

ROBERT FROST

CENTENNIAL 1874-1974

...Two roads
diverged in a
wood, and I—
I took the one
less traveled by,
And that has
made all the
difference.

Robert Frost A Pictorial Chronicle

Nancy L. Tuten, John Zubizarreta

Robert Frost A Pictorial Chronicle:

Robert Frost Kathleen Morrison,1974 For almost thirty years Kathleen Morrison close associate of Robert Frost from 1938 until the poet's death in 1963 had vowed to keep from writing about this great American man of letters Gradually she realized that the wealth of photographs of the poet that she possessed would make a marvelous illustrated record From his farming days in New Hampshire through his teaching experiences at Amherst Harvard Michigan and Dartmouth Mrs Morrison shows Frost as an amateur in astronomy archaeology history and botany She recalls his formidable mind constantly active skeptical believing joking probing mocking sometimes giving offense sometimes warmly genial the delight and wonder of visitors from everywhere Writing of an era in American letters when there was free and pen communication among all those who created and many of those who read and taught literature Mrs Morrison re creates a time now past by still fascinating to those who did not experience this more leisurely and trusting world Publisher's Make-up for Part of Robert Frost Kathleen Morrison,1974? **The Notebooks of Robert Frost** Robert Frost,2007-01-01 During his lifetime Robert Frost notoriously resisted collecting his prose going so far as to halt the publication of one prepared compilation and to lose the transcripts of the Charles Eliot Norton Lectures he delivered at Harvard in 1936 But for all his qualms Frost conceded to his son that you can say a lot in prose that verse won't let you say and that the prose he had written had in fact made good competition for his verse This volume the first critical edition of Robert Frost's prose allows readers and scholars to appreciate the great American author's forays beyond poetry and to discover in the prose that he did make public in newspapers magazines journals speeches and books the wit force and grace that made his poetry famous The Collected Prose of Robert Frost offers an extensive and illuminating body of work ranging from juvenilia Frost's contributions to his high school Bulletin to the charming chicken stories he wrote as a young family man for The Eastern Poultryman and Farm Poultry to such famous essays as The Figure a Poem Makes and the speeches and contributions to magazines solicited when he had become the Grand Old Man of American letters Gathered annotated and cross referenced by Mark Richardson the collection is based on extensive work in archives of Frost's manuscripts It provides detailed notes on the author's habits of composition and on important textual issues and includes much previously unpublished material It is a book of boundless appeal and importance one that should find a home on the bookshelf of anyone interested in Frost The Life of Robert Frost Henry Hart,2017-03-08 The Life of Robert Frost presents a unique and rich approach to the poet that includes original genealogical research concerning Frost's ancestors and a demonstration of how mental illness plagued the Frost family and heavily influenced Frost's poetry A widely revealing biography of Frost that discusses his often perplexing journey from humble roots to poetic fame revealing new details of Frost's life Takes a unique approach by giving attention to Frost's genealogy and the family history of mental illness presenting a complete picture of Frost's complexity Discusses the traumatic effect on Frost of his father's early death and the impact on his poetry and outlook Presents original information on the influence of his mother

s Swedenborgian mysticism **The Robert Frost Encyclopedia** Nancy L. Tuten, John Zubizarreta, 2000-12-30 Often thought of as the quintessential poet of New England Robert Frost is one of the most widely read American poets of the 20th century He was a master of poetic form and imagery his works seemed to capture the spirit of America and he became so emblematic of his country that he read his work at President Kennedy's inauguration and traveled to Israel Greece and the Soviet Union as an emissary of the U S State Department While many readers think of him as the personification of New England he was born in San Francisco published his first book of poetry in England matured as a poet while abroad taught for several years at the University of Michigan and spent many of his winters in Florida This reference helps illuminate the hidden complexities of his life and work Included in this volume are hundreds of alphabetically arranged entries on Frost's life and writings Each of his collected poems is treated in a separate entry and the book additionally includes entries on such topics as his public speeches various colleges and universities with which he was associated the honors that he won his biographers films about him poets and others whom he knew and similar items Each entry is written by an expert contributor and closes with a brief bibliography The volume also provides a chronology and concludes with a general bibliography of major studies The Letters of Robert Frost Robert Frost, 2021-04-30 The third installment of Harvard's five volume edition of Robert Frost's correspondence The Letters of Robert Frost Volume 3 1929-1936 is the latest installment in Harvard's five volume edition of the poet's correspondence It presents 601 letters of which 425 are previously uncollected The critically acclaimed first volume a Times Literary Supplement Book of the Year included nearly 300 previously uncollected letters and the second volume 350 more During the period covered here Robert Frost was close to the height of his powers If Volume 2 covered the making of Frost as America's poet in Volume 3 he is definitively made These were also however years of personal tribulation The once tight Frost family broke up as marriage illness and work scattered the children across the country In the case of Frost's son Carol both distance and proximity put strains on an already fractious relationship But the tragedy and emotional crux of this volume is the death of Frost's youngest daughter Marjorie Frost's correspondence from those dark days is a powerful testament to the difficulty of honoring the responsibilities of a poet's eminence while coping with the intensity of a parent's grief Volume 3 also sees Frost responding to the crisis of the Great Depression the onset of the New Deal and the emergence of totalitarian regimes in Europe with wit canny political intelligence and no little acerbity All the while his star continues to rise he wins a Pulitzer for Collected Poems in 1931 and will win a second for A Further Range published in 1936 and he is in constant demand as a public speaker at colleges writers workshops symposia and dinners Frost was not just a poet but a poet teacher as such he was instrumental in defining the public functions of poetry in the twentieth century In the 1930s Frost lived a life of paradox as personal tragedy and the tumults of politics interwove with his unprecedented achievements Thoroughly annotated and accompanied by a biographical glossary and detailed chronology these letters illuminate a triumphant and difficult period in the life of a towering literary figure Robert Frost Among His

Poems Jeffrey S. Cramer, 2007-07-30 Based on the arrangement of *The Poetry of Robert Frost* 1969 Part One of this work attempts to identify Frost's intentions by placing each poem in the biographical, historical, and geographical context of his life. It further examines conscious and unconscious points of association, annotates words and phrases, and provides, when possible, a date of composition along with the place of publication. Part Two consists of an annotated bibliography of poems published during Frost's life but uncollected at the time of his death and those published posthumously or yet collected. **A Scientific Companion to Robert Frost** Virginia Smith, 2018-09-27 A Scientific Companion to Robert Frost represents the first systematic attempt to catalogue and explain all of the references to science and natural history in Frost's published poetry. **The Collected Poems and Selected Prose** Stanley Burnshaw, 2010-01-01 Stanley Burnshaw began to publish poems in the 1920s and founded his own verse journal in 1925. After serving as coeditor and drama critic of the *New Masses* weekly 1934-1936, he entered book publishing, directing the Dryden Press until 1958 when he joined Henry Holt. The first of his nineteen earlier works, *André Spire and His Poetry*, appeared in 1934 and the last in 1990. A Stanley Burnshaw Reader with an introduction by Denis Donoghue. The present volume, the definitive Burnshaw collection, offers all the poems he wishes to preserve and a full representation of his prose, including *My Friend My Father* in its entirety. *The Collected Poems and Selected Prose* is vital reading for anyone wishing to be fully acquainted with the man whom Karl Shapiro called one of the best-respected men of letters of our time. *The Ordeal of Robert Frost* Mark Richardson, 1997 Through close readings of Frost's poetry and often ignored prose, Mark Richardson argues that Frost's debates with Van Wyck Brooks, Malcolm Cowley, and H. L. Mencken informed his poetics and his poetic style just as much as did his deep identification with earlier writers like Emerson and William James. Robert Frost Jay Parini, 2000-03-15 Parini spent more than 20 years interviewing friends of Frost and working in the poet's archives to produce this definitive and insightful portrait of both the public and private man. 16-page photo insert. The Biography Book Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini, people captivate people. America's Biography best-selling autobiographies and biographical novels testify to the popularity of the genre. But where does one begin? Collected here are descriptions and evaluations of over 10,000 biographical works, including books of fact and fiction, biographies for young readers, and documentaries and movies, all based on the lives of over 500 historical figures, from scientists and writers to political and military leaders to artists and musicians. Each entry includes a brief profile, autobiographical and primary sources, and recommended works. Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title, helping readers to find the best biographical material available on hundreds of fascinating individuals. *Toward Robert Frost* Judith Oster, 1994-02-01 Every poem Robert Frost declared is an epitome of the great predicament, a figure of the will braving alien entanglements. This study considers what Frost meant by those entanglements, how he braved them in his poetry, and how he invited his readers to do the same. In the process, it contributes significantly to a new critical awareness of Frost as a complex artist who anticipated postmodernism.

poet who invoked literary traditions and conventions frequently to set himself in tension with them Using the insights of reader response theory Judith Oster explains how Frost appeals to readers with his apparent accessibility and then because of the openness of his poetry's possibilities engages them in the process of constructing meaning Frost's poems she demonstrates teach the reader how they should be read at the same time they resist closure and definitive reading The reader's acts of encountering and constructing the poems parallel Frost's own encounters and acts of construction Commenting at length on a number of individual poems Oster ranges in her discussion from the ways in which the poet dramatizes the inadequacy of the self alone to the manner in which he reads the Book of Genesis or the writing of Emerson Oster illuminates finally the central conflict in Frost his need to be read well against his fear of being read his need to share his creation against his fear of its appropriation by others

Robert Frost in Context Mark Richardson, 2014-04-14 Forty essays from influential scholars and poets offer a fresh multifaceted assessment of the life and works of Robert Frost

Stopping by Woods Owen D.V. Sholes, 2018-10-17 Robert Frost was a practicing farmer a skilled naturalist and one of America's best loved poets His body of work provides a vivid and compelling narrative of New England's changing environment though it can be hard to discern when its parts are scattered through hundreds of different poems voices and moods This book pieces together Frost's environmental commentary examining his poems thematically and in a logical order In them homesteads are carved out of the forest families make their living from an obdurate land property is abandoned when it fails to sell and plants and animals reclaim deserted farms Frost bemoaned the loss of people from the land but also celebrated the flora and fauna that thrived in fallow fields and empty barns

The Robert Frost Review, 2004 Love and Need Adam Plunkett, 2025-02-18 Braiding together biography and criticism Adam Plunkett challenges our understanding of Robert Frost's life and poetic legacy in a pathbreaking new work By the middle of the twentieth century Robert Frost was the best loved poet in America He was our nation's bard simple and sincere accompanying us on wooded roads and articulating our hopes and fears After Frost's death these clichés gave way to equally broad though opposed portraits sketched by his biographers chief among them Lawrance Thompson When the critic Helen Vendler reviewed Thompson's biography she asked whether anyone could avoid the conclusion that Frost was a monster In Love and Need The Life of Robert Frost's Poetry Adam Plunkett blends biography and criticism to find the truth of Frost's life one that lies between the two poles of perception Plunkett reveals a new Frost through a careful look at the poems and people he knew best showing how the stories of his most important relationships heretofore partly told mirror dominant themes of Frost's enduring poetry withholding and disclosure privacy and intimacy Not least of these relationships is the fraught intense friendship between Frost and Thompson the major biographer whose record of Frost Plunkett seeks to set straight Moving through Frost's most important work and closest relationships with the attention to detail necessary to see familiar things anew Plunkett offers an original interpretation of Frost's poetry tracing Frost's distinctive achievement to an engagement with poetic tradition far

deeper and more extensive than he ever let on Frost invited his readers into a conversation like the one he sustained with his literary forebears intimate and profound yet Frost kept his private self at a remove Here Plunkett brings the two together the poet and the poetry and draws us back into conversation with America's poet **Robert Frost and Sidney Cox** Robert Frost, Sidney Cox, William Richard Evans, 1981 Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1976 **Sixteen Modern American Authors** Jackson R. Bryer, 1989 Praise for the earlier edition Students of modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form *Sixteenth Modern American Authors* it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains *American Studies*
