The Young Against the Old L.L. Welborn, 2018-03-07 The so called First Epistle of Clement has long intrigued historians of early Christianity It responds to a crisis in the Corinthian church by enjoining an ethic of subordination especially to the presbyteroi and episkopoi but the exact nature of that conflict has eluded scholars L L Welborn sets out a clear methodology for reconstructing the historical situation behind the letter then examines the conventions of its deliberative rhetoric its blending of citations from the Old Testament and Paul's letters and its reliance on topoi from Greco Roman civic discourse He then presents a compelling argument for the letter's occasion First Clement assails a revolt among the youth against their elders invoking epithets and characterizations that were as Welborn demonstrates at length common in political discourse supporting the status quo At length Welborn proposes two possible scenarios for the precise nature of the revolt in Corinth a revolt possibly inspired by memories of the apostle Paul and details the replacement of a Pauline ethic with a strict code of subordination

Marriage and Family in the Biblical World Ken M. Campbell, 2003-10-06 Ken M Campbell presents the work of six scholars who map varying understandings of marriage and family in six cultural settings Victor H Matthews on the ancient Near East Daniel I Block on ancient Israel S M Baugh on Greek society Susan M Treggiari on Roman society David W Chapman on Second Temple Judaism and Andreas K stenberger on the New Testament era

The Oxford Handbook of Social Relations in the Roman World Michael Peachin, 2011 The study of Roman society and social relations blossomed in the 1970s By now we possess a very large literature on the individuals and groups that constituted the Roman community and the various ways in which members of that community interacted There simply is however no overview that takes into account the multifarious progress that has been made in the past thirty odd years The purpose of this handbook is twofold On the one hand it synthesizes what has heretofore been accomplished in this field On the other hand it attempts to configure the examination of Roman social relations in some new ways and thereby indicates directions in which the discipline might now proceed The book opens with a substantial general introduction that portrays the current state of the field indicates some avenues for further study and provides the background necessary for the following chapters It lays out what is now known about the historical development of Roman society and the essential structures of that community In a second introductory article Clifford Ando explains the chronological parameters of the handbook The main body of the book is divided into the following six sections 1 Mechanisms of Socialization primary education rhetorical education family law 2 Mechanisms of Communication and Interaction 3 Communal Contexts for Social Interaction 4 Modes of Interpersonal Relations friendship patronage hospitality dining

funerals benefactions honor 5 Societies Within the Roman Community collegia cults Judaism Christianity the army and 6 Marginalized Persons slaves women children prostitutes actors and gladiators bandits The result is a unique up to date and comprehensive survey of ancient Roman society *God as Father in Luke-Acts* Diane G. Chen,2006 God as Father in Luke Acts argues that Father is the central image for God in Luke Acts by tracing a line of continuity in the portrayal of God as Israel s merciful faithful and authoritative Father from the Old Testament to Luke Acts and its Second Temple Jewish milieu The fulfillment of the promises to Abraham David and Israel in Jesus is best understood as the fatherly actions of Israel s God Furthermore the striking similarities between God as Father and Augustus as Pater Patriae undermine the assertion of the Lukan view of the Roman Empire as highly polemical Mediterranean Families in Antiquity Sabine R. Huebner,Geoffrey Nathan,2016-08-17 This comprehensive study of families in the Mediterranean world spans the Bronze Age through Late Antiquity and looks at families and households in various ancient societies inhabiting the regions around the Mediterranean Sea in an attempt to break down artificial boundaries between academic disciplines The World of Pompeii Pedar Foss,John J. Dobbins,2009-06-02 This all embracing survey of Pompeii provides the most comprehensive survey of the region available With contributions by well known experts in the field this book studies not only Pompeii but also for the first time the buried surrounding cities of Campania The World of Pompeii includes the latest understanding of the region based on the up to date findings of recent archaeological work Accompanied by a CD with the most detailed map of Pompeii so far this book is instrumental in studying the city in the ancient world and is an excellent source book for students of this fascinating and tragic geographic region The Firstborn Son in Ancient Judaism and Early Christianity Kyu Seop Kim,2019-01-28 Despite scholars ongoing historical and sociological investigations into the ancient family the right and the status of the firstborn son have been rarely explored by NT scholars and this topic has not attracted the careful attention that it deserves This work offers a study of the meaning of the firstborn son in the New Testament paying specific attention to the concept of primogeniture in the Old Testament and Jewish literature This study argues that primogeniture was a unique institution in Jewish society and that the title of the firstborn son indicates his access to the promise of Israel and is associated with the right of the inheritance i e primogeniture including the Land and the special status of Israel **Mediterranean Timescapes** Ray Laurence,Francesco Trifilò,2023-04-27 This book built around the study of the representation of age and identity in 23 000 Latin funerary epitaphs from the Western Mediterranean in the Roman era sets out how the use of age in inscriptions and in turn time varied across this region Discrepancies between the use of time to represent identity in death allow readers to begin to understand the differences between the cultures of Roman Italy and contemporary societies in North Africa Spain and southern Gaul The analysis focuses on the timescapes of cemeteries a key urban phenomenon in relation to other markers of time including the Roman invention of the birthday the revering of the dead at the Parentalia and the topoi of life s stages In doing so the book contributes to our understanding of gender the city the family the role of the

military freed slaves and cultural changes during this period The concept of the timescape is seen to have varied geographically across the Mediterranean bringing into question claims of cultural unity for the Western Mediterranean as a region Mediterranean Timescapes is of interest to students and scholars of Roman history and archaeology particularly that of the Western Mediterranean and ancient social history *Social Control in Late Antiquity* Kate Cooper, Jamie Wood, 2020-10-01 *Social Control in Late Antiquity* The Violence of Small Worlds explores the small scale communities of late antiquity households monasteries and schools where power was a question of personal relationships When fathers husbands teachers abbots and slave owners asserted their own will they saw themselves as maintaining the social order and expected law and government to reinforce their rule Naturally the members of these communities had their own ideas and teaching them to obey their betters was not always a straightforward business Drawing on a wide variety of sources from across the late Roman Mediterranean from law codes and inscriptions to monastic rules and hagiography the book considers the sometimes conflicting identities of women slaves and children and documents how they found opportunities for agency and recognition within a system built on the unremitting assertion of the rights of the powerful **The Lives of Ancient Villages** Peter Thonemann, 2022-11-17 A ground breaking historical ethnography of kinship religion and village society in a remote rural backwater of the Roman world **Crisis and Ambition** Barbara Borg, 2013-10-03 Through a study of tombs and burial customs in Rome and its surroundings this volume demonstrates that the third century was an exciting period of experimentation and creativity and that ambition continued to be a driving force in all social classes who paved the way for the new system of late antiquity Children and Childhood in Classical Athens Mark Golden, 2015-06-30 A thoroughly revised and updated edition of Mark Golden s groundbreaking study of childhood in ancient Greece First published in 1990 *Children and Childhood in Classical Athens* was the first book in English to explore the lives of children in ancient Athens Drawing on literary artistic and archaeological sources as well as on comparative studies of family history Mark Golden offers a vivid portrait of the public and private lives of children from about 500 to 300 B C Golden discusses how the Athenians viewed children and childhood describes everyday activities of children at home and in the community and explores the differences in the social lives of boys and girls He details the complex bonds among children parents siblings and household slaves and he shows how a growing child s changing roles often led to conflict between the demands of family and the demands of community In this thoroughly revised edition Golden places particular emphasis on the problem of identifying change over time and the relationship of children to adults He also explores three dominant topics in the recent historiography of childhood the agency of children the archaeology of childhood and representations of children in art The book includes a completely new final chapter text and notes rewritten throughout to incorporate evidence and scholarship that has appeared over the past twenty five years and an index of ancient sources **In Bed with the Romans** Paul Chrystal, 2015-10-15 An entertaining and intriguing account of sex in Rome and the exploits of some of Rome s celebrated

exponents of sexual permissiveness and perversion

Restricted Generosity in the New Testament Timothy J.

Murray, 2019-02-22 La 4e de couverture indique In this monograph Timothy J Murray studies early Christian practices of financial generosity by examining when why and how they restricted their generosity He analyzes the New Testament in its social context arguing that common cultural ideals of mutual support in a family were adopted by the fictive family of the early church Christian Kinship David A. Torrance, 2022-09-22 Ideas of kinship play a significant role in structuring

everyday life and yet kinship has been neglected in Christian ethics moral philosophy and bioethics Attention has been paid in these disciplines to the ethics of family but with little regard to the evidence that kinship varies widely from culture to culture suggesting that it is in fact culturally constructed Surveying notions of shared substance e g blood ties house gender and personhood as theorised and practiced in the Christian tradition Torrance critiques the special privileging of the blood tie In the place of European and American cultural assumptions to the contrary it is kinship in Christ that is presented as the basis of a truly Christian account for social ties Torrance also aims to stimulate the moral imagination to consider Christian kinship might be lived out in miniature in everyday life **Biblical Leadership** Benjamin K. Forrest, Chet Roden, 2017-11-28

Biblical Leadership takes the best of evangelical scholarship to make the leadership lessons of Scripture tangible for today's readers All contributors are biblical scholars who not only think seriously about the texts covered in their individual chapters but have committed their lives to teaching and living the truths therein This volume walks through the sections of the Bible gleaned insights from each biblical writer Every chapter analyzes the original setting of the writing extrapolates the leadership principles in the text and provides advice on applying that theology of leadership Presented in everyday language understandable to both professionals and practitioners these lessons will equip current and upcoming leaders to make a Christlike impact **Hierarchy, Unity, and Imitation** Joseph A. Marchal, 2006 **Murder Was Not a Crime** Judy E.

Gaughan, 2010-01-01 Explore s with impressive scholarship cases of unlawful killing in the regnal period the early and mid republic and the post Sullan era UNRV com Embarking on a unique study of Roman criminal law Judy Gaughan has developed a novel understanding of the nature of social and political power dynamics in republican government Revealing the significant relationship between political power and attitudes toward homicide in the Roman republic Murder Was Not a Crime describes a legal system through which families rather than the government were given the power to mete out punishment for murder With implications that could modify the most fundamental beliefs about the Roman republic Gaughan's research maintains that Roman criminal law did not contain a specific enactment against murder although it had done so prior to the overthrow of the monarchy While kings felt an imperative to hold monopoly over the power to kill Gaughan argues the republic phase ushered in a form of decentralized government that did not see itself as vulnerable to challenge by an act of murder And the power possessed by individual families ensured that the government would not attain the responsibility for punishing homicidal violence Drawing on surviving Roman laws and literary sources Murder Was Not a

Crime also explores the dictator Sulla's murder law arguing that it lacked any government concept of murder and was instead simply a collection of earlier statutes repressing poisoning arson and the carrying of weapons Reinterpreting a spectrum of scenarios Gaughan makes new distinctions between the paternal head of household and his power over life and death versus the power of consuls and praetors to command and kill
