Spinks, Iain R. Torrance, 1999 This multivolume work by Hughes Oliphant Old canvasses the history of preaching from the biblical period through modern times These books explore the theme of preaching as Christian worship looking especially at how preaching throughout history has been done as a sacred service This book offers a significant evaluation of the two newest Reformed American Presbyterian and Church of Scotland liturgies Common Order 1994 and the Book of Common Worship 1993 International scholars examine the background and content of these recent liturgical compilations and discuss the contributions that these liturgies have made to worship in the late twentieth century church
