Rob Hanes Archives Randy Reynaldo,1996-03 *The Rob Hanes Archives* Randy Reynaldo,1996 When I first conceived Rob in the mid 1970s I was an aspiring cartoonist of some 15 years of age determined to bring daily adventure back to the newspapers with Rob Hanes With the 90s I began self publishing the stories as a small press fanzine under the title of Adventure Strip Digest In this book are the stories from the original ashcan run plus one new story Since I don t intend to release these earlier stories in the regular comic book this collection consolidates the entire early run in one convenient volume pretty much in the order they were meant to be read Introduction by Randy Reynaldo **Pennsylvania Archives** Samuel Hazard,John Blair Linn,William Henry Egle,George Edward Reed,Thomas Lynch Montgomery,Gertrude MacKinney,Charles Francis Hoban,1906 A collection of documents supplementing the companion series known as Colonial records of Pennsylvania which contain the minutes of the Provincial Council of the Council of Safety and of the Supreme Executive Council of Pennsylvania **Brain Magnet** Alex Sayf Cummings,2020-04-28 Beginning in the 1950s a group of academics businesspeople and politicians set out on an ambitious project to remake North Carolina s low wage economy They pitched the universities of Raleigh Durham and Chapel Hill as the kernel of a tech hub Research Triangle Park which would lure a new class of highly educated workers In the process they created a blueprint for what would become known as the knowledge economy a future built on intellectual labor and the production of intellectual property In Brain Magnet Alex Sayf Cummings reveals the significance of Research Triangle Park to the emergence of the high tech economy in a postindustrial United States She analyzes the use of ideas of culture and creativity to fuel economic development how workers experienced life in the Triangle and the role of the federal government in bringing the modern technology industry into being As Raleigh Durham and Chapel Hill were transformed by high tech development the old South gave way to a distinctly new one which welded the intellectual power of universities to a vision of the suburban good life Cummings pinpoints how the story of the Research Triangle sheds new light on the origins of today s urban landscape in which innovation as exemplified by the tech industry is lauded as the engine of economic growth against a backdrop of gentrification and inequality Placing the knowledge economy in a broader cultural and intellectual context Brain Magnet offers vital insight into how tech driven development occurs and the people and places left in its wake Report of the Division of Library and Library School University of North Carolina (1793-1962). and History,1905 **The Posner Files** Gerald Posner,2018-10-02 Definitive accounts of JFK s and Martin Luther King s assassinations by a Pulitzer Prize finalist and New York Times bestselling author Case Closed A Pulitzer Prize finalist and New York Times bestseller Case Closed is a vivid and straightforward account that stands as one of the most authoritative books on the assassination of John F Kennedy Drawing from official sources and dozens of interviews filled with powerful historical detail and including an updated comment for the fiftieth anniversary Posner s utterly convincing book lays to rest all of the convoluted conspiracy theories concerning the mafia a second shooter and the CIA that have obscured what really happened in Dealey Plaza on November 22 1963 Chicago Tribune By far the most lucid and compelling account of what probably did happen in Dallas and what almost certainly did not The New York Times Book Review Killing the Dream On April 4 1968 Martin Luther King Jr was killed in Memphis Tennessee by a single assassin s bullet James Earl Ray was seen fleeing from a rooming house that overlooked the hotel balcony where King was shot An international manhunt ended two months later with Ray s capture Though Ray initially pled guilty he quickly recanted and for the rest of his life insisted he was an unwitting pawn in a grand conspiracy In Killing the Dream expert investigative reporter Gerald Posner cuts through phony witnesses false claims and a web of misinformation to put Ray s conspiracy theory to rest and disclose what really happened the day King was murdered A superb book a model of investigation meticulous in its discovery and presentation of evidence unbiased in its exploration of every claim And it is a wonderfully readable book as gripping as a first class detective story The New York Times **Report of the Department of Public Records and Archives of Ontario** Ontario.
