Polarities Evolution Of Mankind:

Polarities in the Evolution of Mankind Rudolf Steiner, 1987 Steiner unfolds here the spiritual background to many social questions around the theme of the polarities of West and East materialism and mysticism knowledge and belief He makes visible the forces of decline active in modern civilization and how these three are trying to wrest human destiny from the active participation of human beings He presents with profound poignancy how Christ is pouring a new spirit into human evolution *Axial-polarity of Man's Word-embodied Ideas and Its Teachings* Arthur Young, 1887 *Qabalistic Doctrines On Sexual Polarity* Ann Davies, 2021-02-19 There is a fundamental impulse within you to seek understanding wisdom true knowledge of yourself nature and the universe The Mystery Schools are and always have been the repositories of special knowledge that is the key to the realization of all that you seek It is our objective to place this key in the hands of those who are ready to receive and act upon it This special knowledge enables you to know yourself and your creative powers and to make for yourself the kind of world you want to live in The problems that you face in life are not really obstacles but like a closed door to a room that holds special knowledge B O T A gives you the key that will unlock the problem doors of your life and in their opening your health prosperity and the mastery of your life and environment will increase *Polarities in the Evolution of Mankind* Rudolf Steiner, 2000-01 **The Present Evolution of Man** Reid, 1896 **God Is Bipolar: Polarity: The Truth About God** A.M. Star, 2025-05-12 God Is Bipolar Polarity The Truth About God is about finding yourself in life's polar balance of duality Me against myself It's about how everything in life has an opposite for creation to exist in the possibilities of wonder The book was about Jesus finding himself after being in hell for so long The message is relevant the Dead Sea scrolls really work try them My successful track record speaks for itself You will become alive instead of living dead in spirit To die means to love To love means to evolve If you spell love backwards it almost spells evolve It's victory in enlightenment VE My book is just as unique as you are it brings it out of you This book was written where Jesus left his slippers Those are my ruby red slippers Dorothy Long live the queen Life is but a dream down memory lane we live more than once Follow the yellow brick road About the Author Active volunteer to help the homeless get off the street Writing is my favorite hobby I am also a real estate agent a hairdresser truck driver and long term salesperson An advocate for special needs children in the spirit realm I believe family is the root of humanity I have a very large family that includes every human If you ever want to learn something new teach it to other people You'll see the knowledge in abundance to realize that altruism is the truth that sets you free *The Creative Conscience as Human Destiny* Eduard Hugo Strauch, 2004 The Creative Conscience as Human Destiny explains how human nature derived from our biogenetic evolution Whereas human ingenuity and self realization replicate nature's creativity its morphogenesis human conscience epitomizes the integration of organic life its symbiosis These mutual processes became incarnate as humanity's creative conscience Similarly the co evolution of man and woman has enabled us to create cultures and civilization From our intimation of a Supreme Being in

nature human beings have also evolved a supraconsciousness By acknowledging the wisdom of nature we have a philosophy of life for the future
