Robert Bresson:

Robert Bresson Tony Pipolo, 2010-01-19 Robert Bresson A Passion for Film looks at the great filmmaker's body of work not only by coming to terms with its thematic preoccupations and the development of its unique authorial style but also in terms of the oeuvre's seminal place in the history of film. The filmic rhetoric that Bresson pursued was nothing less than an effort to create film narrative's exemplary form throwing off the conventions of the theater and acting that still dominate mainstream filmmaking. In this respect Bresson's films are no less ground breaking than those of D. W. Griffith and Sergei Eisenstein whose formal innovations have been thoroughly explored. Wonderfully written and subtle in its exploration of literary models and source material, Pipolo's book is the first comprehensive study to give equal attention to the films, their literary sources, and psycho-biographical aspects of the work. A thorough portrait of Bresson's sources, style, and biography are explored via a chronological investigation of his films, yielding a rich analysis worthy of this master filmmaker. **Robert Bresson** Keith Reader, 2000-09-02 This book provides a comprehensive introduction to the work of Robert Bresson, one of the most respected and acclaimed directors in the history of cinema. Bresson's unique use of models, his refusal of the term actors, his sparse and elliptical editing style, his rejection of conventional psychological realism, make his work all but unique and instantly recognizable. This is the first monograph on his work to appear in English for many years and deals with his thirteen feature length films and his short treatise Notes on Cinematography. *Robert Bresson: A Passion for Film* Tony Pipolo, 2010-01-19 Perhaps the most highly regarded French filmmaker after Jean Renoir, Robert Bresson created a new kind of cinema through meticulous refinement of the form's grammatical and expressive possibilities. In thirteen features over a forty year career, he held to an uncompromising moral vision and aesthetic rigor that remain unmatched. Robert Bresson A Passion for Film is the first comprehensive study to give equal attention to the films, their literary sources, and psycho-biographical aspects of the work. Concentrating on the films' cinematographic, imagistic, narrative, and thematic structures, Pipolo provides a nuanced analysis of each film, including nearly 100 illustrations elucidating Bresson's unique style as it evolved from the impassioned *Les Anges du péché* to such disconsolate meditations on the world as *The Devil Probably* and *L'Argent*. Special attention is also given to psychosexual aspects of the films that are usually neglected. Bresson has long needed a thoroughgoing treatment by a critic worthy of the task; he gets it here. From it emerges a provocative portrait of an extraordinary artist whose moral engagement and devotion to the craft of filmmaking are without equal. **Robert Bresson (Revised)** Cinematheque Ontario, 1998 An examination of the French director's vision and style. **The Invention of Robert Bresson** Colin Burnett, 2016-12-19 Challenging the prevailing notion among cinephiles that the auteur is an isolated genius interested primarily in individualism, Colin Burnett positions Robert Bresson as one whose life's work confronts the cultural forces that helped shape it. Regarded as one of film history's most elusive figures, Bresson (1901-1999) carried himself as an auteur long before cultural magazines like the famed *Cahiers du cinéma* advanced the term to describe such directors.

as Jacques Tati Alfred Hitchcock and Jean Luc Godard In this groundbreaking study Burnett combines biography with cultural history to uncover the roots of the auteur in the alternative cultural marketplace of midcentury France **The Films of Robert Bresson** Professor Bert Cardullo, 2009-07 The Films of Robert Bresson A Casebook presents an outstanding collection of essays and interviews with this legendary auteur many of which were written by renowned directors and critics including Jean Luc Godard Susan Sontag and Francois Truffaut Notes on the Cinematograph Robert Bresson, 2016-11-15 The French film director Robert Bresson was one of the great artists of the twentieth century and among the most radical original and radiant stylists of any time He worked with nonprofessional actors models as he called them and deployed a starkly limited but hypnotic array of sounds and images to produce such classic works as A Man Escaped Pickpocket Diary of a Country Priest and Lancelot of the Lake From the beginning to the end of his career Bresson dedicated himself to making movies in which nothing is superfluous and everything is always at stake Notes on the Cinematograph distills the essence of Bresson s theory and practice as a filmmaker and artist He discusses the fundamental differences between theater and film parses the deep grammar of silence music and noise and affirms the mysterious power of the image to unlock the human soul This book indispensable for admirers of this great director and for students of the cinema will also prove an inspiration much like Rilke s Letters to a Young Poet for anyone who responds to the claims of the imagination at its most searching and rigorous **Neither God Nor Master** Brian Price, 2011 Based on the author s doctoral dissertation New York University Robert Bresson Joseph Cunneen, 2004-04-19 Although Robert Bresson is widely regarded by movie critics and students of the cinema as one of the greatest directors of the twentieth century his films are largely unknown and are rarely shown in the English speaking world Nonetheless Susan Sontag has called Bresson the master of the reflective mode in film Martin Scorsese suggested that a young filmmaker should ask Is it as tough as Bresson Is meaning as ruthlessly pared down as direct as unflinching in its gaze at aspects of life I might feel more comfortable ignoring Questions that every reader of this book and every viewer of Bresson s films will also ask Joseph Cunneen s book now in paperback introduces Bresson s movies to a broader audience assesses thirteen of his most significant films in the context of detailed plot summaries vivid descriptions of characters and settings and perceptive jargon free insights into the director s execution intention and technique Each of these films in its own way illustrates what Joseph Cunneen calls Bresson s spiritual style Though not necessarily focused on the explicitly religious they illustrate two complementary principles on the negative side the rejection of what the director called photographed theater with its artificiality and dependence on celebrity performers On the more positive side as Bresson himself expressed it the conviction that The supernatural is only the real rendered more precise real things seen close up *Bresson on Bresson: Interviews, 1943-1983* Robert Bresson, 2016-11-15 Robert Bresson the director of such cinematic master pieces as Pickpocket A Man Escaped Mouchette and L Argent was one of the most influential directors in the history of French film as well as one of the most stubbornly individual He insisted on the use of

nonprofessional actors he shunned the advances of Cinerama and Cinema Scope and the work of most of his predecessors and peers and he minced no words about the damaging influence of capitalism and the studio system on the still developing in his view art of film Bresson on Bresson collects the most significant interviews that Bresson gave carefully editing them before they were released over the course of his forty year career to reveal both the internal consistency and the consistently exploratory character of his body of work Successive chapters are dedicated to each of his fourteen films as well as to the question of literary adaptation the nature of the sound track and to Bresson s one book the great aphoristic treatise Notes on the Cinematograph Throughout his close and careful consideration of his own films and of the art of film is punctuated by such telling mantras as Sound invented silence in cinema It s the film that gives life to the characters not the characters that give life to the film and echoing the Bible Every idle word shall be counted Bresson s integrity and originality earned him the admiration of younger directors from Jean Luc Godard and Jacques Rivette to Olivier Assayas And though Bresson s movies are marked everywhere by an air of intense deliberation these interviews show that they were no less inspired by a near religious belief in the value of intuition not only that of the creator but that of the audience which he claims to deeply respect It s always ready to feel before it understands And that s how it should be *Robert Bresson* Robert Bresson, Michel Estève, 1962 **Fragments** Lindley Hanlon, 1986 The Bressonians Codruța Morari, 2017-07-01 How should we understand film authorship in an era when the idea of the solitary and sovereign auteur has come under attack with critics proclaiming the death of the author and the end of cinema The Bressonians provides an answer in the form of a strikingly original study of Bresson and his influence on the work of filmmakers Jean Eustache and Maurice Pialat Extending the discourse of authorship beyond the idea of a singular visionary it explores how the imperatives of excellence function within cinema s pluralistic community Bresson s example offered both an artistic legacy and a creative burden within which filmmakers reckoned in different often arduous and altogether compelling ways *The films of Robert Bresson* Robert Bresson, 1969 *Robert Bresson* Robert B. Pippin, 2026-01-19 A philosophical engagement with Bresson s many films attentive to more than their religiosity Over a forty year career Robert Bresson developed one of the most distinctive cinematic styles in the history of filmmaking Criticizing conventional movies as filmed theater Bresson proposed instead a way of writing with images which he called cinematographs Robert B Pippin argues here for a way of understanding how these stylistic innovations express a range of philosophical commitments explorations of the possible sources of meaning in late modern life and the implications of the absence of such sources *The Films of Robert Bresson* Ian Alexander Cameron, 1969 Robert Bresson Adelio Ferrero, Nuccio Lodato, 2004 **The Holy Fool in European Cinema** Alina G. Birzache, 2016-02-05 This monograph explores the way that the profile and the critical functions of the holy fool have developed in European cinema allowing this traditional figure to capture the imagination of new generations in an age of religious pluralism and secularization Alina Birzache traces the cultural origins of the figure of the holy fool across a variety

of European traditions In so doing she examines the critical functions of the holy fool as well as how filmmakers have used the figure to respond to and critique aspects of the modern world Using a comparative approach this study for the first time offers a comprehensive explanation of the enduring appeal of this protean and fascinating cinematic character Birzache examines the trope of holy foolishness in Soviet and post Soviet cinema French cinema and Danish cinema corresponding broadly to and permitting analysis of the three main orientations in European Christianity Orthodox Catholic and Protestant This study will be of keen interest to scholars of religion and film European cinema and comparative religion

Hermeneutic Humility and the Political Theology of Cinema Sean Desilets, 2016-06-10 This book revisits the tradition of Western religious cinema in light of scholarship on St Paul's political theology The book's subtitle derives from the account in the Book of Acts that St Paul was temporarily blinded in the wake of his conversion on the road to Damascus In imitation of Paul the films on which Sean Desilets's analysis hinges including those of Carl Th Dreyer Robert Bresson Pier Paolo Pasolini and Carlos Reygadas place a god blind mechanism the camera between themselves and the divine Desilets calls the posture they adopt hermeneutic humility hermeneutic in that it interprets the world but humble in that it pays particular even obsessive attention to its own limits Though these films may not consciously reflect Pauline theology Desilets argues that they participate in a messianic hermeneutic tradition that runs from Paul through St Augustine Blaise Pascal Karl Barth and Walter Benjamin and which contributes significantly to contemporary discussions in poststructuralist literary theory political theology and religious studies Desilets's insightful explication of Jean Luc Nancy's deconstruction of Christianity and Giorgio Agamben's recent work on religion makes a substantial contribution to film philosophy and emerging critical trends in the study of religion and film This book puts forward a nuanced theoretical framework that will be useful for film scholars students of contemporary political theology and scholars interested in the intersections of religion and media
