John Matthias Wilson, Thomas Fowler

Rivers Canals 2nd Edition Volume 2 Canals:

Canals in a Changing Britain Jules P. Gehrke, 2024-12-15 Canals in a Changing Britain Construction Culture and Environment 1760 1968 assesses canals as a major technological system re shaping Britons relationship with their landscape and environment for over 200 years It offers a sustained narrative addressing canal construction in the late eighteenth century living and working communities alongside canals in the nineteenth century canals relationship to concerns regarding de industrialization in the early twentieth century and canals as sites for the experience of nature and rural life in the postwar era between 1945 and 1968 This book makes use of a variety of archival and published material on canals and references academic publications on histories of technology and the environment as well as scholarship related specifically to canals It argues contemporary conversations regarding the current and future use of canals as multi faceted sites of recreation leisure heritage and experience of the natural environment in Britain must be seen in the context of an arc of historical experience between 1760 and 1968
