History of the Big Bonanza Mark Twain, One easily gets a surface knowledge of any remote country through the writings of travelers The inner life of such a country is not very often presented to the reader The outside of a strange house is interesting but the people the life and the furniture inside are far more so Nevada is peculiarly a surface known country for no one has written of that land who had lived long there and made himself competent to furnish an inside view to the public I think the present volume supplies this defect in an eminently satisfactory way The writer of it has spent sixteen years in the heart of the silver

mining region as one of the editors of the principal daily newspaper of Nevada he is thoroughly acquainted with his subject and wields a practiced pen He is a gentleman of character and reliability
