The Road to the Nba, Vol. Ii Curtis Carter, 2005-03 THE ROAD TO THE NBA is a book about heart drive and internal motivation when going the standard route is unavailable It captures and conveys the experiences of one man **The Road to the NBA** Curtis W. Carter, 2010-07-15 The Road to the NBA Volume 3 continues the tradition of the first two volumes It is a basketball sports book that has a Powerful Analysis of the workings of the professional basketball world as we know it The reality of life and its circumstances are made vivid in this new addition to the series Perseverance determination diligence confidence spiritual strength academic success and internal desire are the building blocks to the foundation that is laid in this must read edition The amazing grace of God lights up this whole story The dramatic reality will keep you glued to the pages until the very end *Yao Ming, 2nd Edition* Matt Doeden, 2012-08-01 Yao Ming is a force on the basketball court The

center born in Shanghai China towers over opponents at 7 foot 6 His strength agility and hard work have made him one of the most dominant big men in the NBA today After leading his Chinese team to a championship in 2002 Yao was the top pick of the NBA draft by the Houston Rockets His arrival in the United States has helped to break down cultural barriers and has made Yao one of the most recognized athletes in the world **Scorecasting** Tobias Moskowitz,L. Jon Wertheim,2012-01-17 In Scorecasting University of Chicago behavioral economist Tobias Moskowitz teams up with veteran Sports Illustrated writer L Jon Wertheim to overturn some of the most cherished truisms of sports and reveal the hidden forces that shape how basketball baseball football and hockey games are played won and lost Drawing from Moskowitz s original research as well as studies from fellow economists such as bestselling author Richard Thaler the authors look at the influence home field advantage has on the outcomes of games in all sports and why it exists the surprising truth about the universally accepted axiom that defense wins championships the subtle biases that umpires exhibit in calling balls and strikes in key situations the unintended consequences of referees tendencies in every sport to swallow the whistle and more Among the insights that Scorecasting reveals Why Tiger Woods is prone to the same mistake in high pressure putting situations that you and I are Why professional teams routinely overvalue draft picks The myth of momentum or the hot hand in sports and why so many fans coaches and broadcasters fervently subscribe to it Why NFL coaches rarely go for a first down on fourth down situations even when their reluctance to do so reduces their chances of winning In an engaging narrative that takes us from the putting greens of Augusta to the grid iron of a small parochial high school in Arkansas Scorecasting will forever change how you view the game whatever your favorite sport might be **The Wages of Wins** David J. Berri,Martin B. Schmidt,Stacey L. Brook,2007-09-04 Arguing about sports is as old as the games people play Over the years sports debates have become muddled by many myths that do not match the numbers generated by those playing the games In The Wages of Wins the authors use layman s language and easy to follow examples based on their own academic research to debunk many of the most commonly held beliefs about sports In this updated version of their book these authors explain why Allen Iverson leaving Philadelphia made the 76ers a better team why the Yankees find it so hard to repeat their success from the late 1990s and why even great quarterbacks like Brett Favre are consistently inconsistent The book names names and makes it abundantly clear that much of the decision making of coaches and general managers does not hold up to an analysis of the numbers Whether you are a fantasy league fanatic or a casual weekend fan much of what you believe about sports will change after reading this book **Laker Dreams** Mike MD Davies,2024-10-30 The path to the NBA was not straightforward or conventional for Dalton Knecht Laker Dreams recounts the tale of a determined young athlete who begins his journey in humble origins in Fargo North Dakota and eventually wears the legendary purple and gold jersey of the Los Angeles Lakers He travels through junior college improving his skills and facing uncertainties then continues to Northern Colorado and the University of Tennessee where his exceptional play attracts attention from NBA scouts and supporters In this motivating life

story track Dalton as he faces the distinct hurdles of each phase from moving to Tennessee and competing in its tough SEC league to the stressful NBA Draft night where his aspirations are on the line After getting picked by the Lakers Dalton must endure the challenges of being a rookie practicing with renowned teammates navigating his debut NBA season and earning his place in one of basketball's top teams Laker Dreams goes beyond just a sports tale it showcases the qualities of determination strength and the idea that achieving greatness is attainable for anyone regardless of their origins Perfect for basketball enthusiasts and those who love stories of inspiration this book showcases a young athlete's drive to turn his dream into a reality
