Robert K Merton An Intellectual Profile:

Robert K. Merton, an Intellectual Profile Piotr Sztompka,1986 Robert K. Merton, an Intellectual Profile Piotr Sztompka,1986 **Robert K. Merton and**

Contemporary Sociology Carlo Mongardini,2018-04-17 This volume offers scholars of sociology and allied areas the fruits of an international conference on the contributions of the eminent Robert K Merton The assessment as good in content as well as in participants took place in Amalfi Italy with the participation of Merton himself and under the auspices of the Italian Sociology Association Carlo Mongardini aptly summarizes the unique impact of Merton on the social theory of our century His strength as a classic writer lies in his balance unveiling complexity and in his humanism which looks beyond the apparent simplicity and coherence of social reality A special treat is the final chapter by Merton reviewing Unanticipated Consequences and Kindred Sociological Ideas In it he ranges from the historical antecedents of the concept to his own evolution in the use and expansion of the idea Merton approaches the development of his thought as installments rather than simple evolution and in so doing gives us unique insight into how he built upon his originating notions in the context of social science as it existed in the United States Tensions between integrating scholarship and reaching the general public provide a special insight into Merton that might prove new even to those who know his work well Contributors to this original volume include Volker Meja Nico Stehr Paolo Ammassari Gianni Statera Birgitta Nedelmann Harriet Zuckerman Piotr Sztompka Peter Gerlich Charles Crothers Elena Besozzi and Arnold Zongerle among others The chapters address the full range of Merton's work with special emphasis on such areas as anomie structural analysis the relationship of theory to research patterns of latent and manifest influence and even the application of Mertonian concepts to the analysis of Merton as a scholar This unusual compendium translated from the Italian will interest social researchers across the academic spectrum

Reintroducing Robert K. Merton Charles Crothers,2020-12-30 This book reintroduces the work of Robert K Merton as a bridge between classical sociology and modern sociology Founded in the sociological classics but developing a modern approach to the advancement of theory and research methodology Merton's thought helped to construct modern sociology in its coverage of many of the social institutional areas of contemporary society Recovering and analysing the system of structural analysis which Merton progressively developed a system largely overlooked due to the tendency among commentators to stereotype him as a functionalist the author considers the applications of this approach to various substantive fields particularly science and criminal justice and examines the effect of Merton's later sociological semantics on his overall schema A clear and accessible presentation of the array of concepts introduced by Merton to sociology Reintroducing Robert K Merton will appeal to scholars and students with interests in sociological theory social research the history of sociology and the various substantive areas covered in the work of Merton deviance science and communications

The Anthem Companion to Robert K. Merton Charles Crothers,Lorenzo Sabetta,2022-09-13 Robert K Merton's

sociological work spans several decades 1920s childhood 1930s anomie science unanticipated 1940s housing studies mass communications structural functional analysis professions focus groups 1950s reference groups 1960s ambivalence and later decades structural analysis sociological semantics cultural sociology He particularly contributed to sociology during a period when several specialties were being set up and yet his work spans both general and specialist sociologies He is recognized as the father of anomie strain theory focus groups sociology of science role set theory analytical sociology structural functional analysis ambivalence studies and sociological semantics but always endeavoured to keep the multifarious threads of sociology together Merton stood at the junction of many other crossroads classical and modern sociology American and European sociology theory and research philosophy of social science and applied sociology pure academic sociology and applied sociology cognitive and social social sciences and humanities social sciences and science Yet the different components of RKM's work relate to each other RKM had a major effect on the baby boomer generation of sociology who joined the ranks of sociology at a time of great expansion of university positions across many developed countries Other generations of sociologists so far less exposed to his work should gain much from consideration of the essays in this volume

The Blackwell Companion to Major Contemporary Social Theorists George Ritzer, 2008-04-15 The Blackwell Companion to Major Contemporary Social Theorists is a survey of contemporary social theory that focuses on the thinkers themselves In original essays especially commissioned for this volume leading experts and practitioners examine the life and work of 13 major theorists such as Elias Baudrillard Giddens and Butler Includes 13 original essays by leading scholars on major contemporary social theorists Covers key figures such as Elias Goffman Foucault Habermas Giddens Bourdieu and Butler Essays include biographical sketches the social and intellectual context and the impact of the thinker's work on social theory generally Includes bibliographies of the theorist's most important works as well as key secondary works Can be used in conjunction with The Blackwell Companion to Major Classical Social Theorists edited by George Ritzer for a complete reference source in social theory

The Oxford Handbook of Analytical Sociology Peter Hedström, Peter Bearman, 2011-01-06 Analytical sociology is a strategy for understanding the social world It is concerned with explaining important social facts such as network structures patterns of residential segregation typical beliefs cultural tastes and common ways of acting It explains such facts by detailing in clear and precise ways the mechanisms through which the social facts were brought about Making sense of the relationship between micro and macro thus is one of the central concerns of analytical sociology The approach is a contemporary incarnation of Robert K Merton's notion of middle range theory and presents a vision of sociological theory as a tool box of semi general theories each of which is adequate for explaining certain types of phenomena The Handbook brings together some of the most prominent sociologists in the world Some of the chapters focus on action and interaction as the cogs and wheels of social processes while others consider the dynamic social processes that these actions and interactions bring about

On Social Structure and Science Robert K.

Merton,1996-09-15 Robert K Merton is unarguably one of the most influential sociologists of his time A figure whose wide ranging theoretical and methodological contributions have become fundamental to the field Merton is best known for introducing such concepts and procedures as unanticipated consequences self fulfilling prophecies focused group interviews middle range theory opportunity structure and analytic paradigms This definitive compilation encompasses the breadth and brilliance of his works from the earliest to the most recent Merton s foundational writings on social structure and process on the sociology of science and knowledge and on the discipline and trajectory of sociology itself are all powerfully represented as are his autobiographical insights in a fascinating coda Anchored by Piotr Sztompka s contextualizing introduction Merton s vast oeuvre emerges as a dynamic and profoundly coherent system of thought a constant source of vitality and renewal for present and future sociology

Sociological Visions

Kai Erikson,1997 All of the essays are by authors whose sociological vision has had a profound impact on our culture

Classical and Contemporary Sociological Theory

Scott Appelrouth,Laura Desfor Edles,2008 A unique hybrid of text and readings this book combines the major writings of sociology s core classical and contemporary theorists with an historical as well as theoretical framework for understanding them Laura Desfor Edles and Scott A Appelrouth provide not just a biographical and theoretical summary of each theorist reading but an overarching scaffolding which students can use to examine compare and contrast each theorists major themes and concepts No other theory text combines such student friendly explanation and analysis with original theoretical works Key features include Pedagogical devices and visual aids charts figures and photographs to help summarize key concepts illuminate complex ideas and provoke student interest Chapters on well known figures such as Marx Weber Durkheim Parsons and Foucault as well as an in depth discussion of lesser known voices such as Charlotte Perkins Gilman WEB Du Bois and Leslie Sklair Photos of not only the theorists but of the historical milieu from which the theories arose as well as a glossary at the back

Social Movements and Cultural Change

Leo d'Anjou, As a result of the efforts of the Abolition Committee in Great Britain in the half decade between 1787 and 1792 slavery and the slave trade previously accepted as necessary evils were perceived as gross injustices and evils to be eradicated This volume examines that first abolition movement in order to show how social movements produce and alter meanings thus bringing about cultural change

Dimensions of

Sociological Theory David Cheal,2017-09-16 There are many differences of opinion between sociologists about how best to investigate social issues and about the quality of the answers that different questions produce This book looks at a range of sociological theories from the last 200 years taking a thematic approach that helps students to better integrate the material and to understand the significance of the individual theorists With illustrations from the work of John Stuart Mill Emile Durkheim Talcott Parsons Karl Marx Karl Mannheim Michel Foucault Anthony Giddens and Erving Goffman this book provides an accessible and comprehensive guide for introductory students of sociology and social theory

Key

Sociological Thinkers Rob Stones,2017-09-16 The third edition of this popular and established core textbook provides an

invaluable guide to 24 of the most influential thinkers in Sociology Written by leading academics in the field Key Sociological Thinkers provides a clear and contextualised introduction to classical and contemporary theory Each chapter offers an insightful assessment of a different theorist exploring their lives works and legacies and in a much valued Seeing Things Differently section authors demonstrate how each thinker's ideas can be used to illuminate aspects of social life in new ways With frameworks for deep learning around group discussion this continues to be an essential text for undergraduate and postgraduate modules on sociological and social theory New to this Edition Four new chapters on Mead Du Bois Latour and Alexander Five chapters by new authors on existing key thinkers Durkheim Merton Goffman Bourdieu and Giddens A major new introduction An updated structured and annotated Further Reading section for each thinker Extended accounts of 13 additional thinkers who have influenced or been influenced by the key thinkers **Pitirim A. Sorokin** Barry V.

Johnston, 1995 Pitirim A Sorokin 1889 1968 was one of the most original important and controversial figures in American sociology His spectacular rise from a peasant childhood in Czarist Russia to the Olympian heights of Harvard University provides an unlikely and fascinating lens for examining the history of an entire discipline And as Barry Johnston shows his equally dramatic fall from favor and unexpected resurrection illuminate both Sorokin's life and the tempestuous world of academic politics An outspoken revolutionary and secretary to Alexander Kerensky Sorokin was imprisoned and ordered executed by Lenin then reprieved and exiled During the 1920s he flourished as a teacher and scholar at the University of Minnesota where he published several pioneering books on the Russian Revolution social mobility sociological theory and rural sociology Harvard president A Lawrence Lowell was so impressed that he recruited Sorokin to chair the university's first department of sociology From 1930 to 1944 the department prospered under Sorokin's leadership attracting an entire generation of young scholars who in their own right would have a profound impact on the discipline In this period Sorokin published several volumes of his magnum opus Social and Cultural Dynamics and became embroiled in a bitter battle with rival Talcott Parsons for control of the department Parsons ultimately deposed Sorokin and transformed sociology into the Department of Social Relations Sorokin nevertheless stayed on at Harvard where he established the Center for Creative Altruism but otherwise continued to work in relative obscurity Finally in 1963 after years in eclipse Sorokin was recognized for his accomplishments when he was elected president of the American Sociological Association During a long and distinguished career Sorokin amassed an amazingly diverse and substantial body of work much of which set the standard for the field At the same time he broke with the conventions of sociology frequently ridiculing and taunting his less adventurous colleagues For his heresy the flamboyant Sorokin was condemned and driven to the periphery of a profession anxious for legitimacy as a science As a result Sorokin's ideas have been consistently ignored and misunderstood for more than a quarter century Based on exhaustive research in Sorokin's papers and the Harvard archives as well as interviews with Sorokin's surviving family members former students and colleagues this biography restores Sorokin to his rightful place in the

pantheon of American intellectuals **Exploring Modern Probation** Philip Whitehead,2010 Since 1997 the probation service an integral component of criminal justice for over 100 years has been subject to a politically driven process of modernisation and cultural transformation This innovative book explores this probation modernisation by using social theories associated with Durkheim Weber Marx and Foucault The book combines this theoretical analysis with empirical research from interviews which highlights challenges to as well as support of the politics of modernisation This research is unique in providing insights into what representatives of other organisations think about probation from the outside looking in This up to date text will be essential reading for undergraduate and postgraduate students of probation criminology criminal and social justice and allied disciplines

Encyclopedia of Social Theory George Ritzer,2004-08-11 Click Additional Materials for downloadable samples The Encyclopedia of Social Theory is an indispensable reference source for anyone interested in the roots of contemporary social theory It examines the global landscape of all the key theories and the theorists behind them presenting them in the context needed to understand their strengths and weaknesses Theories covered include Critical Theory Enlightenment Ethnomethodology Exchange Theory Feminism Marxist Theory Multiculturalism Phenomenology Postmodernism Rational Choice Structural Fundamentalism Led by internationally renowned scholar George Ritzer the Encyclopedia of Social Theory draws together a team of more than 200 international scholars covering the developments achievements and prospects of social theory from its inception in the 18th century to the present Understanding that social theory can both explain and alter the social world this two volume set serves as not only a foundation for learning but also an inspiration for creative and reflexive engagement with the rich range of ideas it contains Key Themes American Social Theory British Social Theory Comparative and Historical Theory Cultural Theory Economic Sociology Feminist Theory French Social Theory German Social Theory Macrosociological Theories Marxist and Neo Marxist Approaches Method and Metatheory Network and Exchange Theories Other Multiple National Traditions Politics and Government Postmodern Theory Psychoanalytic Theory Schools and Theoretical Approaches Symbolic Interaction and Microsociology Theorists Topics and Concepts in Social Theory Key Features More than 300 entries from fourteen countries Master Bibliography Reader s Guide Extensive biographical coverage of major theorists Extensive cross referencing

Sociological Theory in the Contemporary Era Scott Appelrouth,Laura Desfor Edles,2010-11-29 Uses a proven text reader hybrid format to introduce contemporary theorists their original works and a theoretical framework for understanding them Praise for Sociological Theory in the Contemporary Era Current users of most other theory texts should take notice of Sociological Theory in the Contemporary Era as it rivals existing volumes with its accessibility and its selections Dustin Kidd Temple University TEACHING SOCIOLOGY Vol 36 2008 April 161 184 Sociological Theory in the Contemporary Era Second Edition combines well edited important original writings from sociology s core contemporary theorists with introductory text that provides a historical and theoretical framework for understanding them Authors Scott Appelrouth and Laura Desfor

Edles use this unique text reader approach to introduce students to contemporary sociological theory in a lively and engaging fashion The text reader provides not only a biographical and theoretical summary of each theorist s works but also an overarching scaffolding that students can use to examine compare and contrast each theorist s major themes and concepts The book also offers discussions of past social and intellectual milieus to provide a holistic picture of the development of the theories discussed Contributor to the SAGE Teaching Innovations and Professional Development Award **State**

Formation After Civil War Derek M Powell,2016-08-05 State formation after civil war offers a new model for studying the formation of the state in a national peace transition as an integrated national phenomenon Current models of peacebuilding and state building limit that possibility reproducing a fragmented selective view of this complex reality Placing too much emphasis on state building as design they place too little on understanding state formation as unplanned historical process The dominant focus on national institutions also ignores the role that cities and civic polities have played in constituting the modern state Mining ideas from many disciplines and evidence from 19 peace processes including South Africa the book argues that the starting point for building a systematic theory is to explain a distinct pattern to state formation that can be observed in practice Despite their conflicts people in fragile societies bargain terms for peaceful coexistence they make attempts to constitute the right to rule as valid state authority in circumstances prone to conflict over which they have imperfect influence not control Though the kind of institutions created will differ with context how rules for state authority are institutionalized follows a consistent basic pattern That pattern defines state formation in peace transitions as both a unified if contingent field of normative practice and an object of comparative study Where the national centric models see local government as a matter belonging to policy on decentralization for later in the reconstruction phase the book uncovers a distinct local government dimension to peace transitions A civic dimension to national conflicts that must be explained incipient or proto local authorities that emerge even during civil war in peace making after state collapse the fact that it is common for peace agreements and constitutions to include rules for local authority for local elections to be held as part of broader democratization and for laws to be enacted to establish local government as part of peace compacts The book develops the concept of local peace transition to explain the distinctive constitutive role of this local dimension in peace making and state formation This path breaking book will be of compelling interest to practitioners scholars and students of comparative constitutional studies international law peace building and state building **How Does Social Science Work?**

Paul Diesing,1992-03-15 The culmination of a lifetime spent in a variety of fields sociology anthropology economics psychology and philosophy of science How Does Social Science Work takes an innovative sometimes iconoclastic look at social scientists at work in many disciplines It describes how they investigate and the kinds of truth they produce illuminating the weaknesses and dangers inherent in their research At once an analysis a critique and a synthesis this major study begins by surveying philosophical approaches to hermeneutics to examine the question of how social science ought to work It

illustrates many of its arguments with untraditional examples such as the reception of the work of the political biographer Robert Caro to show the hermeneutical problems of ethnographers The major part of the book surveys sociological political and psychological studies of social science to get a rounded picture of how social science works Paul Diesling warns that social science exists between two opposite kinds of degeneration a value free professionalism that lives only for publications that show off the latest techniques and a deep social concern that uses science for propaganda He argues for greater self awareness and humility among social scientists although he notes that some social scientists will angrily reject the thought that their personality affects their research in any way This profound and sometimes witty book will appeal to students and practitioners in the social sciences who are ready to take a fresh look at their field An extensive bibliography provides a wealth of references across an array of social science disciplines

Whispering the Secrets of Language: An Psychological Quest through **Robert K Merton An Intellectual Profile**

In a digitally-driven earth wherever monitors reign supreme and quick communication drowns out the subtleties of language, the profound secrets and mental subtleties hidden within words frequently get unheard.
