Road To Audacity:

The Road to Audacity S. Carter, J. Kourdi, 2003-09-16 Being audacious and adventurous can be inspiring yet many of us hesitate to follow this path because of our concerns for comfort and security In this bold book Carter and Kourdi examine a radical new approach to being successful The authors argue that success comes most easily to those who accept and harness the beneficial effects of risk Communicating simple but powerful ideas with passion this book guides individuals and organizations through the techniques that will help them to become more vigorous motivated effective and ultimately successful Including original interviews and insights from people that have used audacity to get where they are Road to Audacity shows why current approaches to life and work are increasingly outmoded This book is vital reading for anyone who wants to make a success of their career and their life

Bolshevism: The Road to Revolution Alan Woods, 2018 There have been a multitude of histories of Russia either written from an anti Bolshevik perspective or its Stalinist mirror image which both paint a false image of Bolshevism For them the Russian Revolution was either an historical accident or tragedy or is presented as the work of one great man Lenin who marched single mindedly towards October Using a wealth of primary sources Alan Woods reveals the real evolution of Bolshevism as a living struggle to apply the method of Marxism to the peculiarities of Russia Woods traces this evolution from the birth of Russian Marxism and its ideological struggle against the Narodniks and the trend of economism through the struggle between the two strands of Menshevism and Bolshevism and up to the eventual seizure of power Bolshevism The Road to Revolution is a comprehensive history of the Bolshevik Party from its early beginnings through to the seizure of power in October 1917 This important work was first published in 1999 with material collected by the author over a thirty year period and was republished to mark the centenary of the Russian Revolution It represents the authoritative work on the building of the Bolshevik Party and can be used as a handbook for those involved in the movement today
