**The Politics of Community Policing** William (Bill) Thomas Lyons, 2010-05-06 In this in depth examination of community policing in Seattle William T Lyons Jr explores the complex issues associated with the establishment and operation of community policing an increasingly popular method for organizing law enforcement in this country Stories about community policing appeal to a nostalgic vision of traditional community life Community policing carries with it the image of

a safe community in which individual citizens and businesses are protected by police they know and who know them and their needs However it also carries an image of community based in partnerships that exclude the least advantaged strengthen the police and are limited to targeting those disorders feared by more powerful parts of the community and most amenable to intervention by professional law enforcement agencies The author argues that the politics of community policing are found in the construction of competing and deeply contested stories about community and the police in environments characterized by power imbalances Community policing according to the author colonizes community life increasing the capacity of the police department to shield itself from criticism while manifesting the potential for more democratic forms of social control as evidenced by police attention to individual rights and to impartial law enforcement This book will be of interest to sociologists and political scientists interested in the study of community power and local politics as well as criminologists interested in the study of police William T Lyons Jr is Assistant Professor of Political Science University of Akron He previously worked for the Seattle Police Department     Problem-oriented Drug Enforcement ,1993     *Effects of Law Enforcement Accreditation* Stephen A.
