The Vestry Book of St. Paul's Parish, Hanover County, Virginia, 1706-1786 Churchill Gibson Chamberlayne, 2009-06 More than a half century ago C G Chamberlayne under the sponsorship of the Virginia State Library transcribed edited and indexed a number of original Virginia parish vestry books four of which are reprinted here While the dates of coverage and lengths of the volumes vary they are nonetheless similar in terms of scope and content Each volume contains the oldest known records pertaining to that parish in most cases beginning only a few years following the parish s date of formation Mr Chamberlayne begins each vestry book with an Introduction that pieces together the formation of the parish and important milestones in its history from published and original sources Facsimilies of pages from the original vestry books maps and photographs help to put each volume into greater context moreover Appended to the vestry books are brief lists of the various parish ministers with an indication of their earliest date of service as found in the records The transcriptions themselves ranging from about 250 to more than 600 pages of text relate to the following issues growing out of the business affairs of colonial parish vestries namely payments to persons for

services rendered to the parish oaths and lists of oath takers news of the arrival of ministers the appointment of church wardens issues related to indentured servants lists of tithables payment of salaries and other obligations the formation of parish precincts with the names of the families apportioned therein the warding of children and so on In each case these four scarce collections of colonial church records establish the existence of thousands of Virginia inhabitants each of whom is easily found in the index or indexes at the back of the book
