendships love losses and pain that he endures will further sculpt him into a fit ruler should he manage to survive these and other perils and be crowned the lord of Havenstone

Almack's Revisited Charles White, 1828 Marc Deveroux Ronald Wintrick, 2020-12-16 Science fiction space opera Action adventure humor romance and a lot more Excerpt Take a sedative Melanie I have to stay awake now If you could be so kind as to bring me about five stimulants first I be greatly appreciative Then before you go to sleep some food I can't take the chance of going to the galley myself I said Just going to the head is going to be risk enough There was a head right outside the bridge but even that was a dangerous risk Unfortunately it was a risk I was going to have to take unless I wanted to soil myself Unfortunately sometimes desperate times called for desperate measures but that one I just wouldn't be able to do She made three trips the third trip was my fifth stimulant and her bottle and glass I had given her permission to drink as long as I was awake and there was absolutely nothing for her to do anyway Her only job would be to sit in that co pilots seat when I was asleep and wake me if it became necessary We were going to be living on the bridge The only good thing I could say about that was that my captains chair did recline Melanie managed to get four drinks down before the sedative took her away hopefully to sweet dreams I got up and reclined her seat for her which didn't even come close to waking her I picked at the food she had brought me over a period of hours not wanting to fill my stomach A full stomach would have the effect of tiring me and that I couldn't afford to let happen Nine hours later Whelan was on the com Still awake Still here Whelan I know you said twelve hour shifts but I just had a good sleep and I know you have to be tired Whelan said So I'll take over now for a twelve and you can do a twelve next time Get some sleep Marc Try to sleep for a solid twelve if you can I thought that was possible actually as tired as I was Melanie was stretching I noticed our conversation having woken her I looked at her and her eyes were open Use the doc Go get yourself about five stimulants Get enough food to last the day and use the head You're about to be on deck No talk of reluctance today she rose to do as bid She had a healthy desire to live That was clear enough I connected com to the ships stereo system and put the volume on high If Whelan had a sudden warning to give I was definitely going to wake up Then I poured a cognac Three would be my limit but no sedatives It wouldn't even be close to getting me drunk but it would help me get to sleep without the sedatives I definitely could not take sedatives I needed to be able to wake up if it became necessary Our ships were in passive mode Everything that we could afford to power down was powered down If the Tssah passed over our crevice it was possible they might not notice us before it was too late The guns held residual charges maybe a few shots from each and hope that was enough while I brought the ship back to life to continue fighting should that be necessary She that even be possible I amended I really had no idea just how advanced they were Certainly not the most advanced but certainly more advanced than we were Melanie came back with stimulants and

food on a tray she had found and saw the drink in my hand I thought you weren't going to get drunk I'm not I said Just a few I can't afford to take a sedative My shift starts again in twelve hours Try not to make noise and I'm going to try to sleep all the way through I take it Whelan is doing his twelve now Melanie said He is but I have consistently been a better fighter I'm going to need you to be on point Melanie This is truly serious This is as serious as it gets I know you'll be bored but this is our lives and we won't get second chances I understand I'll be awake and I'll be sitting right here the whole time unless I have to use the head and there's nothing I can do about that except try and make it quick I told her about the com being connected to the stereo system drank my drinks and not surprisingly fell fast asleep I only got up once to use the head Good to her word Melanie was awake and alert next to me And sober The co pilot had the same console I had including access to the guns If I took control of my console it overrode hers I used the head and watched for a moment while she did the same I had another drink and back asleep I slept a total of about nine hours When I awoke rested I unhooked the stereo from com used the doc made stimulants and got something to eat Then I was back on the bridge Melanie did of course know how to use the guns and was very good There was a practice program that was just like the real thing to help acclimate a person to this particular system and she was nearly as good as me maybe just as good She was after all a gunner by trade Whelan had a little over two hours left of his shift so added to my twelve hour shift it was a total of fourteen hours I would have to be alert Perfectly doable If you want to drink go right ahead I said I'm basically on duty for the next fourteen hours I thought you'd never ask Melanie said She picked up a half empty bottle filled her glass and drank it down I watched enviously

Rise Above The Devil Daniel Gibbons, 2019-10-22 The war rages on This book deals with all the little battles I have had to deal with as life moves forward Written in many different styles love hate humor and maybe even crazy Whatever the style or theme it helps me cope and continue to heal This book is written from the heart with no fancy words pulled from a thesaurus that nobody would understand My hope is when you read this book you become inspired You are engaged in a life long struggle Perhaps one of the pieces in this book is just the ammunition you need to fight another day I truly believe that addicts or family and friends who have an addict in their lives will relate to what I have written My objective in writing this book was to inform Not through clinical or text book jargon but with poetry Talking and working with people with real life addiction was always the best therapy for me
