

THE ROAD TO DISUNION

*Secessionists at Bay
1776-1854*

WILLIAM W. FREEHLING

Road To Disunion Secessionists At Bay

Timothy B. Smith

Road To Disunion Secessionists At Bay:

The Road to Disunion William W. Freehling, 1991-12-05 In the first volume of his long awaited monumental study of the South's road to disunion eminent historian William Freehling offers a sweeping political and social history of the antebellum South from 1776 to 1854 All the dramatic events leading to secession are here and Freehling vividly recounts each crisis illuminating the many complex issues and sketching colorful portraits of the major figures involved But for all Freehling's brilliant insight into American antebellum politics *Secessionists at Bay* is at bottom the saga of the rich social tapestry of the prewar South Freehling brings the Old South back to life in all its color cruelty and diversity It is a memorable portrait certain to be a key analysis of this crucial era in American history *The Road to Disunion* William W. Freehling, 2008-10 Here is history in the grand manner a powerful narrative peopled with dozens of memorable portraits telling this important story with skill and relish Freehling highlights all the key moments on the road to war including the violence in Bleeding Kansas Preston Brooks's beating of Charles Sumner in the Senate chambers the Dred Scott Decision John Brown's raid on Harper's Ferry and much more As Freehling shows the election of Abraham Lincoln sparked a political crisis but at first most Southerners took a cautious approach willing to wait and see what Lincoln would do especially whether he would take any antagonistic measures against the South But at this moment the extreme fringe in the South took charge first in South Carolina and Mississippi but then throughout the lower South sounding the drum roll for secession Indeed *The Road to Disunion* is the first book to fully document how this decided minority of Southern hotspurs took hold of the secessionist issue and aided by a series of fortuitous events drove the South out of the Union Freehling provides compelling profiles of the leaders of this movement many of them members of the South Carolina elite Throughout the narrative he evokes a world of fascinating characters and places as he captures the drama of one of America's most important and least understood stories The long awaited sequel to the award winning *Secessionists at Bay* which was hailed as the most important history of the Old South ever published this volume concludes a major contribution to our understanding of the Civil War A compelling vivid portrait of the final years of the antebellum South *The Road to Disunion* will stand as an important history of its subject This sure to be lasting work studded with pen portraits and consistently astute in its appraisal of the subtle cultural and geographic variations in the region adds crucial layers to scholarship on the origins of America's bloodiest conflict The Atlantic Monthly Splendid painstaking account and so a work of history reaches into the past to illuminate the present It is light we need and we owe Freehling a debt for shedding it Washington Post A masterful dramatic breathtakingly detailed narrative The Baltimore Sun ***The Road to Disunion: Secessionists at bay, 1776-1854*** William W. Freehling, 1990 Far from a monolithic block of diehard slave states the South in the eight decades before the Civil War was in William Freehling's words a world so lushly various as to be a storyteller's dream It was a world where Deep South cotton planters clashed with South Carolina rice growers where the egalitarian spirit sweeping the North

seeped down through border states already uncertain about slavery where even sections of the same state for instance coastal and mountain Virginia divided bitterly on key issues It was the world of Jefferson Davis John C Calhoun Andrew Jackson and Thomas Jefferson and also of Gullah Jack Nat Turner and Frederick Douglass Now in the first volume of his long awaited monumental study of the South s road to disunion historian William Freehling offers a sweeping political and social history of the antebellum South from 1776 to 1854 All the dramatic events leading to secession are here the Missouri Compromise the Nullification Controversy the Gag Rule the Pearl Harbor of the slavery controversy the Annexation of Texas the Compromise of 1850 and the Kansas Nebraska Act Freehling vividly recounts each crisis illuminating complex issues and sketching colorful portraits of major figures Along the way he reveals the surprising extent to which slavery influenced national politics before 1850 and he provides important reinterpretations of American republicanism Jeffersonian states rights Jacksonian democracy and the causes of the American Civil War But for all Freehling s brilliant insight into American antebellum politics *Secessionists at Bay* is at bottom the saga of the rich social tapestry of the pre war South He takes us to old Charleston Natchez and Nashville to the big house of a typical plantation and we feel anew the tensions between the slaveowner and his family the poor whites and the planters the established South and the newer South and especially between the slave and his master Cuffee and Massa Freehling brings the Old South back to life in all its color cruelty and diversity It is a memorable portrait certain to be a key analysis of this crucial era in American history *The Road to Disunion* William W. Freehling, 2008-10-01 Here is history in the grand manner a powerful narrative peopled with dozens of memorable portraits telling this important story with skill and relish Freehling highlights all the key moments on the road to war including the violence in Bleeding Kansas Preston Brooks s beating of Charles Sumner in the Senate chambers the Dred Scott Decision John Brown s raid on Harper s Ferry and much more As Freehling shows the election of Abraham Lincoln sparked a political crisis but at first most Southerners took a cautious approach willing to wait and see what Lincoln would do especially whether he would take any antagonistic measures against the South But at this moment the extreme fringe in the South took charge first in South Carolina and Mississippi but then throughout the lower South sounding the drum roll for secession Indeed *The Road to Disunion* is the first book to fully document how this decided minority of Southern hotspurs took hold of the secessionist issue and aided by a series of fortuitous events drove the South out of the Union Freehling provides compelling profiles of the leaders of this movement many of them members of the South Carolina elite Throughout the narrative he evokes a world of fascinating characters and places as he captures the drama of one of America s most important and least understood stories The long awaited sequel to the award winning *Secessionists at Bay* which was hailed as the most important history of the Old South ever published this volume concludes a major contribution to our understanding of the Civil War A compelling vivid portrait of the final years of the antebellum South *The Road to Disunion* will stand as an important history of its subject This sure to be lasting work studded with pen portraits and consistently

astute in its appraisal of the subtle cultural and geographic variations in the region adds crucial layers to scholarship on the origins of America's bloodiest conflict The Atlantic Monthly Splendid painstaking account and so a work of history reaches into the past to illuminate the present It is light we need and we owe Freehling a debt for shedding it Washington Post A masterful dramatic breathtakingly detailed narrative The Baltimore Sun The Old South's Modern Worlds L. Diane Barnes, Brian Schoen, Frank Towers, 2011-04-06 The Old South has traditionally been portrayed as an insular and backward looking society The Old South's Modern Worlds looks beyond this myth to identify some of the many ways that antebellum southerners were enmeshed in the modernizing trends of their time The essays gathered in this volume not only tell unexpected narratives of the Old South they also explore the compatibility of slavery the defining feature of antebellum southern life with cultural and material markers of modernity such as moral reform cities and industry Considered as proponents of American manifest destiny for example antebellum southern politicians look more like nationalists and less like separatists Though situated within distinct communities Southerners white black and red participated in and responded to movements global in scope and transformative in effect The turmoil that changes in Asian and European agriculture wrought among southern staple producers shows the interconnections between seemingly isolated southern farms and markets in distant lands Deprovincializing the antebellum South The Old South's Modern Worlds illuminates a diverse region both shaped by and contributing to the complex transformations of the nineteenth century world **Slavery's Borderland** Matthew Salafia, 2013-05-28 In 1787 the Northwest Ordinance made the Ohio River the dividing line between slavery and freedom in the West yet in 1861 when the Civil War tore the nation apart the region failed to split at this seam In Slavery's Borderland historian Matthew Salafia shows how the river was both a physical boundary and a unifying economic and cultural force that muddled the distinction between southern and northern forms of labor and politics Countering the tendency to emphasize differences between slave and free states Salafia argues that these systems of labor were not so much separated by a river as much as they evolved along a continuum shaped by life along a river In this borderland region where both free and enslaved residents regularly crossed the physical divide between Ohio Indiana and Kentucky slavery and free labor shared as many similarities as differences As the conflict between North and South intensified regional commonality transcended political differences Enslaved and free African Americans came to reject the legitimacy of the river border even as they were unable to escape its influence In contrast the majority of white residents on both sides remained firmly committed to maintaining the river border because they believed it best protected their freedom Thus when war broke out Kentucky did not secede with the Confederacy rather the river became the seam that held the region together By focusing on the Ohio River as an artery of commerce and movement Salafia draws the northern and southern banks of the river into the same narrative and sheds light on constructions of labor economy and race on the eve of the Civil War *The Mississippi Secession Convention* Timothy B. Smith, 2014-09-25 The Mississippi Secession Convention is the first full treatment of any

secession convention to date Studying the Mississippi convention of 1861 offers insight into how and why southern states seceded and the effects of such a breach Based largely on primary sources this book provides a unique insight into the broader secession movement There was more to the secession convention than the mere act of leaving the Union which was done only three days into the deliberations The rest of the three week January 1861 meeting as well as an additional week in March saw the delegates debate and pass a number of important ordinances that for a time governed the state As seen through the eyes of the delegates themselves with rich research into each member this book provides a compelling overview of the entire proceeding The effects of the convention gain the most analysis in this study including the political processes that after the momentous vote morphed into unlikely alliances Those on opposite ends of the secession question quickly formed new political allegiances in a predominantly Confederate minded convention These new political factions formed largely over the issues of central versus local authority which quickly played into Confederate versus state issues during the Civil War In addition author Timothy B Smith considers the lasting consequences of defeat looking into the effect secession and war had on the delegates themselves and by extension their state Mississippi

A Failed Vision of Empire Daniel J. Burge, 2022 Since the early twentieth century historians have traditionally defined manifest destiny as the belief that the United States was destined to expand from coast to coast This generation of historians has posed manifest destiny as a unifying ideology of the nineteenth century one that was popular and pervasive and ultimately fulfilled in the late 1840s when the United States acquired the Pacific Coast However the story of manifest destiny was never quite that simple In *A Failed Vision of Empire* Daniel J Burge examines the belief in manifest destiny over the nineteenth century by analyzing contested moments in the continental expansion of the United States arguing that the ideology was ultimately unsuccessful By examining speeches plays letters diaries newspapers and other sources Burge reveals how Americans debated the wisdom of expansion challenged expansionists and disagreed over what the boundaries of the United States should look like *A Failed Vision of Empire* is the first work to capture the messy complicated and yet far more compelling story of manifest destiny's failure debunking in the process one of the most pervasive myths of modern American history

West of Slavery Kevin Waite, 2021-04-01 When American slaveholders looked west in the mid nineteenth century they saw an empire unfolding before them They pursued that vision through diplomacy migration and armed conquest By the late 1850s slaveholders and their allies had transformed the southwestern quarter of the nation California New Mexico Arizona and parts of Utah into a political client of the plantation states Across this vast swath of the map white southerners defended the institution of African American chattel slavery as well as systems of Native American bondage This surprising history uncovers the Old South in unexpected places far beyond the region's cotton fields and sugar plantations Slaveholders' western ambitions culminated in a coast to coast crisis of the Union By 1861 the rebellion in the South inspired a series of separatist movements in the Far West Even after the collapse of the Confederacy the threads connecting South and West held undermining the radical

promise of Reconstruction Kevin Waite brings to light what contemporaries recognized but historians have described only in part The struggle over slavery played out on a transcontinental stage The Supremacy Clause Christophe R. Drahozal,2004-06-30 This book combines a detailed examination of the history of the Supremacy Clause with a comprehensive consideration of all aspects of Supremacy Clause Doctrine It explores how the Supremacy Clause makes federal law the supreme Law of the Land so that federal law overrides conflicting state law This work also looks at how the Supreme Court frequently requires not supremacy but equality when applying the Supremacy Clause by invalidating state laws that discriminate against the federal government This volume gives a detailed history of the Supremacy Clause by tracing the origins of federal supremacy from colonial days It gives particular attention to the evolution of the Supremacy Clause in the Constitutional Convention and discussions of the Clause during the ratification debates Foundational decisions of the Supreme Court interpreting the Clause are discussed as well as the role of the Clause during critical confrontations between states and federal government This work also considers in detail the doctrinal role of the Supremacy Clause today by discussing contemporary topics and recent controversies surrounding them The Origins of the American Civil War Brian Holden Reid,2014-09-25 The American Civil War 1861-65 was the bloodiest war of the nineteenth century and its impact continues to be felt today It and its origins have been studied more intensively than any other period in American history yet it remains profoundly controversial Brian Holden Reid's formidable volume is a major contribution to this ongoing historical debate Based on a wealth of primary research it examines every aspect of the origins of the conflict and addresses key questions such as was it an avoidable tragedy or a necessary catharsis for a divided nation How far was slavery the central issue Why should the conflict have erupted into violence and why did it not escalate into world war *American Lion* Jon Meacham,2008-11-11 The definitive biography of a larger than life president who defied norms divided a nation and changed Washington forever Andrew Jackson his intimate circle of friends and his tumultuous times are at the heart of this remarkable book about the man who rose from nothing to create the modern presidency Beloved and hated venerated and reviled Andrew Jackson was an orphan who fought his way to the pinnacle of power bending the nation to his will in the cause of democracy Jackson's election in 1828 ushered in a new and lasting era in which the people not distant elites were the guiding force in American politics Democracy made its stand in the Jackson years and he gave voice to the hopes and the fears of a restless changing nation facing challenging times at home and threats abroad To tell the saga of Jackson's presidency acclaimed author Jon Meacham goes inside the Jackson White House Drawing on newly discovered family letters and papers he details the human drama the family the women and the inner circle of advisers that shaped Jackson's private world through years of storm and victory One of our most significant yet dimly recalled presidents Jackson was a battle-hardened warrior the founder of the Democratic Party and the architect of the presidency as we know it His story is one of violence sex courage and tragedy With his powerful persona his evident bravery and his mystical connection to the people

Jackson moved the White House from the periphery of government to the center of national action articulating a vision of change that challenged entrenched interests to heed the popular will or face his formidable wrath The greatest of the presidents who have followed Jackson in the White House from Lincoln to Theodore Roosevelt to FDR to Truman have found inspiration in his example and virtue in his vision Jackson was the most contradictory of men The architect of the removal of Indians from their native lands he was warmly sentimental and risked everything to give more power to ordinary citizens He was in short a lot like his country alternately kind and vicious brilliant and blind and a man who fought a lifelong war to keep the republic safe no matter what it took

The Myth of the Lost Cause Edward H. Bonekemper, 2015-10-05 History isn't always written by the winners Twenty first century controversies over Confederate monuments attest to the enduring significance of our nineteenth century Civil War As Lincoln knew the meaning of America itself depends on how we understand that fratricidal struggle As soon as the Army of Northern Virginia laid down its arms at Appomattox a group of Confederate officers took up their pens to refight the war for the history books They composed a new narrative the Myth of the Lost Cause seeking to ennoble the sacrifice and defeat of the South which popular historians in the twentieth century would perpetuate Unfortunately that myth would distort the historical imagination of Americans north and south for 150 years In this balanced and compelling correction of the historical record Edward Bonekemper helps us understand the Myth of the Lost Cause and its effect on the social and political controversies that are still important to all Americans

A Press Divided David B. Sachsman, 2017-09-08 A Press Divided provides new insights regarding the sharp political divisions that existed among the newspapers of the Civil War era These newspapers were divided between North and South and also divided within the North and South These divisions reflected and exacerbated the conflicts in political thought that caused the Civil War and the political and ideological battles within the Union and the Confederacy about how to pursue the war In the North dissenting voices alarmed the Lincoln administration to such a degree that draconian measures were taken to suppress dissenting newspapers and editors while in the South the Confederate government held to its fundamental belief in freedom of speech and was more tolerant of political attacks in the press This volume consists of eighteen chapters on subjects including newspaper coverage of the rise of Lincoln press reports on George Armstrong Custer Confederate women war correspondents Civil War photojournalists newspaper coverage of the Emancipation Proclamation and the suppression of the dissident press This book tells the story of a divided press before and during the Civil War discussing the roles played by newspapers in splitting the nation newspaper coverage of the war and the responses by the Union and Confederate administrations to press criticism

Unto a Good Land David Edwin Harrell, Edwin S. Gaustad, John B. Boles, Sally Foreman Griffith, 2005-08-25 Unto a Good Land offers a distinctive narrative history of the American people from the first contacts between Europeans and North America's native inhabitants through the creation of a modern nation to the standing of the United States as a world power Written by a team of distinguished historians led by David Edwin Harrell Jr and Edwin S

Gaustad this textbook shows how grasping the uniqueness of the American experiment depends on understanding the role of religion as well as social cultural political and economic factors in shaping U S history A common shortcoming of most United States history textbooks is that while in recent decades they have expanded their coverage of social and cultural history they still tend to shortchange the role of religious ideas practices and movements in the American past Unto a Good Land addresses this shortcoming in a balanced way The authors recognize that religion is only one of many factors that have influenced our past one however that has often been neglected in textbook accounts This volume gives religion its appropriate place in the story Publisher Who Abolished Slavery? Seymour Drescher, Pieter C. Emmer, João Pedro Marques, 2021-01-11 The past half century has produced a mass of information regarding slave resistance ranging from individual acts of disobedience to massive uprisings Many of these acts of rebellion have been studied extensively yet the ultimate goals of the insurgents remain open for discussion Recently several historians have suggested that slaves achieved their own freedom by resisting slavery which counters the predominant argument that abolitionist pressure groups parliamentarians and the governmental and anti governmental armies of the various slaveholding empires were the prime movers behind emancipation Marques one of the leading historians of slavery and abolition argues that in most cases it is impossible to establish a direct relation between slaves uprisings and the emancipation laws that would be approved in the western countries Following this presentation his arguments are taken up by a dozen of the most outstanding historians in this field In a concluding chapter Marques responds briefly to their comments and evaluates the degree to which they challenge or enhance his view *The Missouri Compromise and Its Aftermath* Robert Pierce Forbes, 2009-01-05 Robert Pierce Forbes goes behind the scenes of the crucial Missouri Compromise the most important sectional crisis before the Civil War to reveal the high level deal making diplomacy and deception that defused the crisis including the central unexpected role of President James Monroe Although Missouri was allowed to join the union with slavery the compromise in fact closed off nearly all remaining federal territories to slavery When Congressman James Tallmadge of New York proposed barring slavery from the new state of Missouri he sparked the most candid discussion of slavery ever held in Congress The southern response quenched the surge of nationalism and confidence following the War of 1812 and inaugurated a new politics of racism and reaction The South s rigidity on slavery made it an alluring electoral target for master political strategist Martin Van Buren who emerged as the key architect of a new Democratic Party explicitly designed to mobilize southern unity and neutralize antislavery sentiment Forbes s analysis reveals a surprising national consensus against slavery a generation before the Civil War which was fractured by the controversy over Missouri **The History Essays** Joseph Cook, 2014-03-27 A collection of history research papers written by the author during his graduate coursework Most of the articles relate to the American Civil War The final paper included was honored by an academic conference as the top paper presented it deals with the death of U S Army General Edward R S Canby All in all this collection is a valuable resource for students of American

history All material is copyrighted by the author *The Limits of Loyalty* Jarret Ruminski, 2017-09-15 Jarret Ruminski examines ordinary lives in Confederate controlled Mississippi to show how military occupation and the ravages of war tested the meaning of loyalty during America's greatest rift The extent of southern loyalty to the Confederate States of America has remained a subject of historical contention that has resulted in two conflicting conclusions one southern patriotism was either strong enough to carry the Confederacy to the brink of victory or two it was so weak that the Confederacy was doomed to crumble from internal discord Mississippi the home state of Confederate President Jefferson Davis should have been a hotbed of Confederate patriotism The reality was much more complicated Ruminski breaks the weak strong loyalty impasse by looking at how people from different backgrounds women and men white and black enslaved and free rich and poor negotiated the shifting contours of loyalty in a state where Union occupation turned everyday activities into potential tests of patriotism While the Confederate government demanded total national loyalty from its citizenry this study focuses on wartime activities such as swearing the Union oath illegally trading with the Union army and deserting from the Confederate army to show how Mississippians acted on multiple loyalties to self family and nation Ruminski also probes the relationship between race and loyalty to indicate how an internal war between slaves and slaveholders defined Mississippi's social development well into the twentieth century **De Bow's Review** John F. Kvach, 2013-12-03 A study of the nineteenth century magazine from the American South its editor and influence on the region In the decades preceding the Civil War the South struggled against widespread negative characterizations of its economy and society as it worked to match the North's infrastructure and level of development Recognizing the need for regional reform James Dunwoody Brownson J D B De Bow began to publish a monthly journal De Bow's Review to guide Southerners toward a stronger more diversified future His periodical soon became a primary reference for planters and entrepreneurs in the Old South promoting urban development and industrialization and advocating investment in schools libraries and other cultural resources Later however De Bow began to use his journal to manipulate his readers political views Through inflammatory articles he defended proslavery ideology encouraged Southern nationalism and promoted anti Union sentiment eventually becoming one of the South's most notorious fire eaters In De Bow's Review The Antebellum Vision of a New South author John Kvach explores how the editor's antebellum economic and social policies influenced Southern readers and created the framework for a postwar New South movement By recreating subscription lists and examining the lives and livelihoods of 1 500 Review readers Kvach demonstrates how De Bow's Review influenced a generation and a half of Southerners This approach allows modern readers to understand the historical context of De Bow's editorial legacy Ultimately De Bow and his antebellum subscribers altered the future of their region by creating the vision of a New South long before the Civil War Kvach fills a surprising gap in the history of the nineteenth century South with this elegantly written biography of the enigmatic J D B De Bow The work represents an important contribution to a growing historiography exploring the presence of a middle class commercial

culture in the pre Civil War South and challenging long held views of a static socioeconomic world of planters and plain folk
Bruce W Eelman author of *Entrepreneurs in the Southern Upcountry Commercial Culture in Spartanburg South Carolina 1845 1880* An insightful original deeply researched work of scholarship Examining not only the career of journalist J D B De Bow but also the readers who responded enthusiastically to his call for economic diversification John F Kvach helps us see the nineteenth century South in a new way undistorted by the stark artificial line so many historians have drawn to separate the so called Old South from the New Stephen V Ash author of *A Massacre in Memphis The Race Riot That Shook the Nation One Year after the Civil War* DeBow was the antebellum South s most prominent advocate of economic modernization and industrialization and one of its most vitriolic secessionists John Kvach explores this seeming paradox and gives us as well a careful description of DeBow s subscribers and followers J Mills Thornton University of Michigan

The Top Books of the Year Road To Disunion Secessionists At Bay The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
