Brill, 2005 No Sasanian glass collection of comparable size and variety has yet been published and thus the objects at Corning provide a starting point for anyone who wishes to study the glass made in the Sasanian Empire

Corning Museum Roman Glass 24 Postcards Corning Museum of Glass Staff, Dover Publications Inc, 1987-08

Ancient Glass in the J. Paul Getty Museum Anastassios Antonaras, 2025-04-08 Illustrated with stunning new photography this catalogue details the J Paul Getty Museum s phenomenal holdings of ancient glass spanning three millennia The J Paul Getty Museum s collection of ancient glass astonishingly delicate richly hued and fancifully shaped is among the most celebrated in the United States Ranging from the Bronze Age to the medieval period 1500 BCE 1000 CE the 584 objects included in this publication originated from a wide geographical area including the Middle East the Mediterranean and central Europe This catalogue written by acclaimed scholar Anastassios Antonaras begins with a fascinating essay on the history of glassmaking a highly technical art form that is still practiced similarly today and continues with detailed and informative entries on the works Each entry is accompanied by vivid photography The book also includes a history of the collection glossary of glassmaking terms technical study and full bibliography The free online edition of this open access publication is available at getty.edu/publications/ancient-glass and includes 360 degree views and zoomable high resolution photography Also available are free PDF and EPUB downloads of the book and JPG downloads of the main catalogue images

Glass of the Roman World Justine Bayley, Ian Freestone, Caroline Jackson, 2015-07-31 Glass of the Roman World illustrates the arrival of new cultural systems mechanisms of trade and an expanded economic base in the early 1st millennium AD which in combination allowed the further development of the existing glass industry Glass became something which encompassed more than simply a novel and highly decorative material Glass production grew and its consumption increased until it was assimilated into all levels of society used for display and luxury items but equally for utilitarian containers windows and even tools These

18 papers by renowned international scholars include studies of glass from Europe and the Near East The authors write on a variety of topics where their work is at the forefront of new approaches to the subject They both extend and consolidate aspects of our understanding of how glass was produced traded and used throughout the Empire and the wider world drawing on chronology typology patterns of distribution and other methodologies including the incorporation of new scientific methods Though focusing on a single material the papers are firmly based in its archaeological context in the wider economy of the Roman world and consider glass as part of a complex material culture controlled by the expansion and contraction of the Empire The volume is presented in honor of Jenny Price a foremost scholar of Roman glass *Minhagim* Joseph Isaac Lifshitz, Naomi Feuchtwanger-Sarig, Simha Goldin, Jean Baumgarten, Hasia Diner, 2019-12-16 Parallel to the Halakhic laws the minhagim customs are dependent on local practices and the regional schools of sages and rabbis The minhagim played a decisive role in the history of the Jewish communities and in the formation of traditions of religious rulings They gave stability continuity and authority to the local institutions The impact of Jewish custom on daily life cannot be overestimated Evolving spontaneously as an ascending process it presents undercurrents that emanate from the folk gradually bringing about changes that eventually become part of the legislative code It further reflects influences of social cultural and mythological tendencies and local historical elements of every day life of the period The aim of this volume is to examine the concept of minhag in the broadest sense of the word Focusing on the relationship between various types of customs and their impact on every aspect of Jewish life the volume studies the historical anthropological religious and cultural development and function of rites and rituals in establishing the Jewish self definition and the identity of the local communities that adhered to them The volume s articles cover the subject of custom from three perspectives an analysis of the theoretical and legal definition of custom an analysis of the social and historical aspects of custom and an anecdotal study of several particular customs Customs are a wonderful historical prism by which to examine fluctuations and changes in Jewish life **A History of Research Into Ancient Egyptian Culture in Southeast Europe** Mladen Tomorad, 2015-02-26 This book will try to give a review of the history of the studies of Ancient Egypt done in Southeast Europe and present some of the latest research The book comprises a selection of papers in which scholars from various institutions of the region reviewed the different aspects of past studies along with recent research in the field **Annales du 17e Congrès de l'Association internationale pour l'histoire du verre** Koen H. A. Janssens, 2009 The 17th congress of the Association Internationale pour l'Histoire du Verre AIHV held in Antwerp Belgium from 4 to 8 September 2006 brought together scholars from all over the world specialized in the history of glass AIHV is an international organisation whose membership spans the globe from Los Angeles to Tokyo and from Helsinki to Adelaide Since its creation 50 years ago AIHV members have studied and reported on the extraordinary development of glass in all historical periods in the Annales of the AIHV Next to containing numerous contributions on the use manufacture and trade of glass in the Antique period also the importance of glass in more

recent historical periods starting from the 15th century and ending in the 21st century are dealt with in detail Additionally apart from contributions on stained glass on glass decoration and the use of enamelling a substantial series of papers dealing with the chemical analysis of glass form part of this proceedings volume Book Jacket

Word Becomes Image: Openwork vessels as a reflection of Late Antique transformation Hallie G. Meredith, 2015-07-31 Presents a diachronic investigation providing a rich case study as well as an approach tracing the contours of a category of Roman material culture defined by the Roman period technique of openwork carving This work shows how openwork vessels are a reflection of a wide reaching Roman cultural aesthetic

Art of Glass Geoffrey Edwards, National Gallery of Victoria, 1998 Jointly published by the National Gallery of Victoria and Macmillan Publishers Australia this book is the first publication to document in depth the nature extent and history of the National Gallery of Victorias celebrated glass collection Its author and expert on the art of glass Geoffrey Edwards has selected the most magnificent works from the collection each reproduced in colour as the basis for a broader discussion of the history of glassmaking in the worlds leading production centres from the ancient Mediterranean to the present day With fine photographs by Garry Sommerfeld this book provides a most spectacular visual array

Sasanian Archaeology: Settlements, Environment and Material Culture St John Simpson, 2022-12-22 This collection of essays offers an examination of the Sasanian empire based almost entirely on archaeological and scientific research much presented here for the first time The book is divided into three parts examining Sasanian sites settlements and landscapes their complex agricultural resources and their crafts and industries

The First Thousand Years of Glass-Making in the Ancient Near East Wendy Reade, 2021-04-08 This volume explores glass composition and production from the mid second to mid first millennia BC the first thousand years of glass making Multi element analyses of 132 glasses from Pella in Jordan and Nuzi and Nimrud in Iraq ancient Mesopotamia produce new and important data that provide insights into the earliest glass production

Ancient Glass Julian Henderson, 2016-02-04 This book is an interdisciplinary exploration of archaeological glass in which technological historical geological chemical and cultural aspects of the study of ancient glass are combined The book examines why and how this unique material was invented some 4 500 years ago and considers the ritual social economic and political contexts of its development The book also provides an in depth consideration of glass as a material the raw materials used to make it and its wide range of chemical compositions in both the East and the West from its invention to the seventeenth century AD Julian Henderson focuses on three contrasting archaeological and scientific case studies Late Bronze Age glass late Hellenistic early Roman glass and Islamic glass in the Middle East He considers in detail the provenances of ancient glass using scientific techniques and discusses a range of vessels and their uses in ancient societies

Collecting Inspiration: Edward C. Moore at Tiffany & Co. Medill Higgins Harvey, Andrea Achi, Deniz Beyazit, Monika Bincsik, John Byck, Sheila R. Canby, Maryam Ekhtiar, Moira Gallagher, Kyriaki Karoglou, Christopher S. Lightfoot, Pengliang Lu, Amy McHugh, Iris Moon, Annamarie Sandeck, Karen Stamm, Catherine D.

Stergar,2021-07-06 Edward C Moore 1827 1891 was the creative leader who brought Tiffany Co to unparalleled originality and success during the late nineteenth century A silversmith designer and prodigious collector Moore sought out exceptional objects from around the world which he then used as inspiration for Tiffany s innovative silver designs This informative richly illustrated volume the first study of Moore s life collection and influence presents more than 170 examples from his vast collection ranging from Greek and Roman glass to Spanish vases Islamic metalwork and Japanese textiles These are juxtaposed with sixty magnificent silver objects created by the designers and artisans at Tiffany who were inspired by Moore s acquisitions Included among them are the world famous Bryant Vase drawing upon Greek examples a love cup featuring ornate Saracenic decoration and a chocolate pot incorporating novel techniques influenced by Japanese ceramics and lacquerware The illuminating texts have been enriched by groundbreaking research into contemporary sources such as newspapers and periodicals the Tiffany Co Archives and a newly identified technical manual and supervisor s diaries all of which provide an intimate look at the firm s design processes and Moore s role in shaping them A valuable contribution to the history of American decorative arts Collecting Inspiration illuminates both the legendary Tiffany aesthetic and the legacy of a significant collector designer and entrepreneur of the Gilded Age

A Day in a Working Life Gary Westfahl,2015-04-21 Ideal for high school and college students studying history through the everyday lives of men and women this book offers intriguing information about the jobs that people have held from ancient times to the 21st century This unique book provides detailed studies of more than 300 occupations as they were practiced in 21 historical time periods ranging from prehistory to the present day Each profession is examined in a compelling essay that is specifically written to inform readers about career choices in different times and cultures and is accompanied by a bibliography of additional sources of information sidebars that relate historical issues to present day concerns as well as related historical documents Readers of this work will learn what each profession entailed or entails on a daily basis how one gained entry to the vocation training methods and typical compensation levels for the job The book provides sufficient specific detail to convey a comprehensive understanding of the experiences benefits and downsides of a given profession Selected accompanying documents further bring history to life by offering honest testimonies from people who actually worked in these occupations or interacted with those in that field

ship hydrostatics and stability sciencedirect - Jun 25 2022

web ship hydrostatics and stability is a complete guide to understanding ship hydrostatics in ship design and ship performance taking you from first principles through basic and applied theory to contemporary mathematical techniques for hydrostatic modeling and analysis real life examples of the practical application of hydrostatics are used to

sqa advanced unit specification unit title ship stability theory - Jul 07 2023

web 1 apply the theories affecting ship stability trim and stability calculations 2 analyse the factors and calculations concerning stability at large angles of heel 3 analyse and use stability stress diagrams and stress calculating equipment

numerical simulation of ship stability for dynamic environment - Feb 02 2023

web jul 1 2003 there are two ways of thinking with regard to the possible approach to the ship stability in wave x02022 using the available linear ship motion theory x02022 using the nonlinear theoretical model 2 1 equation of roll motion linear approach one of the main reasons of ship capsizing in waves is loss of stability in roll motion

hydrostatics and stability of marine vehicles theory and practice - Jan 01 2023

web this textbook covers hydrostatics and stability of ships and other floating marine structures a fundamental subject of naval architecture and offshore engineering it is for students without any prior knowledge of the subject as it introduces basic concepts in a methodical and step by step manner

a quantitative methodology for evaluating the ship stability using - Mar 03 2023

web jan 1 2021 fig 3 shows the flowchart of the imsisa model the first step is to generate the necessary imo stability

information gz curve mp and mr which includes the ten imo stability parameters a i they are converted into the imo stability parameter index s i a i by the imo stability parameter index formulas the main role of these equations are to
