The Lost Decade Chris Horn,2023-10-19 Provides an analysis of Hollywood from a fresh viewpoint that shows the careers of Robert Altman Francis Coppola William Friedkin and others in the 1980s as far from conforming to a monolithic pattern of decline but rather as diverse and complex responses to political and industrial changes The 1980s are routinely seen as the era of the blockbuster and of Reaganite entertainment whereas the dominant view of late 1960s and early 1970s American film history is that of a Hollywood Renaissance a relatively brief window of artistry based around a select group of directors Yet key directors associated with the Renaissance period remained active throughout the 1980s and their work has been obscured or dismissed by a narrow singular model of American film history This book deals with industrial contexts that conditioned these directors ability to work creatively but it is also very much about the analysis of individual films bringing to light a range of unheralded work from the visual experimentation of One from the Heart Coppola 1981 to the experimental production contexts of Secret Honor Altman 1984 and the stylistic lan of To Live and Die in L A Friedkin 1985 Behind the homogenous picture of the decline of the auteur in 1980s American cinema are films and careers that merit greater attention and this book offers a new way to perceive individual films American film history and the viability of sustained authorial creativity within post studio era Hollywood **Robert Altman** Patrick McGilligan,1989-07-15 The most prodigal prolific and visionary director to emerge from post sixties Hollywood Robert Altman is a man whose mystique sometimes threatens to overshadow his many critically acclaimed films including MASH Robert Altman Frank Caso,2015-10-15 Known as an iconoclast and maverick film director Robert Altman has consistently pushed against the boundaries of genre From refashioning film noir in The Long Goodbye the western in McCabe Mrs Miller the psychological drama in Images science fiction in Quintet and the romantic comedy in A Perfect Couple he has always tested the limits of what film can and should do In this book Frank Caso examines the development of Altman s artistic method from his earliest days in industrial film to his work in television and feature films Altman is one of those directors whose films audiences can easily recognize but what exactly are the distinctive elements that have become his signature Caso identifies more than twenty such elements in Altman s style tracing some such as his use of free hand cameras and engagement with Christian imagery to the beginning of his career Caso also examines Altman s unsettling mix of offbeat comedic tone with a predominance of violence murder and death showing how their counterpointing effects rendered his films at once naturalistic and otherworldly Exploring these and

other aspects of the Altmanesque style. *Caso* maps the innovations that have made Altman a master filmmaker. Enriched with illustration throughout, *Robert Altman* will appeal to fans of this distinctive American auteur or anyone interested in ground breaking cinema.

The Brothers Grim Erica Rowell, 2007-05-30 In 1984 Joel and Ethan Coen burst onto the art-house film scene with their neo-noir *Blood Simple*, and ever since then they have sharpened the cutting edge of independent film. Blending black humor and violence with unconventional narrative twists, their acclaimed movies evoke highly charged worlds of passion, absurdity, nightmare realms, and petty human failures, all the while revealing the filmmakers' penchant for visual jokes and bravura technical strokes. Their central characters may be blind to reality and individual flaws, but their illusions, dreams, fears, and desires map the boundaries of their worlds, worlds made stunningly memorable by the Coens. In *The Brothers Grim: The Films of Ethan and Joel Coen*, Erica Rowell unmask the filmmakers as prankster mythmakers exploiting and subverting universal storytelling modes to further what seems to be their artistic agenda: to elicit laughs. Often employing satire and allegory, the Coens' movies hold a mirror up to American society, allowing viewers to both chuckle and gasp at its absurdities, hypocrisies, and foibles. From business partnerships (*Blood Simple*, *The Ladykillers*) to marriage (*Intolerable Cruelty*) to friendship and ethics (*Miller's Crossing*), the breakdowns of relationships are a steady focus in their work. Often the Coens' satires put broken social institutions in their cinematic crosshairs, exposing cracks in ineffective penal systems, raising

Arizona O Brother Where Art Thou unjust justice systems The Man Who Wasn't There a crooked corporate America The Hudsucker Proxy unnecessary wars The Big Lebowski a tyrannical Hollywood Barton Fink and the unbridled fatuous pursuit of the American Dream Fargo While audiences may be excused for missing the duo's social commentary the depth and breadth of the brothers' films bespeak an intelligence and cultural acuity that is rich, highly topical and hard to pigeonhole

Geraldine Chaplin Rybin Steven Rybin, 2020-09-21 Geraldine Chaplin is the most distinguished actor among Charlie Chaplin's children. Through her collaborations with major international film directors she has created a striking performative presence across international cinema. Her acting also evokes with varying levels of self-consciousness and in shifting cinematic contexts the memory of her father's screen performances. This book analyses the distinctive screen art of Geraldine Chaplin and uncover parallels between her performances and her father's work on film. Through this method this star study explores the rich and surprising relationships between art cinema and silent film comedy and between modernist and classical cinematic performance. It offers a long overdue appreciation of Geraldine Chaplin's own remarkable screen achievements all the while shedding new insight into the art of Charlie Chaplin through the singular prism of his daughter's bold work.

Squeaky Jess Bravin, 2020-05-01 In the early 1950s Lynette Fromme's world was more or less a paint-by-numbers existence that millions of other suburban children were living in. Southern California, red-haired, freckled and convivial, she was the child of an in absentia workaholic father and a reclusive mother. She sang in the school choir and her dance troupe performed before President Eisenhower. As a young teenager she wrote forlorn poetry. Beyond her neighborhood the counter culture of Los Angeles was thriving. Lynette began getting interested in, then became attracted to, the freedoms of that world. Little by little she began losing her way. That day on the beach marked Lynette's introduction to the world of shade. Charles Manson, freshly released from prison, became her guide to illegal drugs and social outcasts. Over the course of a decade Lynette would change until she found herself imprisoned for the term of her natural life in the custody of the Attorney General of the United States for attempting to assassinate then president Gerald Ford. Meticulously researched for over three and a half years with hundreds of interviews and thousands of pages of testimony to review in

Cinema's Doppelgänger

Doug Dibbern, 2021-06-14 Cinema's Doppelgänger is a counterfactual history of the cinema or perhaps a work of speculative fiction in the guise of a scholarly history of film and movie guide That is it's a history of the movies written from an alternative unfolding of historical time a world in which neither the Bolsheviks nor the Nazis came to power and thus a world in which Sergei Eisenstein never made movies and German filmmakers like Fritz Lang never fled to Hollywood a world in which the talkies were invented in 1936 rather than 1927 in which the French New Wave critics didn't become filmmakers and in which Hitchcock never came to Hollywood The book attempts on the one hand to explore and expand upon the intrinsically creative nature of all historical writing like all works of fiction its ultimate goal is to be a work of art in and of itself But it also aims on the other hand to be a legitimate examination of the relationship between the economic and political organization of nations and film industries and the resulting aesthetics of film and thus of the dominant ideas and values of film scholarship and criticism Doug Dibbern's first

book *Hollywood Riots Violent Crowds and Progressive Politics in American Film* won the 2016 Peter Rollins Prize He has published scholarly essays on classical Hollywood filmmakers film criticism for The Notebook at Mubi com and literary essays for journals like Chicago Quarterly Review and Hotel Amerika He has a Ph D in Cinema Studies from New York University where he teaches now in the Expository Writing Program

High Concept Justin Wyatt, 1994 Steven Spielberg once said I like ideas especially movie ideas that you can hold in your hand If a person can tell me the idea in twenty five words or less it s going to make a pretty good movie Spielberg s comment embodies the essence of the high concept film which can be condensed into one simple sentence that inspires marketing campaigns lures audiences and separates success from failure at the box office This pioneering study explores the development and dominance of the high concept movie within commercial Hollywood filmmaking since the late 1970s Justin Wyatt describes how box office success always important in Hollywood became paramount in the era in which major film studios passed into the hands of media conglomerates concerned more with the economics of filmmaking than aesthetics In particular he shows how high concept films became fully integrated with their marketing so that a single phrase Just when you thought it was safe to go back in the water could sell the movie to studio executives and provide copy for massive advertising campaigns a single image or a theme song could instantly remind potential audience members of the movie and tie in merchandise could generate millions of dollars in additional income
