Mountain Taoist Ta NaTaSi,2019-10-14 Twenty five years ago my grandfather passed away due to an accident In the process of cleaning up my grandfather s things I found a few fragments of the Gui Mansion s Primordial Turtle However I was still unable to decipher the words written on them Twenty five years later in the process of defeating a demon he saved a university student who specialized in ancient language and solved the mystery They would begin a journey filled with all sorts of dangers around these few fragments of The Book of Primordial Tortoise What kind of secret was hidden within this The Book of Primordial Tortoise Could they unravel the mystery behind this Please look forward to the perilous journey In the Society of Nature Philippe Descola,1994 The Achuar Indians live in the remote forest reaches of the Upper Amazon and have developed sophisticated strategies of resource management Philippe Descola who has gathered material over several years of fieldwork documents their rich knowledge of the environment He explains how this technical knowledge of the increasingly threatened Amazonian ecosystems is interwoven with cosmological ideas that endow nature with the characteristics of society Combining a symbolist approach with an ecological analysis the book contributes a new theory of the social construction of nature **International Law at a Time of Perplexity** Yoram Dinstein,Mala Tabory,2024-01-08

The Road to the Land of the Mother of God Stephen G. Perz,Jorge Luis Castillo Hurtado,2023-05 The Interoceanic Highway is many things to many people an emblematic project during a period focused on integration a dream realized for an isolated region a symbol of the profound fragility of state institutions a key cause of political corruption and a major driver of ecological and cultural devastation This highway links the Andean highlands with the Amazonian lowlands in southern Peru offering an outlet for Brazil s emergent economy While it finally brought an end to the isolation of Madre de Dios and other parts of southern Peru and the western Amazon it was made possible by political corruption revealed in the Lava Jato scandal and it permitted the spread of criminal business activities But the Interoceanic Highway s deeper history must be appreciated in order to fully understand why it was built and the impacts it has generated The Road to the Land of the Mother of God explores more than five hundred years of the history of Peru s Interoceanic Highway showing how the purposes portrayals and importance of roads change fundamentally over time and thus how roads bring significantly more impacts and costs than their advocates and critics generally anticipate By taking a deeper look at infrastructure history Stephen G Perz and Jorge Luis Castillo Hurtado portray infrastructure as an integrative optic for understanding changes in local livelihoods regional development and social conflicts The Second Blight War John Sagert,2018-07-27 It is a time of
