Fantasies of Salvation Vladimir Tismaneanu, 2009-06-28 Eastern Europe has become an ideological battleground since the collapse of the Soviet Union with liberals and authoritarians struggling to seize the ground lost by Marxism In *Fantasies of Salvation* Vladimir Tismaneanu traces the intellectual history of this struggle and warns that authoritarian nationalists pose a serious threat to democratic forces A leading observer of the often baffling world of post Communist Europe Tismaneanu shows that extreme nationalistic and authoritarian thought has been influential in Eastern Europe for much of this century while liberalism has only shallow historical roots Despite democratic successes in places such as the Czech Republic and Poland he argues it would be a mistake for the West to assume that liberalism will always triumph He backs this argument by showing how nationalist intellectuals have encouraged ethnic hatred in such countries as Russia Romania and the former Yugoslavia by reviving patriotic myths of heroes scapegoats and historical injustices And he shows how enthusiastically these myths have been welcomed by people desperate for some form of salvation from political and economic uncertainty On a theoretical level Tismaneanu challenges the common ideas that the ideological struggle is between right and left or between nationalists and internationalists In a careful analysis of the conflict's ideological roots he argues that it

is more useful and historically accurate to view the struggle as between those who embrace the individualist traditions of the Enlightenment and those who reject them Tismaneanu himself has been active in the intellectual battles he describes particularly in his native Romania and makes insightful use of interviews with key members of the dissident movements of the 1970s and 1980s He offers original observations of countries from the Baltic to the Black Sea and expresses his ideas in a vivid and forceful style *Fantasies of Salvation* is an indispensable book for both academic and nonacademic readers who wish to understand the forces shaping one of the world's most important and unpredictable regions **Revolution, Modus Vivendi, or Sovereignty?** Josette, 2014-04-15

This study the first of its kind in English presents an overview of Slovak intellectual history in the 19th century including the debates surrounding the memorandum of 1861 the political stagnation of the 1880s characterized by an increasingly Russophile orientation and finally Czechoslovakism as the way to common independence with the Czechs The selected portraits of six intellectuals and politicians should be seen as a prism through which Slovak intellectual history appears in its various facets The *narodovci* the pioneers of national awakening tried to strengthen the Slovak nation in its attempts to secure the autonomy of its language and culture and prevent assimilation by the Hungarians which was a political issue Some took part in the 1848 revolution pursuing the goal of an autonomous Slovak district within the Habsburg Empire while others opted for a *modus vivendi* with the ruling Hungarians A third possibility was sovereignty a common independent state with the Czechs An introductory chapter deals with the political problem of assimilation and group rights in 19th century Slovakia The analytical chapters focus on the intellectual discourse of the time specifically on the influence of Western political ideas such as liberalism constitutionalism cultural rights and nationalism A further focus is on Slavic political ideas such as the Slavic Renaissance Slavic mutuality and Panslavism The volume is addressed to students of history politics and political theory and offers a unique insight into the political past of a young EU state whose recent language laws have drawn repeated international criticism The author hopes that her analysis will help improve understanding of current Slovak politics *Revue Roumaine D'études Internationales*, 1989 **Paris-Moscou**

La Causalité diabolique Léon Poliakov, 2006-03-22 Dans son Essai sur l'origine des persécutions Poliakov étudie les principaux groupes humains qui ont comme les Juifs joué le rôle de bouc émissaire dans l'histoire de l'Europe en tant que fauteurs d'épidémies de guerres de révolutions et autres désastres Les Juifs, les suites et la papauté pendant la Révolution anglaise la cour et les aristocrates les francs-maçons et les philosophes lors de la Révolution française et les Juifs lors de la Seconde Guerre mondiale Le tome II Du joug mongol la victoire de Lénine aborde le cas de la révolution d'Octobre Il remonte aux origines de l'histoire russe marquée par une rupture entre le peuple et le pouvoir civil et religieux et analyse la manière dont cette coupure a pu favoriser au cours des siècles l'idée que le complot expliquait tous les conflits Cette idée connaît son apogée avec d'une part le complot impérialiste d'abord par Lénine et d'autre part la conspiration juive responsable aux yeux des Blancs de la victoire bolchevique Le premier tome de La Causalité diabolique est paru aux éditions Calmann Lévy en 1980 le second en 1985 Aujourd'hui nous réunissons en un seul volume ce grand classique agrémenté d'une préface de l'historien Pierre André Taguieff **Rendez à César ce qui est à César et à Dieu ce qui est à Dieu ?** Pandora Dimanopoulou, 2016-11-18 Rendez à César ce qui est à César et à Dieu ce qui est à Dieu Ce livre s'interroge sur les rapports entre religion et politique travers les tentatives d'unification entre les églises anglicane et orthodoxe grecque pendant une période historique cruciale celle du déclin puis de la chute de l'Empire ottoman Les ambitions mutuelles de la Grèce et de l'Empire britannique en vue de tendre leur domination sur cette région sont l'origine d'un rapprochement qui tout en tant politique s'exprime avant tout travers la politisation de la religion dans un cadre impérial moderne colonial ou national au sein duquel la religion devient un vecteur légitimant cette politique expansionniste Ce livre soulève aussi la question du modèle ecclésiastique politique de ce projet entre église universelle et oecuménique et église nationale travers l'étude des relations entre l'église et l'état en Angleterre et en Grèce et la portée oecuménique de l'action de chacune de ces églises Enfin l'auteur tente d'clairer les motivations ainsi que les difficultés auxquelles le Mouvement oecuménique s'est trouvé confronté ses débuts En essayant d'expliquer la portée et le sens des actions et discours des agents religieux pour répondre aux défis sociétaux inédits auxquels ils devaient faire face partir du cataclysme de la Première Guerre mondiale jusqu'à l'avènement des régimes totalitaires et les répercussions néfastes de la grande dépression de 1929 ce travail permet d'appréhender l'évolution des rapports interconfessionnels entre dynamique oecuménique et reconfiguration ou reformulation des concurrences ecclésiastiques hétéritées l'aune des transformations politiques et idéologiques complexes de cette période Staline, pervers narcissique Paul Fuks, 2023-02-20 Pour comprendre Poutine il

faut connaître Staline son modèle Ce livre montre que Staline n'était pas paranoïaque mais un grand pervers narcissique Ni Staline ni Poutine n'ont l'excuse du délire paranoïaque Ce qui aggrave leur responsabilité Puisqu'il arrive de nos jours qu'un dictateur dû comparaitre devant un tribunal cette nuance diagnostique n'a rien de byzantin

Recherches internationales, 1991 **Istina**, 1989 *Saint-Petersbourg, mythe littéraire* Wladimir Troubetzkoy, 2003 Bulletin critique du livre français, 1989 *La Question d'Orient* Jacques Frémeaux, 2014-11-13 Depuis le XVIII^e siècle et jusqu'aujourd'hui la zone qui s'étend des Balkans à l'Afghanistan cristallise des tensions aussi bien internationales que propres à l'Orient Ce sont ces tensions que Jacques Frémeaux analyse dans une synthèse innovante en les replaçant dans le temps long De la volonté de contrôler la route des Indes la convoitise des hydrocarbures qu'elle recèle cette région n'a en effet cessé de faire l'objet d'affrontements entre les grandes puissances Ce vaste espace qui correspond presque exactement à l'antique empire d'Alexandre a ainsi constitué depuis l'entrée des flottes de la tsarine Catherine II en Méditerranée en 1770 un champ disputé par la Russie et l'Angleterre avant de se retrouver après 1945 au cœur du conflit opposant la Russie et les États-Unis Mais d'ouest en est ce sont surtout des peuples qui se succèdent qui se cherchent et se déchirent entre les séductions de la modernité et le refus que lui oppose la tradition L'Orient qui s'affirme toujours plus comme exclusivement musulman devient alors un objet de fascination et de peur pour un Occident dominateur et manipulateur Après le temps des empires ottoman persan et moghol des Indes est venu celui des États-nations souvent nés dans la douleur comme Israël et le Pakistan Mais aucun changement n'a mis fin au grand jeu géopolitique jalonné d'épisodes majeurs de l'occupation de l'Égypte par Bonaparte la dernière guerre du Golfe et dont de nouveaux chapitres s'écrivent sous nos yeux Jacques Frémeaux est professeur d'histoire contemporaine à l'université Paris IV Sorbonne Normalien agrégé d'histoire docteur ès lettres membre de l'Institut universitaire de France il est spécialiste de l'histoire coloniale et du Moyen-Orient Il a notamment publié parmi une vingtaine de titres *La France et l'Islam depuis 1789* PUF 1992 prix Robert Cornevin de l'Académie des Sciences d'Outre-mer et plus récemment *De quoi fut fait l'Empire Les guerres coloniales au XIX^e siècle* CNRS éditions 2010 prix du livre d'histoire de l'Europe 2014
