Architecture, Travellers and Writers Anne Hultzsch,2017-07-05 Does the way in which buildings are looked at and made sense of change over the course of time How can we find out about this By looking at a selection of travel writings spanning four centuries Anne Hultzsch suggests that it is language the description of architecture which offers answers to such questions The words authors use to transcribe what they see for the reader to re imagine offer glimpses at modes of perception specific to one moment place and person Hultzsch constructs an intriguing patchwork of local and often fragmentary narratives discussing texts as diverse as the 17th century diary of John Evelyn Daniel Defoe s Robinson Crusoe 1719 and an 1855 art guide by Swiss art historian Jacob Burckhardt Further authors considered include 17th century collector John Bargrave 18th century novelist Tobias Smollett poet Johann Wolfgang von Goethe critic John Ruskin as well as the 20th century architectural historian Nikolaus Pevsner Anne Hultzsch teaches at the Bartlett School of Architecture University College London

Queens of the Age of Chivalry Alison Weir,2022-12-06 Packed with dramatic true stories from one of European

history's most romantic and turbulent eras this epic narrative chronicles the five vividly rendered queens of the Plantagenet kings who ruled England between 1299 and 1409 A thorough and illuminating survey of the Plantagenet dynasty Publishers Weekly The Age of Chivalry describes a period of medieval history dominated by the social religious and moral code of knighthood that prized noble deeds military greatness and the game of courtly love between aristocratic men and women It was also a period of high drama in English history which included the toppling of two kings the Hundred Years War the Black Death and the Peasants Revolt Feudalism was breaking down resulting in social and political turmoil Against this dramatic milieu Alison Weir describes the lives and reigns of five queen consorts Marguerite of France was seventeen when she became the second wife of sixty year old King Edward I Isabella of France later known as the She Wolf dethroned her husband Edward II and ruled England with her lover In contrast Philippa of Hainault was a popular queen to the deposed king's son Edward III Anne of Bohemia was queen to Richard II but she died young and childless Isabella of Valois became Richard's second wife when she was only six years old but was caught up in events when he was violently overthrown This was a turbulent and brutal age despite its chivalric color and ethos and it stands as a vivid backdrop to the extraordinary stories of these queens lives

Sir John Soane? Influence on Architecture from 1791 Oliver Bradbury, 2017-07-05 Sir John Soane's Influence on Architecture from 1791 A Continuing Legacy is the first in depth study of this eighteenth century British architect's impact on the work of others extending globally and still indeed the case over 200 years later Author Oliver Bradbury presents a compelling argument that the influence of Soane 1753-1837 has persevered through the centuries rather than waning around the time of his death Through examinations of internationally renowned architects from Benjamin Henry Latrobe to Philip Johnson as well as a number of not so well known Soanean disciples Bradbury posits that Soane is perhaps second only to Palladio in terms of the longevity of his influence on architecture through the course of more than two centuries from the early 1790s to today concluding with the recent return to pure revivalism Previous investigations have been limited to focusing on Soane's late Georgian and then post modern influence this is the first in depth study of his impact over the course of two centuries Through this survey Bradbury demonstrates that Soane's influence has been truly international in the pre modern era reaching throughout the British Isles and beyond to North America and even colonial Australia Through his inclusion of select detailed case studies Bradbury contends that Soane's is a continuing not negated legacy in architecture

A Grain of Faith Allan Hepburn, 2018-11-22 During and after the Second World War there was a concerted thinking about religion in Britain Not only were leading international thinkers of the day theologians Ronald Niebuhr Paul Tillich Jacques Maritain but leading writers contributed to discussions about religion Graham Greene Muriel Spark and Barbara Pym incorporated miracles evil and church going into their novels while Louis MacNeice T S Eliot and C S Lewis gave radio broadcasts about the role of Christianity in contemporary society Certainly the war revived interest in aspects of Christian life Salvation and redemption were on many people's minds The Ministry of Information used images of

bombed churches to stoke patriotic fervour and King George VI led a series of Days of National Prayer that coincided with crucial events in the Allied campaign After the war and throughout the 1950s approximately 1.4 million Britons converted to Roman Catholicism as a way of expressing their spiritual ambitions and solidarity with humanity on a world wide scale Religion provided one way for writers to answer the question what is man It also afforded ways to think about social obligation and ethical engagement Moreover the mid century turn to religion offered ways to articulate statehood not from the perspective of nationhood and politics but from the perspective of moral action and social improvement Instead of being a retreat into seclusion and solitude the mid century turn to religion is a call to responsibility *The Stone Circles of Britain, Ireland, and Brittany* Aubrey Burl, 2000-01-01 The spectacular stone circles of western Europe some nearly 6000 years old have intrigued viewers through the ages This beautiful book about these megalithic rings explores their ancestry methods of construction and eventual desertion A substantially revised version of Aubrey Burl's highly praised work *The Stone Circles of the British Isles* it offers new insights into the purpose of stone circles It also provides a new interpretation of Stonehenge and of Callanish in Scotland the first overview of the cromlechs in Brittany a discussion of the problems of archaeoastronomy as related to stone circles a greatly expanded Gazetteer and an up to date list of radiocarbon dates and recent excavations

Lachlan Macquarie John Ritchie, 2014-02-28 Ritchie has provided an exciting and dramatic account of the life and work of Macquarie We learn in contrast to the antiseptic treatment of the standard text books that Macquarie was a man of strong passions beliefs plans and ambitions which drove him to hobnob with polite London society to beg for promotion and favours from his superiors to wangle commissions for his relatives to be generous to a fault with those he sought to help and to demand unquestioning support from those he promoted or pardoned
