**The Realities of Policing Diverse Communities from Minority and Police Perspectives** David J. McInerney, 2020-06-09 From the mid 1990s onwards Ireland experienced unprecedented growth levels in immigration from around the world prompted by the country s changing economic fortunes In turn the people of a very small

and conservative country saw the rapid development of diverse minorities in their midst especially in the capital Dublin From a sociological point of view such communities posed challenges for the national police force An Garda S och na As part of a strategy to engage with rapidly changing demographics An Garda S och na launched the Garda Racial and Intercultural Office GRIO In 2001 the author of this book was invited to establish a framework and practical measures to negotiate the non discriminatory policing of Ireland s changing society The author proposed the appointment of Garda Ethnic Liaison Officers ELOs to liaise and reassure members of these new minorities while developing the officers own deeper understanding of difference and vulnerability These appointed ELOs were trained in cultural awareness and difference by the author in conjunction with minority representatives which in turn influenced their thinking in the delivery of a non discriminatory front line police service The role of the ELO makes the Irish police authorities one of the first in the world with specialist officers dedicated to building relations with minorities This book has many lessons to offer sociologists academics criminologists lawyers social policymakers and police institutions dealing with the plight of refugees asylum seekers economic migrants and marginalised people the world over

*U.S. Criminal Justice Policy: A Contemporary Reader* Karim Ismaili, 2010-07-20

**Sociology of Organizations** Mary Godwyn, Jody Hoffer Gittell, 2011-06-28 The sociological study of organizations encompasses both planned and formal organizations as well as spontaneous and informal ones Sociologists examine organizations with attention to structure and objectives interactions among members and among organizations the relationship between the organization and its environment and the social significance or social meaning of the organization The ways of defining and examining organizations vary depending on the theoretical emphasis This book focuses on three things providing a wide and historically accurate portrait of the diversity of sociological theories and their application to organizational studies updating selections that reflect a variety of ways that new technology affects methods of organizing and types of organizations including readings that examine a range of both formal

and informal structures and both deliberate and impromptu interactions Lively and provocative this textbook is theoretically rigorous disciplinarily informed and representative of heterogeneity within organizational studies U.S. Criminal Justice Policy Karim Ismaili,2015-10-16 Revised edition of U S criminal justice policy 2011 **Cop in the Hood** Peter Moskos,2009-08-03 When Harvard trained sociologist Peter Moskos left the classroom to become a cop in Baltimore s Eastern District he was thrust deep into police culture and the ways of the street the nerve rattling patrols the thriving drug corners and a world of poverty and violence that outsiders never see In Cop in the Hood Moskos reveals the truths he learned on the midnight shift Through Moskos s eyes we see police academy graduates unprepared for the realities of the street success measured by number of arrests and the ultimate failure of the war on drugs In addition to telling an explosive insider s story of what it is really like to be a police officer he makes a passionate argument for drug legalization as the only realistic way to end drug violence and let cops once again protect and serve In a new afterword Moskos describes the many benefits of foot patrol or as he calls it policing green After Civil Rights John D. Skrentny,2015-11-24 A provocative new approach to race in the workplace What role should racial difference play in the American workplace As a nation we rely on civil rights law to address this question and the monumental Civil Rights Act of 1964 seemingly answered it race must not be a factor in workplace decisions In After Civil Rights John Skrentny contends that after decades of mass immigration many employers Democratic and Republican political leaders and advocates have adopted a new strategy to manage race and work Race is now relevant not only in negative cases of discrimination but in more positive ways as well In today s workplace employers routinely practice racial realism where they view race as real as a job qualification Many believe employee racial differences and sometimes immigrant status correspond to unique abilities or evoke desirable reactions from clients or citizens They also see racial diversity as a way to increase workplace dynamism The problem is that when employers see race as useful for organizational effectiveness they are often in violation of civil rights law After Civil Rights examines this emerging strategy in a wide range of employment situations including the low skilled sector professional and white collar jobs and entertainment and media In this important book Skrentny urges us to acknowledge the racial realism already occurring and lays out a series of reforms that if enacted would bring the law and lived experience more in line yet still remain respectful of the need to protect the civil rights of all workers **Multi-Agency Working in Criminal Justice** Aaron Pycroft,Dennis Gough,2019-05-15 Multi agency working continues to be a core focus in criminal justice and allied work with the government investing significantly in training criminal justice professionals This fully revised and expanded edition of this comprehensive text brings together probation policing prison social work criminological and organisational studies perspectives and is an essential guide for students and practitioners in offender management and other managed care environments The contributors provide critical analysis of the latest theory policy and practice of multi agency working and each chapter includes case studies key points exercises and further reading Budgetary Cutbacks in Community Relations Service
