Excerpt from *The River War* An Historical Account of the Reconquest of the Soudan The fact that this book has survived in an expensive form the excitements of the last three years emboldens me to set a smaller and cheaper edition before the public The original text has been reduced by nearly a third the Appendices have been curtailed the illustrations have been omitted and by these and some devices of the printer the story which had hitherto required two heavy volumes is now compressed

into one which is lighter to handle and little more than a quarter of the price to buy What has been jettisoned consists mainly of personal impressions and opinions often controversial in character which however just were not essential to the narrative or to a permanent record and which some indeed may think to have been not the most valuable part of the book What remains has been thoroughly revised in the light of better information and subsequent events the proofs have been diligently read by several authorities previously inaccessible About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The River War* Winston Churchill,2017-03-31

CHURCHILL,2018 **Military History of the United States (Early Exploration through American Civil War)** Rodger Woltjer, *The River War* Winston Churchill,2013-09-18 The north eastern quarter of the continent of Africa is drained and watered by the Nile Among and about the headstreams and tributaries of this mighty river lie the wide and fertile provinces of the Egyptian Soudan Situated in the very centre of the land these remote regions are on every side divided from the seas by five hundred miles of mountain swamp or desert The great river is their only means of growth their only channel of progress It is by the Nile alone that their commerce can reach the outer markets or European civilisation can penetrate the inner darkness The Soudan is joined to Egypt by the Nile as a diver is connected with the surface by his air pipe Without it there is only suffocation Aut Nilus aut nihil *The River War* Winston Churchill,1949 *The River War* Winston S.
