World Presents the Encyclopedia of Hollywood Film Actors: From the silent era to 1965 Barry Monush, 2003

Applause Books For decades Screen World has been the film professional's as well as the film buff's favorite and indispensable annual screen resource full of all the necessary statistics and facts. Now Screen World editor Barry Monush has compiled another comprehensive work for every film lover's library. In the first of two volumes, this book chronicles the careers of every significant film actor from the earliest silent screen stars Chaplin, Pickford, Fairbanks to the mid 1960s when the old studio and star systems came crashing down. Each listing includes a brief biography, photos from the famed Screen World archives with many rare shots, vital statistics, a comprehensive filmography, and an informed, entertaining assessment of each actor's contributions, good or bad. In addition to every major player, Monush includes the legions of unjustly neglected troupers of yesteryear. The result is a rarity: an invaluable reference tool that's as much fun to read as a scandal sheet. It pulsates with all the scandal, glamour, oddity, and glory that was the lifeblood of its subjects. Contains over 1,000 photos.

The Movie Guide James Monaco, 1992 From *The Big Sleep* to *Babette's Feast*, from *Lawrence of Arabia* to *Drugstore Cowboy*, *The Movie Guide* offers the inside word on 3,500 of the best motion pictures ever made. James Monaco is the president and founder of BASELINE, the world's leading supplier of information to the film and television industries. Among his previous books are *The Encyclopedia of Film*, *American Film Now*, and *How to Read a Film*. [Abolishing Surveillance](#) Chris Robé, 2023-09-05 The Department of Justice sought information on all who visited the DisruptJ20.org website for Donald Trump's inauguration. Undercover agents infiltrate BlackLivesMatter protests. Police routinely command bystanders to stop filming them by falsely claiming it is a crime. Agricultural states like Iowa, Idaho, Utah, and Wyoming enact laws that criminalize the filming of factory farm cruelty while allowing other human animal suffering to continue unabated. Dissent and poverty are increasingly criminalized by the state as precarity grows. *Abolishing Surveillance* offers the first in-depth study of how various communities and activist organizations are resisting such efforts by integrating digital media activism into their actions against state surveillance and repression and for a better world. The book focuses on a wide array of movements within the United States, such as Latinx copwatching groups in New York City, Muslim and Arab American communities in Minneapolis, undercover animal rights activists, and counter-summit protesters. It explores the ways in which government surveillance and repression impacts them and, more importantly, their different but related online and offline tactics and strategies employed for self-determination and liberation. Digital media production becomes a core element in such organizing as cell phones and other forms of handheld technology become more ubiquitous. Yet such uses of technology can only be successfully employed when built upon strong grassroots organizing that has always been essential for social movements to take root. Neither idealizing nor disparaging the digital media activism explored within its pages, *Abolishing Surveillance* analyzes the successes and failures that accompany each case study. The book explores the historically shifting terrain since the 1980s to the present of how historically disenfranchised communities, activist organizations, and repressive

state institutions battle over the uses of digital technology and media making practices as civil liberties community autonomy and the very lives of people and other than human animals hang in the balance The Billboard ,1926 **Riverside's Mission Inn** Steve Lech,Kim Jarrell Johnson,2006 The story of the internationally famous Mission Inn Hotel and its predecessor has been intertwined with the city of Riverside s history since both began As the slogan once said Riverside is a City with a Mission Inn its Heart For more than a century the Mission Inn and its eclectic collections have intrigued visitors artisans architects and dignitaries who have come to Riverside for a myriad of reasons The Mission Inn founded by colorful entrepreneur Frank Miller was integral to the city s turn of the 20th century tourism as wealthy Easterners flocked to Riverside and its famous hotel lured by a Mediterranean climate investment opportunities and vast navel orange groves Unlike other grand hotels of the time the Mission Inn with its Mission style architecture was a luxury hotel that was uniquely Californian A Directory of 897 16mm Film Libraries Seerley Reid,1949 *Fort Worth's Oakhurst Neighborhood* Libby Willis,2014 In 1924 civic leader and developer John P King promoted Fort Worth s Oakhurst neighborhood as country life for the city man He appealed to those who wanted space for artesian water cool breezes gardens in a hillside setting and a utopian atmosphere for their children King the creator of a confectionery company known for King s candies for American queens made a park like neighborhood in a part of Riverside just a few miles from downtown Fort Worth Thoughtful landscape design and charming architecture are hallmarks of this all American neighborhood beloved for its small town community feel well into its 90th year **Decisions and Orders of the National Labor Relations Board** United States.
