Justice in Post-transition Europe Kay Eileen Goodall, Margaret S. Malloch, Bill Munro, 2013 Since democracies are relatively new in Eastern Europe and little has been written much can be learned from looking at the distinctive developments in both legal transitions and the process of criminalization This book brings together recent work from researchers and academics engaged in theory policy and practice and offers a significant contribution to the study of transition in the fields of criminology law philosophy and political science and a critical analysis of future directions in criminalisation in the emerging democratic states of Eastern Europe Criminology and Criminal Justice in Russia Anna Gurinskaya, Mahesh Nalla, 2018-10-05 Though criminology took root in Russia in the early 1800s and has gone through various stages of maturation paralleling developments of the discipline in Europe and North America over the last two centuries its contributions and presence in the field is hardly noticeable in the English speaking world The objective of this book is by no means to fill that void but rather to bring together the recent developments in Russia keeping in context its rich history of criminological legacies traditions and its current experiences and growth since the restructuring of Soviet Union This book was originally published as a special issue of the International Journal of Comparative and Applied Criminal Justice

International Police Cooperation Daniel J. Koenig, Dilip K. Das, 2001-01-01 International Police Cooperation A World Perspective brings together both practical and theoretical perspectives on the subject of international police cooperation This volume combines the efforts of leading practitioners and academics in criminology to address the challenges of such persistent international problems as organized crime and illegal immigration Rather than focusing solely on the problems that make cooperation desirable however this book offers the most current and detailed account of new international cooperative initiatives Employing an innovative cross cultural and comparative methodology editors Daniel J Koenig and Dilip K Das and their eminent contributors present invaluable information for students of criminology and sociology which will fill a long felt gap in the literature on policing **Challenges of Policing Democracies** Dilip Das, Marenin Otwin, 2012-10-12 In this text the editors analyze the diverse situations that police forces operate under and the challenges that they face in different kinds of democracies This cross cultural comparison of various systems highlights the universal observation that police are a anomaly in a democracy and explores how various influences for example large scale social violence a zeal for

crime fighting and vulnerability to temptation often find police incapable of behaving in a democratic manner Challenges of Policing Democracies goes beyond just showing the similarities and differences of the policing challenges democratic societies face it also examines the responses and remedies adopted by police in various countries at different levels of democratic achievement and how every society struggles with the challenges of preserving democratic values without sacrificing the effectiveness of policing Drugs in American Society Nancy E.
