Rivers Of The West:

The River of the West Frances Fuller Victor, 1870 **Rivers of Empire** Donald Worster, 1992 The American West blessed with an abundance of earth and sky but cursed with a scarcity of life's most fundamental need has long dreamed of harnessing all its rivers to produce unlimited wealth and power In *Rivers of Empire* award winning historian Donald Worster tells the story of this dream and its outcome He shows how beginning in the mid nineteenth century Mormons were the first attempting to make that dream a reality damming and diverting rivers to irrigate their land He follows this intriguing history through the 1930s when the federal government built hundreds of dams on every major western river thereby laying the foundation for the cities and farms money and power of today's West Yet while these cities have become paradigms of modern American urban centers and the farms successful high tech enterprises Worster reminds us that the costs have been extremely high Along with the wealth has come massive ecological damage a redistribution of power to bureaucratic and economic elites and a class conflict still on the upswing As a result the future of this hydraulic West is increasingly uncertain as water continues to be a scarce resource inadequate to the demand and declining in quality **Rivers West** Louis

L'Amour, 2004-06-01 His dream was to build magnificent steamboats to ply the rivers of the American frontier But when Jean Talon began his journey westward he stumbled upon a deadly conspiracy involving a young woman's search to find her missing brother and a ruthless band of renegades Led by the brazen Baron Torville this makeshift army of opportunists is plotting a violent takeover of the Louisiana Territory Jean swears to find a way to stop this daring plan If he doesn't it will not only put an end to all his dreams it will change the course of history and destroy the promise of the American frontier
