 Water-resources Investigations Report, 1997 **River Republic** Daniel McCool, 2012 Daniel McCool chronicles the surging grassroots movement to bring America s rivers back to life and ensure they remain pristine for future generations

This book confirms the surprising news that America's rivers are indeed returning to a healthier free flowing condition. Through passion and dedication ordinary people are reclaiming the American landscape forming a nation wide river republic of concerned citizens from all backgrounds and sectors of society. McCool profiles the individuals he calls instigators who initiated the fight for these waterways and have succeeded in the near impossible task of challenging and changing the status quo. He ties the history, culture and fate of America to its rivers and presents their restoration as a microcosm mirroring American beliefs, livelihoods and an increasing awareness of our shared environmental fate. *Remapping Asian American History* Sucheng Chan, 2003. *Remapping Asian American History* exemplifies the emerging trends in the writing of Asian American history and fills substantive gaps in our knowledge about particular Asian ethnic groups. Edited by noted scholar Sucheng Chan, the essays in this volume use new frameworks such as transnationalism, the political contexts of international migrations and a multipolar approach to the study of contemporary U.S. race relations. These concerns often ignored in earlier studies that focused on social and economic aspects of Asian American communities challenge some long held assumptions about Asian American communities and point to new directions in Asian American historiography. Historians, students and teachers of anthropology, Asian and Asian American Studies, race and ethnic studies, U.S. immigration history and American Studies will find this collection invaluable.
