Pointing The Way 1959 1961

Philip Murphy

Pointing The Way 1959 1961:

Pointing the Way Harold Macmillan, 1977 *Monarchy and the End of Empire* Philip Murphy, 2013-12-05 This unique and meticulously researched study examines the triangular relationship between the British government the Palace and the modern Commonwealth since 1945 It has two principal areas of focus the monarch's role as sovereign of a series of Commonwealth Realms and quite separately as head of the Commonwealth It traces how in the early part of the twentieth century the British government promoted the Crown as a counterbalance to the centrifugal forces that were drawing the Empire apart Ultimately however with newly independent India's determination to become a republic in the late 1940s Britain had to accept that allegiance to the Crown could no longer be the common factor binding the Commonwealth together It therefore devised the notion of the headship of the Commonwealth as a means of enabling a republican India to continue to give the monarchy a pivotal symbolic role and therefore to remain in the Commonwealth In the years of rapid decolonization which followed 1945 it became clear that this elaborate constitutional infrastructure posed significant problems for British foreign policy The system of Commonwealth Realms was a recipe for confusion and misunderstanding Policy makers in the UK increasingly saw it as a liability in terms of Britain's relations with its former colonies so much so that by the early 1960s they actively sought to persuade African nationalist leaders to adopt republican constitutions on independence The headship of the Commonwealth also became a cause for concern partly because it offered opportunities for the monarch to act without ministerial advice and partly because it tended to tie the British government to what many within the UK had begun to regard as a largely redundant institution Philip Murphy employs a large amount of previously unpublished documentary evidence to argue that the monarchy's relationship with the Commonwealth which was initially promoted by the UK as a means of strengthening Imperial ties increasingly became an source of frustration for British foreign policy makers **European Decolonization** Martin Thomas, 2017-05-15 This collection brings together twenty one key articles that explore the nature and impact of colonial withdrawal Ranging across all the European colonial powers the articles discuss various aspects of decolonization including the role of political violence changing popular attitudes to empire and the inter actions between colonial conflict and Cold War *The Wind of Change* L. Butler, S. Stockwell, 2013-06-27 Harold Macmillan's *Wind of Change* speech delivered to the South African parliament in Cape Town at the end of a landmark six week African tour presaged the end of the British Empire in Africa This book the first to focus on Macmillan's *Wind of Change* comprises a series of essays by leading historians in the field *The Macmillan-Eisenhower Correspondence*, 1957-69 E. Geelhoed, A. Edmonds, 2004-12-10 The *Macmillan Eisenhower Correspondence* provides for the first time an edition of the messages exchanged between Harold Macmillan and Dwight D Eisenhower during their tenures as national leaders in the late 1950s The collection consists of more than 400 letters cables and transcripts of telephone conversations This extensive correspondence reveals the agreements and disagreements between Macmillan and Eisenhower and their

approaches to the major political issues of their time The correspondence also shows how Macmillan and Eisenhower preserved and strengthened the Anglo American alliance at a critical time in the history of the Cold War Digital Convergence - Libraries of the Future Rae Earnshaw, John Vince, 2007-09-20 The convergence of IT telecommunications and media is changing the way information is collected stored and accessed This revolution is having effects on the development and organisation of information and artefact repositories such as libraries and museums This book presents key aspects in the rapidly moving field of digital convergence in the areas of technology and information sciences Its chapters are written by international experts who are leaders in their fields *American Ascendancy and British Retreat in the Persian Gulf Region* W. Fain, 2008-07-07 This book critically examines the origins of American diplomacy in the greater Persian Gulf region arguing that it was the inability of the United States to contend effectively with the disintegration of British imperial authority in the Gulf that eventually led it to assume its current role in the region Avoiding Armageddon Susanna Schrafstetter, Stephen Twigge, 2004-04-30 From the destruction of Hiroshima to the conclusion of the Nuclear Non Proliferation Treaty in 1968 the international community struggled to halt the nuclear arms race and to prevent the annihilation of humanity This study offers an accessible and authoritative account of European policy in this critical dimension of world politics How much influence did Europeans exert in Washington Why were European objectives often at variance with U S expectations To what extent did differing national agendas on non proliferation cause friction within the Western Alliance Schrafstetter and Twigge examine five initiatives designed to prevent or restrain the nuclear arms race the international option the commercial option the moral option the multilateral option and the legal option Their conclusions show the extent to which non proliferation policy dominated European politics and the transatlantic relationship The international option focuses on early UN plans for international control of atomic energy 1946-48 The commercial option assesses the influence of Eisenhower's Atoms for Peace proposal of 1953 and the impact of civil nuclear power The moral option charts international attempts to outlaw the testing of nuclear weapons resulting in the 1963 Partial Test Ban Treaty The multilateral option discusses the role of collective nuclear forces in addressing West German demands for nuclear equality within NATO The legal option explores British French and West German attitudes to nuclear disarmament and charts the international drive to stop the spread of nuclear weapons culminating in the signing of the Non Proliferation Treaty in 1968 Throughout the analysis attention is focused on the role of the European powers and their influence on both Washington and Moscow *Khrushchev: The Man and His Era* William Taubman, 2004-04-17 Winner of the Pulitzer Prize Winner of the National Book Critics Circle Award The definitive biography of the mercurial Soviet leader who succeeded and denounced Stalin Nikita Khrushchev was one of the most complex and important political figures of the twentieth century Ruler of the Soviet Union during the first decade after Stalin's death Khrushchev left a contradictory stamp on his country and on the world His life and career mirror the Soviet experience revolution civil war famine collectivization industrialization

terror world war cold war Stalinism post Stalinism Complicit in terrible Stalinist crimes Khrushchev nevertheless retained his humanity his daring attempt to reform communism prepared the ground for its eventual collapse and his awkward efforts to ease the cold war triggered its most dangerous crises This is the first comprehensive biography of Khrushchev and the first of any Soviet leader to reflect the full range of sources that have become available since the USSR collapsed Combining a page turning historical narrative with penetrating political and psychological analysis this book brims with the life and excitement of a man whose story personified his era

Radical Fictions Nick Bentley, 2007 Nick Bentley takes a fresh look at English fiction produced in the 1950s By looking at a range of authors he shows that the novel of the period was far more diverse and formally experimental than previous accounts have suggested

Diplomacy Henry Kissinger, 1994 Kissinger defines diplomacy with an overview of his own interpretation of history and personal accounts of negotiations with world leaders

Soviet-American Relations, 1953-1960 Victor Rosenberg, 2015-01-24 Dwight D Eisenhower and Nikita Khrushchev presided over a pivotal period in Soviet American relations The ongoing Korean War and the lack of an American ambassador in Moscow illustrate the strain in Soviet American relations at the start of Eisenhower's presidency but things changed after Stalin died only 44 days later Stalin's successors began to liberalize both domestic and foreign policy in what became known as the Thaw There was an increase in diplomatic exchanges including the first modern summit conferences Of even greater importance the Soviet leaders began to reestablish the scientific cultural and tourist contacts that had been broken under Stalin Because political and ideological tensions remained and there were still restrictions on contacts the Soviet overtures can best be described as a half offered hand of friendship and perhaps it was less of a thaw than the end of a blizzard Nevertheless these contacts began a process which would help end the Cold War three decades later This history of relations between the Soviet Union and the United States during the Eisenhower and Khrushchev administrations explores political social and cultural exchanges and assesses their impact upon the two countries Besides diplomatic documents memoirs from Americans and Soviets and works of history it relies upon eyewitness accounts by journalists tourists and others to paint a detailed picture of the era Notes are included for each chapter and there is a bibliography and an index

American-British-Canadian Intelligence Relations, 1939-2000 Rhodri Jeffreys-Jones, David Stafford, 2014-04-08 This work considers for the first time the intelligence relationship between three important North Atlantic powers in the Twenty first century from WWII to post Cold War As demonstrated in the case studies in this volume World War II cemented loose and often informal inter allied agreements on security intelligence that had preceded it and created new and important areas of close and formal co operation in such areas as codebreaking and foreign intelligence

Mrs. Kennedy Barbara Leaming, 2011-11-08 New York Times bestselling author Barbara Leaming answers the question What was it like to be Mrs John F Kennedy during the dramatic thousand days of the Kennedy presidency Here for the first time is the full story of the extravagant interplay of sex and politics that constitutes one of modern history's most spectacular dramas Drawing from

recently declassified top secret material as well as revelatory eyewitness accounts Secret Service records and Jacqueline Kennedy's personal letters bestselling biographer Barbara Leaming answers the question what was it like to be Mrs John F Kennedy during the dramatic thousand days of the Kennedy presidency Brilliantly researched Leaming's poignant and powerful chronicle illuminates the tumultuous day to day life of a woman who entered the White House at age thirty one seven years into a complex and troubled marriage and left at thirty four after her husband's assassination Revealing the full story of the interplay of sex and politics in Washington Mrs Kennedy will indelibly challenge our vision of this fascinating woman and bring a new perspective to her crucial role in the Kennedy presidency **American-British-Canadian**

Intelligence Relations, 1939-2000 David Stafford, Rhodri Jeffreys-Jones, 2000 During the second half of the 20th century intelligence co operation between the three North Atlantic powers of America Britain and Canada played a vital role in Western struggles against Nazi Germany Imperial Japan Soviet Russia and their lesser allies As demonstrated in the case studies in this volume World War II cemented loose and often informal inter allied agreements on security intelligence that had preceded it and created new and important areas of close and formal co operation in such areas as codebreaking and foreign intelligence But what was the true nature of this co operation Wartime myths have obscured much of the reality and while the western powers undoubtedly benefited from the dividends of these agreements during the Cold War that followed they also experienced restrictions on national sovereignty whose costs have often caused controversy while the search for co operation frequently provided cause for friction **Reluctant European** Stephen Wall, 2020-09-25 In 2016 the voters of the United Kingdom decided to leave the European Union The majority for Leave was small Yet in more than 40 years of EU membership the British had never been wholeheartedly content In the 1950s governments preferred the Commonwealth to the Common Market In the 1960s successive Conservative and Labour administrations applied to join the European Community because it was a surprising success whilst the UK's post war policies had failed But the British were turned down by the French When the UK did join more than 10 years after first asking it joined a club whose rules had been made by others and which it did not much like At one time or another Labour and Conservative were at war with each other and internally In 1975 the Labour government held a referendum on whether the UK should stay in Two thirds of voters decided to do so But the wounds did not heal Europe remained them not us The UK was on the front foot in proposing reform and modernisation and on the back foot as other EU members wanted to advance to ever closer union As a British diplomat from 1968 Stephen Wall observed and participated in these unfolding events and negotiations He worked for many of the British politicians who wrestled to reconcile the UK's national interest in making a success of our membership with the sceptical even hostile strands of opinion in parliament the press and public opinion This book tells the story of a relationship rooted in a thousand years of British history and of our sense of national identity in conflict with our political and economic need for partnership with continental Europe **Supernatural** D R Thorpe, 2010-09-09 Great grandson of a crofter and son in law of a

Duke Harold Macmillan 1894-1986 was both complex as a person and influential as a politician. Marked by terrible experiences in the trenches in the First World War and by his work as an MP during the Depression, he was a Tory rebel and an outspoken backbencher opposing the economic policies of the 1930s and the appeasement policies of his own government. Churchill gave him responsibility during the Second World War with executive command as Viceroy of the Mediterranean. After the War, in opposition, Macmillan was one of the principal reformers of the Conservatives and, after 1951, back in government, served in several important posts before becoming Prime Minister after the Suez Crisis. Supermac examines key events including the controversy over the Cossacks repatriation, the Suez Crisis, 'You've Never Had It So Good', the Winds of Change, the Cuban Missile Crisis and the Profumo Scandal. The culmination of thirty-five years of research into this period by one of our most respected historians, this book gives an unforgettable portrait of a turbulent age. Shortlisted for the Orwell Prize. *Britain and Commonwealth Africa* Yusuf Bangura, 1983

Britain's Nuclear Arms Control Policy in the Context of Anglo-American Relations, 1957-68 J.P.G. Freeman, 1986-06-18 *Eisenhower* P.G. Boyle, 2015-11-17

Eisenhower is the president who established America as a superpower. He had already launched his reputation as the leading US military figure in the Second World War and then as supreme commander of the land forces of the newly created NATO. This book looks at how Eisenhower held power in the political field and to what extent his political career was a success. This text is ideal for undergraduate courses in 20th Century American History and American Studies.

If you ally dependence such a referred **Pointing The Way 1959 1961** book that will have the funds for you worth, acquire the utterly best seller from us currently from several preferred authors.
