India My Love Osho,2002-01-23 India is not just a geography or history It is not only a nation a country a mere piece of land It is something more it is a metaphor poetry something invisible but very tangible It is vibrating with certain energy fields that no other country can claim For almost ten thousand years thousands of people have reached to the ultimate explosion of consciousness Their vibration is still alive their impact is in the very air you just need a certain perceptivity a certain capacity to receive the invisible that surrounds this strange land It is strange because it has renounced everything for a single search the search for the truth In these pages we are treated to a spellbinding vision of what Osho calls the real India the India that has given birth to enlightened mystics and master musicians to the inspired poetry of the Upanishads and the breathtaking architecture of the Taj Mahal We travel through the landscape of India s golden past with Alexander the Great and meet the strange people he met along the way We are given a front row seat in the proceedings of the legendary court of the Moghul Emperor Akbar and an insider s view of the assemblies of Gautama the Buddha and his disciples In the process we discover just what it is about India that has made it a magnet for seekers for centuries and the importance of

Earthen Lamps Osho, 2016-11-08 One needs a very

sympathetic ear and a very sympathetic heart to understand these beautiful parables which are a rarity in Osho's work because they don't come from the talks that have made him so famous; the parables are actually written by him. Mystics like Buddha and Jesus talked in parables and in his book Osho provides us with sixty parables, anecdotes and stories that speak directly to us, contemporary people of the modern age. These parables and their metaphors are all very simple and because they are so simple they have a purity; they are unpolluted by complicated rationalizations of the modern mind. They are straightforward and direct, aimed to the heart like an arrow. In these parables Osho says in a poetic way things that cannot be said in prose. He is expressing things from the heart, things that cannot be expressed by the head. Each parable is a lesson to bring insights into one of the most important issues we face in life. As he points out, a parable is a way to talk in pictures and not in words. And in our dreams we are again living in parables because the unconscious understands only pictures. Your conscious has become trained for language words but the unconscious is still that of a child. When a mystic like Osho wants to communicate something from his innermost depth to your innermost depth, he uses parables. They function like a seed, hovering around the consciousness and emerging into sharp focus when our everyday life experiences bring an opportunity to apply their lessons. It is very easy to remember them. In the preface to this book Osho writes: "What do I find when I look deeply into man? I find that man too is an earthen lamp. But he is not just a lamp made of clay; in him there is also a flame of light that is constantly rising towards the sun. Only his body is made of earth; his soul is that very flame."

Tarot in the Spirit of Zen Osho, 2003-06-05 One of the twentieth century's greatest spiritual teachers presents a unique and valuable resource for all students and practitioners of the Tarot. A must-have for owners of the phenomenally popular Osho Zen Tarot, this in-depth study of the meanings of the cards in the Osho Zen Tarot deck will also appeal to those who use the Rider Crowley and other more traditional cards. The here-and-now approach of Zen offers the insight that the future evolves out of present events, ideas and attitudes. Playful and accessible even to the novice, this remarkable handbook includes a table of correspondences for the Rider Waite and Crowley cards and special sections on the meanings of the four major elements or suits in the Tarot system. *Tarot in the Spirit of Zen* introduces readers to a deeper understanding of the Zen approach to becoming aware of and responding to life's challenges. Just like the Osho Zen Tarot deck, this book offers a fresh and contemporary approach to anyone who is interested in self-exploration and personal transformation. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi, Nehru and Buddha who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every

country of the world **Everyday Osho** Osho,2002-01-01 For more than thirty years the insights of Osho have delighted and challenged spiritual seekers Everyday Osho represents the essence of these insights an understanding that synthesizes a wide range of spiritual and philosophical traditions with the contributions of modern science and psychology This inspirational volume offers readers daily choices for living fully and challenging them to embrace a new way of being that integrates body mind and spirit **A Bird on the Wing** Osho,2013 This book is about the inner search and personal transformation sharing insights that address our deepest question of life introducing 11 teaching stories from different Zen masters At the conclusion of each talk Osho responds to questions from his international audience providing direct guidance on matters of love understanding and the search The body and the soul are discussed as the two aspects of importance Our bodies can be used to reach to the stars but they must have strong roots here on Earth first Osho highlights how one s life can be transformed through integrating meditation into daily life He also bypasses the rational mind and speaks directly to the heart The Zen stories Osho uses illustrate the mysterious yet simple world of Zen where any situation can be used to become more aware more conscious more alive
