Poles Together Emergence And Development Of Political Parties In Postcommunist Poland

Seán Hanley,Aleks Szczerbiak

Poles Together Emergence And Development Of Political Parties In Postcommunist Poland:

Centre-Right Parties in Post-Communist East-Central Europe Seán Hanley,Aleks Szczerbiak,2020-09-10 This is the first book to cover the centre right in post communist Eastern Europe It makes an vital contribution to the broader research agenda on the Central and East European centre right by focusing on one specific question why strong and cohesive centre right formations have developed in some post communist states but not others It also delves into the attempts to develop centre right parties after 1989 in four nations the Czech Republic Hungary Poland and Slovakia The authors of these fresh case studies use a common analytical framework to analyse and provide fascinating insights into the varying levels of cohesion in centre right parties across the region This volume was previously published as a special issue of the Journal of Communist Studies and Transition Politics Political Parties and the State in Post-Communist Europe Petr

Kopecky,2007-10-11 It is not possible to understand the nature and functioning of post communist political parties without understanding their relationship with the state On the one hand few parties in the region would be able to survive and perform without state resources as they lack strong roots within the wider society On the other hand the relatively weak st

The Regulation of Post-Communist Party Politics Fernando Casal Bértoa,Ingrid van Biezen,2017-11-06 The question of how political parties are and ought to be regulated has assumed an increased importance in recent years both within the scholarly community and among policy makers and politicians as the state assumes an increasingly active role in the management of and control over their behaviour and organisation This book concentrates on the regulation of political parties in the EU post communist democracies and on Bulgaria Croatia the Czech Republic Estonia Hungary Latvia Lithuania Poland Slovakia Slovenia and Romania in particular In analysing the various dimensions of party regulation it builds on the main premises derived from the neo institutionalist literature in political science concerning the ways in which the formal and informal rules and procedures may influence constrain or determine the behaviour of political actors In doing so it provides a comprehensive overview of the regulation of Eastern European political parties provided by leading experts in the field and casts theoretical and empirical light on the manner in which the constitutional and legal regulation of party organizations and finances have had an impact or not on the consolidation of party politics in post communist Europe since 1989 This text will be of key interest to scholars and students of Political Parties and Behaviour East European and Post Communist Politics and Comparative Politics **Elections, Parties and Representation in Post-Communist Europe** F.

Millard,2016-01-08 Elections Parties and Representation in Post Communist Europe 1990 2002 stresses the ways in which the development of political parties affected the quality of democracy the nature of political representation and political accountability in the early stages of post communist politics It also analyzes the nature and consequences of the corpus of parliamentary candidates and deputies for the representation of social classes women and minorities In contrast with the wide social profile of communist parliaments politics largely became the playground of new highly educated male elites

Post-Communist Democracies and Party Organization Margit Tavits, 2013-06-24 Scholars of post communist politics often argue that parties in new democracies lack strong organizations sizable membership local presence and professional management because they do not need them to win elections and they may hinder a party's flexibility and efficiency in office Post Communist Democracies and Party Organization explains why some political parties are better able than others to establish themselves in new democracies and why some excel at staying unified in parliament whereas others remain dominated by individuals Focusing on the democratic transitions in post communist Europe from 1990 to 2010 Margit Tavits demonstrates that the successful establishment of a political party in a new democracy crucially depends on the strength of its organization Yet not all parties invest in organization development This book uses data from ten post communist democracies including detailed analysis of parties in the Czech Republic Estonia Hungary and Poland **Party Organization and Communication in Poland** Michał Jacuński, Barbara Brodzińska-Mirowska, Anna Pacześniak, Maria Winclawska, 2021-01-27 This book provides a new analytical perspective on the strategies membership and communication management of political parties in Poland The authors address why some political parties have managed to strengthen and survive while others have failed to do the same The research was carried out in the years 2016-2018 when Poland started to be seen more and more as a weakening democracy As an in depth empirically grounded single country study of party structure and communication the book gives an opportunity to draw broader conclusions about the process of party development in the Central and Eastern Europe region three decades since the beginning of democratic transition *Party Politics in New Democracies* Paul Webb, Stephen White, 2007-09-20 Comparative Politics is a series for students and teachers of political science that deals with contemporary government and politics The General Editors are Professor Alfio Mastropaolo University of Turin and Kenneth Newton University of Southampton and Wissenschaftszentrum Berlin The series is published in association with the European Consortium for Political Research The sister volume to Political Parties in Advanced Industrial Democracies this book offers a systematic and rigorous analysis of parties in some of the world's major new democracies Drawing on a wealth of expertise and data the book assesses the popular legitimacy organizational development and functional performance of political parties in Latin America and postcommunist Eastern Europe It demonstrates the generational differences between parties in the old and new democracies and reveals contrasts among the latter Parties are shown to be at their most feeble in those recently transitional democracies characterized by personalistic candidate centred forms of politics but in other new democracies especially those with parliamentary systems parties are more stable and institutionalized enabling them to facilitate a meaningful degree of popular choice and control Wherever party politics is weakly institutionalized political inequality tends to be greater commitment to pluralism less certain clientelism and corruption more pronounced and populist demagoguery a greater temptation Without party democracy's hold is more tenuous *EU Enlargement and Referendums* Aleks Szczerbiak, Paul Taggart, 2013-09-13 A series of EU accession

referendums were held in nine candidate countries eight post communist states and Malta between March and September 2003 These referendums provide us with an excellent comparative opportunity to deepen our understanding of the European integration issue and how it interacts with domestic politics and of the dynamics of referendums in general and referendums on the European issue in particular This book therefore provides a set of focused comparisons between these different cases Each of the individual chapters provides an authoritative analysis of the referendum campaign and outcome in each of the countries concerned by a leading specialist on the politics of that country This book was previously published as a special issue of the journal *West European Politics* *Clientelism and Democratic Representation in Comparative Perspective*

Saskia Ruth-Lovell, Maria Spirova, 2019-10-15 Since the Third Wave of democratization research on clientelism has experienced a revival The puzzling persistence of clientelism in new and old democracies inspired researchers to investigate the micro foundations and causes of this phenomenon Though the decline of clientelistic practices such as vote buying and patronage in democratic contexts has often been predicted they have proven to be highly adaptive strategies of electoral mobilization and party building This volume seeks to contribute to this new line of research and develops a theoretical framework to study the consequences of clientelism for democratic governance Under governance we understand all processes of governing whether undertaken by a government market or network whether over a family tribe formal or informal organization or territory and whether through laws norms power or language **The European Parliament**

Election of 2019 in East-Central Europe Vít Hlouchek, Petr Kaniok, 2020-06-03 This book provides an analysis of the European Parliament elections 2019 with a focus on East Central European countries The authors offer conceptual insights into Euroscepticism and discuss traditionally familiar concepts in a new light pairing East Central European Euroscepticism with visions of illiberal democracy on the one hand and showing the increasing Europeanisation of Eurosceptic parties in the region on the other The book combines a fresh and innovative conceptual treatment with rich and accurate empirical evidence in order to highlight the dynamics of Euroscepticism in new EU member states Students and experts interested in EU politics within academia and beyond will find this volume particularly informative **Informal Relations from**

Democratic Representation to Corruption Zdenka, 2014-04-15 Informal relations have been one of the major research topics of the social sciences since the 1990s In order to allow for meaningful comparisons between different combinations of the positive and negative effects of informal relations on democratic representation this book focuses on post socialist Central and Eastern Europe as a particular region where formal democratic rules have been established but competing informal rules are still strong A broad spectrum of related analytical concepts is discussed from different perspectives and from different academic disciplines then empirical cases of the relationship between informal relations and democratic representation are analyzed The contributions span the whole continuum as we perceive it from civil society networks seen as supporting democratic representation to the perversion of democratic representation through political corruption The

final part of the book takes a closer look at corruption through four case studies from Russia **Democratic Elections in Poland, 1991-2007** Frances Millard, 2009-10-16 This book is a political history of democratic elections in Poland from the first fully competitive parliamentary elections in 1991 to the unexpected most recent election in 2007 Until now there has been no equivalent study covering similar developments in this or any other post communist country this book fills the gap and provides a detailed electoral perspective on the trajectory of political development in the context of post authoritarian change It also provides an invaluable account of the evolution of electoral processes and institution building in the context of democratic regime development The major themes of the book centre on the complex problematic development of Poland s political parties and the parties failure to gain public support and win the confidence of the electorate Frances Millard examines the failure of Polish elites the lack of a stable party system and how elections have had a destabilizing effect and she argues that the interaction of leadership volatility party volatility and electoral volatility have created uncertainty and undermined political parties as effective vehicles of representation Poland is a large and important country worthy of study in its own right but equally many of the problems experienced are not unique to Poland so this book also constitutes a comparative benchmark for analysis of democratic developments elsewhere eBook: Representative Government in Modern Europe, 5e GALLAGHER, 2021-04-09 eBook Representative Government in Modern Europe 5e

Pan-European Perspectives on Party Politics Paul Lewis, Paul Webb, 2021-10-01 In this book an international team of specialists reflects more than a dozen years after the fall of the Berlin Wall on the implications of that momentous conjuncture for the study of party politics in Europe In particular the authors and editors seek to address two inter connected questions To what extent is there evidence of convergence in patterns of party politics across Eastern and Western Europe And how far has the theory of parties and party systems coped with the emergence of democratic politics in Eastern Europe In a wideranging and stimulating set of essays these issues are confronted in respect of themes such as the impact of institutional contexts like electoral systems and presidentialism the evolving nature of cleavage structures party organizational developments and intra party factionalism This book will make a significant addition to any course reading list on comparative and party politics

The Handbook of Political Change in Eastern Europe Sten Berglund, 2013-04-01 Lots has changed in Eastern Europe in the past quarter century and the new edition of this major study of the region sets out these changes in directions for the better and for the worse Richard Rose University of Strathclyde UK This Handbook offers a historically informed systematic account of the political development in Central and Eastern Europe Two chapters lay out a framework for comparison 26 specialists provide analyses for 19 countries In an appendix each of these country chapters documents election results government composition the electoral system and the constitutional framework The concluding chapter synthesizes the major results The Handbook is the most comprehensive source for an up to date analysis of all Central and Eastern European countries within the sphere of influence of the European Union It is a must have for students and scholars

interested in how to evaluate the state of democracy in this region of the globe Hans Dieter Klingemann New York University Abu Dhabi UAE and Social Science Research Center Berlin Germany This third edition of The Handbook of Political Change in Eastern Europe provides an authoritative and thorough analysis of the political changes which have occurred in Central and Eastern Europe since the demise of communism It offers an historical comparative perspective of the region and focuses on the social consequences of the democratisation process The country specific chapters are written by scholars with well documented area expertise on their respective cases Estonia Latvia Lithuania Poland The Czech Republic Slovakia Hungary Slovenia Romania Bulgaria Croatia Bosnia Serbia Montenegro Macedonia Albania Ukraine Moldova and Georgia Each chapter includes detailed examinations of elections the formation of governments electoral systems and constitutional arrangements These in depth and up to date analyses are supplemented by conclusions on the party systems and emerging political structures in the region as a whole as well as the consolidation of democracy in a post communist setting The revised and expanded version of The Handbook of Political Change in Eastern Europe provides a state of the art companion which will be indispensable for students and scholars in the social sciences including political science comparative politics European studies and political history as well as for policy makers and practitioners

The New Party Challenge Tim Haughton, Kevin Deegan-Krause, 2020-12-15 Why do some parties live fast and die young but other endure And why are some party systems more stable than others Based on a blend of data derived from both qualitative and quantitative sources The New Party Challenge develops new tools for mapping and measuring party systems and develops conceptual frameworks to analyse the dynamics of party politics particularly the birth and death of parties In addition to highlighting the importance of agency and choice in explaining the fate of parties the book underlines the salience of the clean versus corrupt dimension of politics charts the flow of voters in the new party subsystem and emphasizes the dimension of time and its role in shaping developments The New Party Challenge not only provides the first systematic book length study of political parties across Central Europe in the three decades since the 1989 revolutions charting and explaining the patterns of politics in that region it also highlights that similar processes are at play on a far wider geographical canvas The book concludes by reflecting on what the dynamics of party politics especially the emergence of so many new parties means for the health and quality of democracy and what could and should be done

Comparative Politics and Government of the Baltic States D. Auers, 2015-03-17 This book traces the development of the political institutions electoral systems parties civil society economic and social policies and foreign affairs of the three Baltic states of Estonia Latvia and Lithuania over the last quarter century

Developments in Central and East European Politics 3 Stephen White, Judy Batt, Paul G. Lewis, 2003

Women's Rights in Democratizing States Denise M. Walsh, 2010-11-15 This study offers an explanation for why advances in women's rights rarely occur in democratizing states Drawing on deliberative theory Denise Walsh argues that the leading institutions in the public sphere are highly gendered meaning women's ability to shape the content of public debate and put pressure on

the state to advance their rights is limited She tests this claim by measuring the openness and inclusiveness of debate conditions in the public sphere during select time periods in Poland Chile and South Africa Through a series of structured focused comparisons the book confirms the importance of just debate for securing gender justice The comparisons also reveal that counter publics in the leading institutions in the public sphere are crucial for expanding debate conditions The book concludes with an analysis of counter publics and suggests an active role for the state in the public sphere

European Politics Tim Bale, 2017-04-28 A fully revised fourth edition of a popular introduction to the comparative politics of Europe written by a highly respected authority on the subject This lively and thematically organised text provides an accessible guide to the institutions and the issues that matter in a continent where the boundaries between East and West and between domestic and European affairs are increasingly breaking down Covering a wide array of countries it is a concise yet comprehensive overview of one of the world's most important and fascinating regions Written in an approachable style and packed with up to date real world examples and information this is the ideal place for students to begin and to deepen their understanding of Europe's politics It can be adapted as a standalone text on modules on Comparative European Politics and will be of use as a key reading on undergraduate courses on Comparative Politics more broadly as well as European Union Politics New to this Edition Updated throughout to provide coverage of developments such as the Eurozone crisis the growth of left and right wing populism the rise of nationalism and Europe's on going immigration challenge Includes a short concluding chapter rounding up and considering the future of the book's core themes of Europeanization and multilevel governance Additional country profiles on Croatia and Greece to ensure representative treatment of the key countries in Europe today

Poles Together Emergence And Development Of Political Parties In Postcommunist Poland Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and

manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Poles Together Emergence And Development Of Political Parties In Postcommunist Poland PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Poles Together Emergence And Development Of Political Parties In Postcommunist Poland PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Poles Together Emergence And Development Of Political Parties In Postcommunist Poland free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Poles Together Emergence And Development Of Political Parties In Postcommunist Poland Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Poles Together Emergence And Development Of Political Parties In Postcommunist Poland is one of the best book in our library for free trial. We provide copy of Poles Together Emergence And Development Of Political Parties In Postcommunist Poland in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Poles Together Emergence And Development Of Political Parties In Postcommunist Poland. Where to download Poles Together Emergence And Development Of Political Parties In Postcommunist Poland online for free? Are you looking for Poles Together Emergence And Development Of Political Parties In Postcommunist Poland PDF? This is definitely going to save you time and cash in something you should think about.
