Where the Negroes Are Masters Randy J. Sparks, 2014-01-13 Annamaboe largest slave trading port on the Gold Coast was home to wily African merchants whose partnerships with Europeans made the town an integral part of Atlantic webs of exchange Randy Sparks recreates the outpost s feverish bustle and brutality tracing the entrepreneurs black and white who thrived on a lucrative traffic in human beings From Slavery to Emancipation in the Atlantic World Sylvia R. Frey, Betty Wood, 1999 This collection examines the effects of slavery and emancipation on race class and gender in societies of the American South the Caribbean Latin America and West Africa The contributors discuss what slavery has to teach us about patterns of adjustment and change black identity and the extent to which enslaved peoples succeeded in creating a dynamic world of interaction between the Americas They examine how emancipation was defined how it affected attitudes towards slavery patterns of labour usage and relationships between workers as well as between workers and their former owners

Credit, Currencies, and Culture Endre Stiansen, Jane I. Guyer, 1999 A striking feature of African history is the volume of commerce and production that has been possible without the full panoply of credit insurances future markets stock companies limited liability and other legal and financial services that make up the formal sector of modern economies The contributions to this volume investigate institutional nexuses through which money has been managed in Africa Together

they present important perspectives that are needed to understand the present economic crisis on the continent *Wounds of Our Past* Emmanuel Saboro,2022-04-11 Emmanuel Saboro's study on memories of the slave era in northern Ghana is a most welcome addition to a long and storied scholarly tradition examining song lyrics associated with the institution of slavery. As one might expect, the vast majority of such studies focus on the music traditions of the enslaved in North America. Collected between the mid 19th and early 20th century, historians, musicologist and literary scholars have systematically analyzed these songs for what the lyrics can tell us about experiences during the era of slavery and the slave trade. Similar works that focus on West Africa, however, are rare indeed. Like his North American counterparts, Saboro examines the songs of northern Ghana as coded messages that express hope, comfort, resistance, rage and triumph over adversity. Having no fixed meanings, Saboro describes them as both flexible and greatly useful for conveying a variety of meanings. **Africans Into Creoles** Russell Lohse,2014-09 Unlike most books on slavery in the Americas, this social history of Africans and their enslaved descendants in colonial Costa Rica recounts the journey of specific people from West Africa to the New World. Tracing the experiences of Africans on two Danish slave ships that arrived in Costa Rica in 1710, the *Christianus Quintus* and *Fredericus Quartus*, the author examines slavery in Costa Rica from 1600 to 1750. Lohse looks at the ethnic origins of the Africans and narrates their capture and transport to the coast, their embarkation and passage, and finally their acculturation to slavery and their lives as slaves in Costa Rica. Following the experiences of girls and boys, women and men, he shows how the conditions of slavery in a unique local setting determined the constraints that slaves faced and how they responded to their condition. *In a Sea of Empires* Jeppe Mulich,2020-07-09 At the turn of the nineteenth century, the Caribbean was rife with revolutionary fervor and political turmoil. Yet with such upheaval came unparalleled opportunities. In this innovative and richly detailed study, Jeppe Mulich explores the interconnected nature of imperial politics and colonial law in the maritime borderlands of the Leeward Islands, where British, Danish, Dutch, French, Spanish and Swedish colonies both competed and cooperated with one another. By exploring the transnational networks involved in trade, slavery, smuggling, privateering and marronage, he offers a new account of the age of revolutions in the Caribbean, emphasizing the border-crossing nature of life in the region. By approaching major shifts in politics, economy and law from the bottom up, a new story of early nineteenth-century globalization emerges, one that emphasizes regional integration and a multiplicity of intersecting networks. **The Life and Letters of Philip Quaque, the First African Anglican Missionary** Vincent Carretta, Ty M. Reese,2012-06-01 This is the first edition of the correspondence of Philip Quaque, a prolific writer of African descent whose letters provide a unique perspective on the effects of the slave trade and its abolition in Africa. Born around 1740 at Cape Coast in what is now Ghana, Quaque was brought to England by the Society for the Propagation of the Gospel. In 1765, he became the first African ordained as an Anglican priest. He returned to Africa and served for fifty years as the society's missionary and also as chaplain to the Company of Merchants Trading to Africa (CMTA) at Cape Coast Castle, the principal slave trading site of the

CMTA Quaque sent more than fifty letters to London and North America reporting on his successes and failures his relationships with European and African authorities and his observations on the effects of the American and French revolutions on Africa The regular references to his African mission in popular magazines made Quaque well known in the English speaking world Initially writing when the transatlantic slave trade went largely unquestioned Quaque in his later letters traces the period of abolitionist fervor leading up to the ban in 1808 Although his employers supported and facilitated slavery Quaque s letters reveal his evolving opposition to both slavery and the slave trade particularly in his correspondence with early abolitionists Quaque s life offers a fascinating perspective on transatlantic identity missionary activity precolonial European involvement in Africa the early abolition movement and Cape Coast society

Amistad's Orphans Benjamin Nicholas Lawrance, 2015-01-28 The lives of six African children ages nine to sixteen were forever altered by the revolt aboard the Cuban schooner La Amistad in 1839 Like their adult companions all were captured in Africa and illegally sold as slaves In this fascinating revisionist history Benjamin N Lawrance reconstructs six entwined stories and brings them to the forefront of the Amistad conflict Through eyewitness testimonies court records and the children s own letters Lawrance recounts how their lives were inextricably interwoven by the historic drama and casts new light on illegal nineteenth century transatlantic slave smuggling

I, Too, Am America Theresa A. Singleton, 1999 The moral mission archaeology set in motion by black activists in the 1960s and 1970s sought to tell the story of Americans particularly African Americans forgotten by the written record Today the archaeological study of African American life is no longer simply an effort to capture unrecorded aspects of black history or to exhume the heritage of a neglected community Archaeologists now recognize that one cannot fully comprehend the European colonial experience in the Americas without understanding its African counterpart This collection of essays reflects and extends the broad spectrum of scholarship arising from this expanded definition of African American archaeology treating such issues as the analysis and representation of cultural identity race gender and class cultural interaction and change relations of power and domination and the sociopolitics of archaeological practice I Too Am America expands African American archaeology into an inclusive historical vision and identifies promising areas for future study

Rugemer, 2018-11-12 Winner of the Jerry H Bentley Book Prize World History Association The success of the English colony of Barbados in the seventeenth century with its lucrative sugar plantations and enslaved African labor spawned the slave societies of Jamaica in the western Caribbean and South Carolina on the American mainland These became the most prosperous slave economies in the Anglo American Atlantic despite the rise of enlightened ideas of liberty and human dignity Slave Law and the Politics of Resistance in the Early Atlantic World reveals the political dynamic between slave resistance and slaveholders power that marked the evolution of these societies Edward Rugemer shows how this struggle led to the abolition of slavery through a law of British Parliament in one case and through violent civil war in the other In both Jamaica and South Carolina a draconian system of laws and enforcement allowed slave masters to maintain control over the people they enslaved despite resistance and recurrent slave revolts Brutal punishments patrols imprisonment and state sponsored slave catchers formed an almost impenetrable net of power Yet slave resistance persisted aided and abetted by rising abolitionist sentiment and activity in the Anglo American world In South Carolina slaveholders exploited newly formed levers of federal power to deflect calls for abolition and to expand slavery in the young republic In Jamaica by contrast whites fought a losing political battle against Caribbean rebels and British abolitionists who acted through Parliament Rugemer's comparative history spanning two hundred years of slave law and political resistance illuminates the evolution and ultimate collapse of slave societies in the Atlantic World
