

Robert Jacob Gordon 17431795

L. C. Rookmaaker

Robert Jacob Gordon 1743-1795:

Robert Jacob Gordon, 1743-1795 Patrick Cullinan, Robert Jacob Gordon, 1992 The Last Voyage of the Guardian, Lieutenant Riou, Commander, 1789-1791 Edward Riou, 1990 Assegais, Drums & Dragoons Willem Steenkamp, 2012-03-22

What motivated a small multiracial force of Cape born soldiers whites coloureds and Malays to put up such stiff resistance at the Battle of Blaauwberg in 1806 in spite of odds so overwhelming that even some long serving professional soldiers broke rank and ran This was the intriguing question that launched author Willem Steenkamp's research It was an investigation which eventually took him back to 150 years before Jan van Riebeeck landed at the Cape in 1652 and involved examining the social as well as the military history of the Cape What Steenkamp discovered differs from what most South Africans think about that period and he corrects a number of serious misconceptions not only about the soldiers of 1510 1806 but about the social and political development of the Cape For students of the Napoleonic Wars the book provides new information about a forgotten aspect of that conflict for the ordinary reader here is a story no one has ever told before in its entirety Assegais Drums and Dragoons A Military and Social History of the Cape is a well researched and fascinating account that now illuminates a previously lightless corner of South African military history Descended from a 1690s era soldier Willem Steenkamp is a writer journalist and specialist tour guide who has also been a soldier a security advisor and a director of military tattoos and other spectacles among several other things Since childhood he has been absorbing the Cape's history from family stories one of his ancestors was a hero of the Battle of Blaauwberg and voluminous reading And yes he actually has fired flintlock muskets and muzzle loading cannon Willem lives in Cape Town **Dictionary Of British And Irish Botanists And Horticulturalists Including plant collectors, flower painters and garden designers** Ray

Desmond, 2020-12-23 Over the past four centuries botanists and gardeners in the British Isles have gathered maintained and propagated many varying species of plants Their work has been documented in innumerable books and articles which are often difficult to trace The Dictionary of British and Irish Botanists and Horticulturalists represents a time saving reference source for those who wish to discover more about the lives and achievements of the horticulturalists listed The dictionary's utility comes not only from indicating the major publications of the named authors but also the location of their herbaria and manuscripts The previous 1977 edition of the Dictionary has for many years been a much used source of information for botanists botanic artists and archivists In this revised edition the scope has been expanded to include among its 13 000 entries flower painters in addition to botanical artists over 1400 entries and for the first time garden designers Finally the Dictionary should have international appeal since so many botanists and gardeners worked on collective plants overseas in particular in North America and the British Commonwealth Each entry gives wherever possible details of dates and places of birth and death educational qualifications professional posts honours and awards publications location of plant collections manuscripts drawings and portraits Its main function however is to provide further biographical references to books and

periodicals Comprehensive classified indices facilitate access by professions and activities countries and plant interests

Bibliography of Natural History Travel Narratives Anne S. Troelstra, 2017-06-01 Anne Troelstra's fine bibliography is an outstanding and ground breaking work. He has provided the academic world with a long needed bibliographical record of human endeavour in the field of the natural sciences. The travel narratives listed here encompass all aspects of the natural world in every part of the globe but are especially concerned with its fauna flora and fossil remains. Such eyewitness accounts have always fascinated their readers but they were never written solely for entertainment fragmentary though they often are these narratives of travel and exploration are of immense importance for our scientific understanding of life on earth providing us with a window on an ever changing and often vanishing natural world. Without such records of the past we could not track document or understand the significance of changes that are so important for the study of zoogeography. With this book Troelstra gives us a superb overview of natural history travel narratives. The well over four thousand detailed entries ranging over four centuries and all major western European languages are drawn from a wide range of sources and include both printed books and periodical contributions. While no subject bibliography by a single author can attain absolute completeness Troelstra's work is comprehensive to a truly remarkable degree. The entries are arranged alphabetically by author and chronologically by the year of first publication under the author's name. A brief biography with the scope and range of their work is given for each author every title is set in context the contents including illustrations are described and all known editions and translations are cited. In addition there is a geographical index that cross refers between authors and the regions visited and a full list of the bibliographical and biographical sources used in compiling the bibliography. *The Zoological Exploration of Southern Africa 1650-1790* L. C. Rookmaaker, 1989-06-01 The 18th century witnessed a new interest in African animals. Research was undertaken at the Cape of Good Hope by explorers whose books manuscripts and drawings concerning mammals and birds are listed and discussed within this text. This text gives details on four collections of 300 mammal and bird drawings connected with Levaillant's research. Many examples are illustrated. The zoological contents of the material left by these seven explorers are analyzed for all mammals and birds emphasizing the history taxonomy nomenclature and zoogeography. **Representing Africa** John McAleer, 2017-03-01 Southern Africa played a varied but vital role in Britain's maritime and imperial stories it was one of the most intricate pieces in the British imperial strategic jigsaw and representations of southern African landscape and maritime spaces reflect its multifaceted position. Representing Africa examines the ways in which British travellers explorers and artists viewed southern Africa in a period of evolving and expanding British interest in the region. Drawing on a wide range of archival sources contemporary travelogues and visual images many of which have not previously been published in this context this book posits landscape as a useful prism through which to view changing British attitudes towards Africa. Richly illustrated this book will be essential reading for scholars and students interested in British African imperial and exploration history art history and landscape and

environment studies *Images and Empires* Paul S. Landau, Deborah D. Kaspin, 2002-10-28 This volume considers the meaning and power of images in African history and culture It assembles a wide ranging collection of essays dealing with specific visual forms including monuments cinema cartoons domestic and professional photography body art world fairs and museum exhibits **Dictionary of Southern African Place Names** Peter E Raper, Lucie A Moller, Theodorus L du Plessis, 2014-12-08 The Dictionary of Southern African Place Names now in its 4th edition helps you sort your Komkhulu from your Kommetjie with the most comprehensive glossary of Southern African towns villages railway stations mountains rivers and beaches The 9 000 short entries incorporate data from sources dating as far back as 1486 encapsulating the linguistic and cultural heritage of all the peoples of the subcontinent past and present In this highly readable book the expert authors take you on a fascinating journey of the highways and byways of Southern Africa Whether you are a motorist an adventurer or merely an armchair traveller this book has a multitude of facts and details that will fascinate you This is much more than a reference book it gives an insight into what shapes a place and its people through our heroes events beliefs values fears and aspirations *The Scientific Imagination in South Africa* William Beinart, Saul Dubow, 2021-05-20 An innovative three hundred year exploration of the social and political contexts of science and the scientific imagination in South Africa

Walking as Embodied Research Christian Ernten, Nick Shepherd, 2024-09-30 In recent years walking has emerged as a methodological tool and as a conceptually exciting point of departure across a range of disciplines and practices This volume explores walking as a form of embodied research practice that offers fresh perspectives on key contemporary debates and areas of interest These include the climate emergency and the debate around the Anthropocene decolonial thinking and the struggle for social justice feminist and queer walking methodologies and the notion of the infraordinary and practices of everyday life Contributions to this volume are by scholars artists and practitioners drawn from a wide range of disciplines and fields and from across the Global South and North An overarching theme of the volume is the manner in which the act of walking brings the body into presence as a material part of the research process and the forms of attentiveness that this encourages Another theme is the intimate connection between the act of walking and the act of writing As familiar landscapes change under the weight of Anthropogenic environmental change walking becomes an act of witnessing and a spur to action Rather than being a singular activity walking itself is understood as a socially economically and politically constructed and contested act This volume will serve as a source of inspiration to readers from across the arts humanities and social sciences who are interested in walking methodologies and in new and sustainable research practices **Plant Names Simplified 3rd Edition: Their Pronunciation, Derivation and Meaning** Adrian Stockdale, 2019-03-04 First published in 1931 by renowned horticulturalist Arthur Johnson Plant Names Simplified has become an established classic Presented in a glossary format this pocket sized reference book gives the name pronunciation and classification of common plants and the meaning behind the Latin origins of the name This enables the reader to learn how the terms should be

spelled and pronounced correctly and provides an explanation of why plants like *Helianthus hirsutus* is so called because it is hairy Plant Names Simplified 3rd Edition is a reliable resource for gardeners of all abilities park managers botanists ecologists garden designers and horticultural practitioners and students 5m Books

How Giraffes Work Graham Mitchell, 2021 This is a comprehensive overview of wild and free living giraffes Graham Mitchell combines nearly every piece of published research about this species into the pages of this book making it an incredibly useful book for researchers scientists and naturalists studying a single species

The Historical Karoo Chris Schoeman, 2013-09-30 To many people especially those driving along the N1 national road at high speeds the Karoo represents nothing more than a monotonous hot and arid landscape to be passed through as quickly as possible But in this vast open region history is everywhere if visitors would only look for it And that is exactly the purpose of this book to point out all the many places buildings objects and associated personalities of historical interest in the Karoo The Karoo has been the world of travellers writers statesmen and scientists figures as diverse as Olive Schreiner Rudyard Kipling Winston Churchill and Dr Chris Barnard It has also been the scene of serious conflict of which the many old British blockhouses forts grave sites and memorials dating from the Anglo Boer War are vivid reminders and it still boasts old examples of vernacular and industrial architecture and engineering in the form of corbelled houses water mills and bridges The Historical Karoo is ordered according to three main routes that people drive through the area It provides short histories of the towns along the way and points out the sites buildings and other aspects of interest that can be found there Enlivened by historical and current photographs and informative side panels this book is a collector's item

Wild Karoo Mitch Reardon, 2018-06-01 After centuries of relative isolation the Karoo South Africa's parched heartland is a latecomer to the tourist industry What was once viewed as a harsh and desolate place of limited attraction is rapidly gaining popularity with visitors who now make the Karoo their destination keen to partake of its legendary charm its extraordinary flora and the resurgence of wildlife that once again populates its plains Wild Karoo documents Mitch Reardon's 4 000 kilometre journey of discovery through the region The book focuses on local nature conservation in all its facets the game large and small some recently reintroduced plus birds reptiles and invertebrates the unique arid adapted flora the landscape and geology the history and lifestyle of the people who have made a home here plans to combine public and private protected land to create wildlife corridors between isolated parks re-establishing old migration routes and so reversing some of the effects of human settlement Beautifully written and illustrated with evocative photographs this book is a must read for anyone interested in travel wildlife and the environment

Outlaws, Anxiety, and Disorder in Southern Africa Rachel King, 2019-06-18 This book explores how objects landscapes and architecture were at the heart of how people imagined outlaws and disorder in colonial southern Africa Drawing on evidence from several disciplines it chronicles how cattle raiders were created pursued and controlled and how modern scholarship strives to reconstruct pasts of disruption and deviance Through a series of vignettes Rachel King uses excavated material rock art

archival texts and object collections to explore different facets of how disorderly figures were shaped through impressions of places and material culture as much as actual transgression Addressing themes from mobility to wilderness historiography to violence resistance to development King details the world that raiders made over the last two centuries in southern Africa while also critiquing scholars tools for describing this world Offering inter disciplinary perspectives on the past in Africa s southernmost mountains this book grapples with concepts relevant to those interested in rule breakers and rule makers both in Africa and the wider world *Popular Politics in the History of South Africa, 1400–1948* Paul S. Landau, 2010-09-20

Popular Politics in the History of South Africa 1400 1948 offers an inclusive vision of South Africa s past Drawing largely from original sources Paul Landau presents a history of the politics of the country s people from the time of their early settlements in the elevated heartlands through the colonial era to the dawn of Apartheid A practical tradition of mobilization alliance and amalgamation persisted mutated and occasionally vanished from view it survived against the odds in several forms in tribalisms Christian assemblies and other seemingly hybrid movements and it continues today Landau treats southern Africa broadly concentrating increasingly on the southern Highveld and ultimately focusing on a transnational movement called the Samuelites He shows how people s politics in South Africa were suppressed and transformed but never entirely eliminated *Historical Dictionary of the British Empire* Kenneth J. Panton, 2015-05-07

For much of the nineteenth and early twentieth centuries Britain was the dominant world power its strength based in large part on its command of an Empire that in the years immediately after World War I encompassed almost one quarter of the earth s land surface and one fifth of its population Writers boasted that the sun never set on British possessions which provided raw materials that processed in British factories could be re exported as manufactured products to expanding colonial markets The commercial and political might was not based on any grand strategic plan of territorial acquisition however The Empire grew piecemeal shaped by the diplomatic economic and military circumstances of the times and its speedy dismemberment in the mid twentieth century was similarly a reaction to the realities of geopolitics in post World War II conditions Today the Empire has gone but it has left a legacy that remains of great significance in the modern world The Historical Dictionary of the British Empire covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Britain *Garden Plants Taxonomy* Bijan Dehgan, 2023-04-05

Horticulture has remained far behind in understanding of botanical principles Recent phylogenetic DNA based reorganization of higher plants has revolutionized taxonomic treatments of all biological entities even when morphology does not completely agree with their organization This book is an example of applying principals of botanical phylogenetic taxonomy to assemble genera species and cultivars of 200 vascular plant families of ferns gymnosperms and angiosperms that are cultivated for enhancement of human living space homes gardens

and parks The emphases are on cultivated species but examples of some plants are often shown in the wild and in landscapes In providing descriptions it is assumed that students and other interested individuals have no background in general botany plant characteristics or nomenclature Fundamental features of all plant groups discussed are fully illustrated by original watercolor drawings or photographs Discussion of the families is grounded on recent botanical phylogenetic treatments which is based on common ancestry monophyly Of course phylogenetic taxonomy is not a new concept and was originally based on morphological characteristics it is the DNA based phylogeny that has revolutionized modern biological classifications In practical terms this book represents the horticultural treatment that corresponds to phylogenetic based botanical taxonomy to which is added cultigens and cultivated genera and species Hence the harmony between horticultural and botanical taxonomy This book covers phylogenetic based taxonomy of Angiosperms Eudicots A companion volume covers Ferns Gymnosperms and Angiosperms Monocots

African Thresholds: Borders and Places of Passage in Africa, c.1450 to Present, 2025-06-19 The Open Access publication of this book has been made possible by the Swiss National Science Foundation What is a border and why does it exist Reappraising a key idea from Arnold van Gennep's *Les rites de passage* this book argues that a border is a threshold a limen made to be crossed African Thresholds studies places of passage spanning from the riverine networks of Senegambia to border making in colonial Gold Coast and Côte d'Ivoire from the desert roads of central southern Africa to river heartlands in colonial Togo from flows of cowrie shells across the Volta River to insurgent borderities in the Lake Chad In a time when state borders are increasingly shut this book aims to show us that a border is made by those who cross it as much as by those who stand by it Contributors are Ettore Morelli Fernando Mouta Pierluigi Valsecchi Mar a Jos Pont Ch fer Giulia Casentini and Aim Raoul Sumo Tayo

As recognized, adventure as competently as experience nearly lesson, amusement, as without difficulty as promise can be gotten by just checking out a ebook **Robert Jacob Gordon 17431795** as well as it is not directly done, you could acknowledge even more on the subject of this life, almost the world.

We provide you this proper as capably as simple pretension to acquire those all. We meet the expense of Robert Jacob Gordon 17431795 and numerous books collections from fictions to scientific research in any way. accompanied by them is this Robert Jacob Gordon 17431795 that can be your partner.
