commerce architecture and the arts *The Oxford Handbook of Ritual Language* David Tavárez, 2024-11-04 This volume brings together representative case studies and surveys that explore research into ritual language covering theoretical and methodological approaches that reflect traditional inquiries and more recent studies This recent literature contends that ritual language hinges on the construction of authoritative ontological models about the cosmos and its inhabitants Ritual speech also orchestrates performances that articulate representations of collective identities and rests on the diversity of hierarchical forms of authoritative knowledge displayed in both oblique and direct terms Moreover performances texts and narratives associated with ritual practices are closely entwined with historical accounts that navigate current memories recast in a diversity of ways about ancestral beings and distant or recent pasts or delimit a terrain in which dialectical relationships with colonial hegemony and Christian indoctrination emerge to transform the social order Ritual narrative often offers in its structure and delivery momentous representation of the social order social institutions social difference and collective identities and may also be constituted by claims about relations among species non human actors and material culture The Oxford Handbook of Ritual Language addresses foundational questions regarding the scope structuring use and consequences of ritual language The chapters examine the relationship between speakers consciousness and verbal ritual performances and between ritual language hegemony collective authority and the social world As the study of ritual speech hinges on extensive analyses of linguistic choices and styles the contributors draw on data from a wide range of language groups and societies in the Americas the Middle East the Pacific South Asia and the Indian Ocean *The Routledge Handbook of Religion, Medicine, and Health* Dorothea Lüddeckens, Philipp Hetmanczyk, Pamela E. Klassen, Justin B. Stein, 2021-11-24 The relationships between religion spirituality health biomedical institutions complementary and alternative healing systems are widely discussed today While many of these debates revolve around the biomedical legitimacy of religious modes of healing the market for them continues to grow The Routledge Handbook of Religion Medicine and Health is an outstanding reference source to the key topics problems and debates in this exciting subject and is the first collection of its kind Comprising over thirty five chapters by a team of international contributors the Handbook is divided into five parts Healing practices with religious roots and frames Religious actors in and around the medical field Organizing infrastructures of religion and medicine pluralism and competition Boundary making between religion and medicine Religion and epidemics Within these sections central issues debates and problems are examined including health and healing religiosity spirituality biomedicine medicalization complementary medicine medical therapy efficacy agency and the nexus of body mind and spirit The Routledge Handbook of Religion Medicine and Health is essential reading for students and researchers in religious studies The Handbook will also be very useful for those in related fields such as sociology anthropology and medicine ***Ritual in Human Evolution and Religion*** Matt J. Rossano, 2020-10-04 This book explores the role of ritual in social life human evolution and religion It explains the functions and purpose of varied rituals across the

world by arguing they are mechanisms of resource management providing a descriptive tool for understanding rituals and generating predictions about ritual survival. By showing how rituals have resulted from the need to cultivate social resources necessary to sustain cooperative groups, Rossano presents a unique examination of the function of rituals and how they cultivate, mobilize, and direct psychological resources. Rossano examines rituals from a diverse range of historical contexts, including the Greco-Romans, Soviet Russians, and those in crisis cults. The book shows how rituals address societal and community problems by cultivating three psychological resources: commitment to communal values, goodwill both of humans and supernatural agents, and social support or social capital. Holding communities together in the face of threat, disaster, or apathy is one of ritual's primary functions, and the author describes how our ancestors used ritual to become the highly social, interdependent primate that is *Homo sapiens*. Including examples from all over the world and providing detailed descriptions of both past and current ritual practices, this is fascinating reading for students and academics in psychology, sociology, religion, anthropology, and sociology.

Infamous Desire Pete Sigal, 2003. What did it mean to be a man in colonial Latin America? More specifically, what did indigenous and Iberian groups think of men who had sexual relations with other men? Providing comprehensive analyses of how male homosexualities were represented in areas under Portuguese and Spanish control, *Infamous Desire* is the first book-length attempt to answer such questions. In a study that will be indispensable for anyone studying sexuality and gender in colonial Latin America, an esteemed group of contributors view sodomy through the lens of desire and power, relating male homosexual behavior to broader gender systems that defined masculinity and femininity.

Recovering Lost Footprints, Volume 2 Arturo Arias, 2018-11-30. *Recovering Lost Footprints Volume 2* is an in-depth analysis of the sociohistorical conflict impacting Indigenous communities in Latin America. Continuing the project he began in volume 1, Arturo Arias analyzes contemporary Peninsular and Chiapanecan Maya narratives. He examines the works of Yucatecan writers Jorge Cocom Pech, Javier G. Méz Navarrete, Isaac Carrillo Can, and Marisol Ceh Moo. For Chiapas, Arias looks at the works of Tseltal novelist Diego Méndez Guzmán, Tsotsil short story writer Nicolás Huet Bautista, and Tseltal narrative writer José López Méz. Arias problematizes the nature of Western modernity and the crisis of Western models of development in the present. By way of his analysis, he suggests that we are facing a historical impasse because we have neglected native knowledges that offer alternative codes of ethics and beingness that emerge from Indigenous cosmovisions. The text skillfully contributes to and strengthens debates between US-centered and Latin American cultural studies theorists, as well as the hemispheric expansion of Native American and Indigenous Studies. *Recovering Lost Footprints Volume 2* is inspired more by the past as it impinges upon a continuing, constantly expanding present. Arias's reading of Maya literatures forces us to reconsider the space-time structure of Western thinking. Indeed, this book is intriguing precisely because it views literature from an Indigenous perspective, evidencing how that social space is full of multiple contrasting experiences and historical processes.

From Moon Goddesses to Virgins Pete Sigal, 2013-12-06. For the preconquest Maya, sexuality was a

part of ritual discourse and performance and all sex acts were understood in terms of their power to create maintain and destroy society As postconquest Maya adapted to life under colonial rule they neither fully abandoned these views nor completely adopted the formulation of sexuality prescribed by Spanish Catholicism Instead they evolved hybridized notions of sexual desire represented in the figure of the Virgin Mary as a sexual goddess whose sex acts embodied both creative and destructive components This highly innovative book decodes the process through which this colonization of Yucatan Maya sexual desire occurred Pete Sigal frames the discussion around a series of texts including the Books of Chilam Balam and the Ritual of the Bacabs that were written by seventeenth and eighteenth century Maya nobles to elucidate the history religion and philosophy of the Yucatecan Maya communities Drawing on the insights of philology discourse analysis and deconstruction he analyzes the sexual fantasies fears and desires that are presented often unintentionally in the margins of these texts and shows how they illuminate issues of colonialism power ritual and gender

The Burden of the Ancients

Allen J. Christenson, 2016-10-11 In Maya theology everything from humans and crops to gods and the world itself passes through endless cycles of birth maturation dissolution death and rebirth Traditional Maya believe that human beings perpetuate this cycle through ritual offerings and ceremonies that have the power to rebirth the world at critical points during the calendar year The most elaborate ceremonies take place during Semana Santa Holy Week the days preceding Easter on the Christian calendar during which traditionalist Maya replicate many of the most important world renewing rituals that their ancient ancestors practiced at the end of the calendar year in anticipation of the New Year's rites Marshaling a wealth of evidence from Pre Columbian texts early colonial Spanish writings and decades of fieldwork with present day Maya *The Burden of the Ancients* presents a masterfully detailed account of world renewing ceremonies that spans the Pre Columbian era through the crisis of the Conquest period and the subsequent colonial occupation all the way to the present Allen J Christenson focuses on Santiago Atitlán a Tz'utujil Maya community in highland Guatemala and offers the first systematic analysis of how the Maya preserved important elements of their ancient world renewal ceremonies by adopting similar elements of Roman Catholic observances and infusing them with traditional Maya meanings His extensive description of Holy Week in Santiago Atitlán demonstrates that the community's contemporary ritual practices and mythic stories bear a remarkable resemblance to similar cultural entities from its Pre Columbian past

Parallel Worlds Kerry M. Hull, Michael D. Carrasco, 2012-05-15 Despite recent developments in epigraphy ethnopoetics and the literary investigation of colonial and modern materials few studies have compared glyphic texts and historic Maya literatures *Parallel Worlds* examines Maya writing and literary traditions from the Classic period until today revealing remarkable continuities across time In this volume contributions from leading scholars in Maya literary studies examine Maya discourse from Classic period hieroglyphic inscriptions to contemporary spoken narratives focusing on parallelism to unite the literature historically Contributors take an ethnopoetic approach examining literary and verbal arts from a historical perspective acknowledging

that poetic form is as important as narrative content in deciphering what these writings reveal about ancient and contemporary worldviews Encompassing a variety of literary motifs including humor folklore incantation mythology and more specific forms of parallelism such as couplets chiasms kennings and hyperbatons *Parallel Worlds* is a rich journey through Maya culture and pre Columbian literature that will be of interest to students and scholars of anthropology ethnography Latin American history epigraphy comparative literature language studies indigenous studies and mythology *The Way the Wind Blows* Roderick J. McIntosh, Joseph A. Tainter, Susan Keech McIntosh, 2012-07-24 Robert W Harms Yale University
