Selected and Edited by Constance and Jack Glenn* ,1988 **Robert Motherwell** ,2002 **Robert Motherwell** Mary Ann Caws, 2013-06-01 Robert Motherwell was by far the most intellectual and articulate of the Abstract Expressionists This book written by a friend of the artist the well known writer and critic Mary Ann Caws examines Motherwell's way of thinking and writing in relation to his paintings The artist American by birth yet simultaneously American and European in his way of visualizing and vocalizing artistic and philosophical traditions always worked between these two poles and it is this tension that imbues his work with its particular intensity The author bases her analysis of Motherwell on the artist's own writings and readings as well as on extensive conversations and interviews with him She considers his work and interests in relation to those of other Abstract Expressionists as well as to the work of the Surrealists Her book highlights his deep attraction to France and French literature and art and his concern with the idea of elegy and the tragedy of the Spanish Civil War His singularly American spirit provided him with a manner of painting and thinking unique among the Abstract Expressionists as well as with a distinctive and highly personal filter through which to interpret his fascination with European literature and history

Robert Motherwell On Paper Robert Motherwell, 1997 The Abstract Expressionist artist Robert Motherwell 1915-1991 was best known as a painter but he also created a remarkable body of works on paper The drawings prints and collages in this book show a more intimate side of his visual sensibility they reveal the very personal handwriting of the artist as he responded to the subtleties of paper both as a medium and a material Motherwell was in fact a most extraordinary draftsman as this volume testifies Reproduced in color and in a generous format are more than a hundred of the artist's finest works on paper The book is published to accompany an exhibition at the Miriam and Ira D. Wallach Art Gallery at Columbia University an exhibition that was conceived and developed in discussions with the artist during the final year of his life For this celebration of Motherwell's creative legacy David Rosand has gathered a distinguished group of contributors Together their essays on different aspects of Motherwell's work create a complex picture of a multifaceted artist Art Books Wolfgang M. Freitag, 2013-10-28 First published in 1997 For this second edition of Art Books A Basic Bibliography of Monographs on Artists the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten

years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition

The Prints of Robert Motherwell Stephanie Terenzio, Robert Motherwell, Dorothy C. Belknap, 1991 This magnificent volume provides a definitive study of the great Abstract Expressionist artist's work as a printmaker This long awaited third edition documents and reproduces all his graphic work to 1990 covering more than 450 prints The text includes an extensive series of interviews with master printers and publishers

Minos and the Moderns Theodore Ziolkowski, 2008-07-17 Minos and the Moderns considers three mythological complexes that enjoyed a unique surge of interest in early twentieth century European art and literature Europa and the bull the minotaur and the labyrinth and Daedalus and Icarus All three are situated on the island of Crete and are linked by the figure of King Minos Drawing examples from fiction poetry drama painting sculpture opera and ballet Minos and the Moderns is the first book of its kind to treat the role of the Cretan myths in the modern imagination Beginning with the resurgence of Crete in the modern consciousness in 1900 following the excavations of Sir Arthur Evans Theodore Ziolkowski shows how the tale of Europa in poetry drama and art but also in cartoons advertising and currency was initially seized upon as a story of sexual awakening then as a vehicle for social and political satire and finally as a symbol of European unity In contrast the minotaur provided artists ranging from Picasso to Durrenmatt with an image of the artist's sense of alienation while the labyrinth suggested to many writers the threatening sociopolitical world of the twentieth century Ziolkowski also considers the roles of such modern figures as Marx Nietzsche and Freud of travelers to Greece and Crete from Isadora Duncan to Henry Miller and of the theorists and writers including T S Eliot and Thomas Mann who hailed the use of myth in modern literature Minos and the Moderns concludes with a summary

of the manners in which the economic aesthetic psychological and anthropological revisions enabled precisely these myths to be taken up as a mirror of modern consciousness The book will appeal to all readers interested in the classical tradition and its continuing relevance and especially to scholars of Classics and modern literatures *The Collected Writings of Robert Motherwell* Robert Motherwell,1999 Writings on art from 1941 to 1988 **Joycean Cultures, Culturing Joyces** Vincent John Cheng, Kimberly J. Devlin, Margot Norris,1998 This volume presents a cultural criticism that analyzes the politics art fashion and constructions of the body inscribed and transcribed in the Joycean text The essays illustrate the dynamic interaction of art culture and criticism They simultaneously explore the impact that Joyce s own culture both high and low had on his art while assessing Joyce s reciprocal influence on our own contemporary culture Following the paths of a long and pluralistic tradition of Joyce criticism the new methodologies in this volume create or culture a new Joyce for the nineties
