River Road A Story Of Abraham Lincoln:

River Road Meridel Le Sueur, 1964-05 A lyrical biography of Abraham Lincoln that displays his early struggles with justice and slavery on the Midwest frontier *The River Road* Meridel Le Sueur, 1977 **River Road** Meridel Le Sueur, 1998-03-01 First published in 1954 this evocative portrait of the young Abraham Lincoln has been re illustrated for this new edition The River Road follows 17 year old Abraham when in 1828 he takes a raft down the Ohio and Mississippi river road to New Orleans The book vividly describes the long and hazardous journey and shows readers Lincoln s response to the new world he discovers **Learning from the Left** Julia L. Mickenberg, 2006 Publisher Description *Unfading Light* Richard Fritzky, 2020-11-02 Rich Fritzky poses five questions to forty five individuals who have devoted much if not all of their lives to Abraham Lincoln The individuals reveal what led them to him in the first place the attribute or fixed mark that sealed their belonging to him the conversations that they would most have liked to have had with him the words of his that they were most moved by and the why and how of his maybe just maybe helping save the soul of the Republic yet again in our own time Among those interviewed were eleven celebrated Lincoln scholars and historians the leaders of the National Lincoln Forum the Abraham Lincoln Association Lincoln Groups and Civil War Roundtables from coast to coast two celebrated Lincoln artists an array of Lincoln impersonators including Gettysburg s own curators animators professors teachers presenters and more They so movingly responded inspiring and driving the author deep into Lincoln s universe and into much material that is not often considered especially as to racism and race his shadow boxing with God his faith and doubt his exquisite humanity and extraordinary ability to lead his nation of suffering and the torture it exacted upon him and his rich reverence for both all that America was and could be **What the Presidents Read** Elizabeth Goodenough, Marilynn Olson, 2024-12-19 A childhood book is much more than just a story for the presidents it may represent a turn in the course of history What the Presidents Read catalogs presidents early reading accompanied by commentary from eye witness reporters historians journalists curators biographers literary scholars U S presidents and White House families Together they offer non specialists brief surprising insights Readers will jump at the chance to compare their own favorite books as they learn how these publications resonated with national myths and leaders in the making Breaking Boundaries Sherrie A. Inness, Diana Royer, 1997 **American Literature in Transition, 1950-1960** Steven Belletto, 2017-12-28 American Literature in Transition 1950 1960 explores the under recognized complexity and variety of 1950s American literature by focalizing discussions through a series of keywords and formats that encourage readers to draw fresh connections among literary form and concepts institutions cultures and social phenomena important to the decade The first section draws attention to the relationship between literature and cultural phenomena that were new to the 1950s The second section demonstrates the range of subject positions important in the 1950s but still not visible in many accounts of the era The third section explores key literary schools or movements associated with the decade and explains how and why

they developed at this particular cultural moment The final section focuses on specific forms or genres that grew to special prominence during the 1950s Taken together the chapters in the four sections not only encourage us to rethink familiar texts and figures in new lights but they also propose new archives for future study of the decade **The Lion and the Unicorn**, 1997 A critical journal of children's literature **D.H. Lawrence and Nine Women Writers** Leo Hamalian, 1996 D H Lawrence and Nine Women Writers sheds fresh light on how a number of women writers of his time and our own reacted in their thinking and writing to D H Lawrence's unbridled individualism sensitive genius creative energy and his sometimes infuriating misogynistic resentments Critic and scholar Leo Hamalian explores the ways that the sensibilities of nine important women writers were both extensively and profoundly influenced by the English author's fiction poetry criticism and self-styled polyanalytic Hamalian's series of comparative readings is illuminating They demonstrate clearly that the hard questions of ideology subject matter and style which engaged Lawrence throughout his turbulent career continued to challenge a number of women writers who were grappling with these issues from another vantage point Through skeptical of some of Lawrence's theories these writers valued the dynamic aspects of Lawrence's creativity especially his emphasis on consciousness of wider meanings rather than character on symbol rather than narrative although he was a masterful storyteller They realized that his intensely conceived and evocatively concentrated scenes could be turned into a highly rewarding technique for suggesting the emotional conflicts and moral dilemmas of their own characters His primitivist philosophy struck them as healthy and his sensitivity as a kind of appealing vulnerability **BOOK JACKET Title Summary** field provided by Blackwell North America Inc All Rights Reserved **Exiles from a Future Time** Alan M. Wald, 2012-12-01 With this book Alan Wald launches a bold and passionate account of the U S Literary Left from the 1920s through the 1960s **Exiles from a Future Time** the first volume of a trilogy focuses on the forging of a Communist led literary tradition in the 1930s Exploring writers intimate lives and heartfelt political commitments Wald draws on original research in scores of archives and personal collections of papers correspondence and interviews with hundreds of writers and their friends and families and a treasure trove of unpublished memoirs fiction and poetry In fashioning a humanscape of the Literary Left Wald not only reassesses acclaimed authors but also returns to memory dozens of forgotten talented writers The authors range from the familiar Mike Gold Langston Hughes and Muriel Rukeyser to William Attaway John Malcolm Brinnin Stanley Burnshaw Joy Davidman Sol Funaroff Joseph Freeman Alfred Hayes Eugene Clay Holmes V J Jerome Ruth Lechlitner and Frances Winwar Focusing on the formation of the tradition and the organization of the Cultural Left Wald investigates the elective affinity of its avant garde poets the Afro cosmopolitanism of its Black radical literary movement and the uneasy negotiation between feminist concerns and class identity among its women writers **United states road atlas 2026** Jaxon Marais, 2025-07-07 Are you ready to see all 50 US states This easy to use road atlas guide is the best thing to take with you on your trip This book lists all 50 US states and their road maps to help you plan the best road trip across America This book tells you what
