**Canadian Books in Print. Author and Title Index**, 1975      **The Literary History of Alberta Volume One** George Melnyk, 1998-04 Alberta's contradictory landscape has fired the imaginative energies of writers for centuries The sweep of the plains the thrust of the Rockies and the long roll of the woodlands have left vivid impressions on all of Alberta's writers both those who passed through Alberta in search of other horizons and those who made it their home The Literary History of Alberta surveys writing in and about Alberta from prehistory to the middle of the twentieth century It includes profiles of dozens of writers from the earnestly intended to the truly gifted and their texts from the commercial to the arcane It reminds us of long forgotten names and faces figures who quietly or not so quietly wrote the books that underpin Alberta's thriving literary culture today Melnyk also discusses the institutions that have shaped Alberta's literary culture The Literary History of Alberta is an essential text for any reader interested in the cultural history of western Canada and a landmark achievement in Alberta's continuing literary history      **The Mounted Police and Prairie Society, 1873-1919** University of Regina. Canadian Plains Research Center, 1998 This collection of essays presents a variety of scholarly explorations of the nature and role of the Mounties in the Prairie Provinces from the formation of the North West Mounted Police in 1873-74 to its transformation into the Royal Canadian Mounted Police in 1919-20 The essays are grouped into five broad themes relations with First Nations law enforcement social issues including relations with minority groups and labour movements characteristics of the police force and crisis and change police immigrant relations response to labour unrest and the origins of domestic intelligence and counter subversion An epilogue presents the case for the dramatic change of the force after 1919-20 and the new force's use of the positive image created by the old force      **A Brief Political and Geographic History of North America (Where Are New France, New Netherland, and New Sweden?)** Lissa Johnston, 2010-12-23 When we think of North American colonies images of Pilgrims and Thanksgiving come to mind Would you be surprised to learn there were other colonies long before those famous thirteen Before anyone landed on the shores of Plymouth Bay the colony of New France was alive and well It stretched from the Atlantic Ocean north of Maine west to the Great Lakes and later south to the Gulf of Mexico The French had come seeking a western route to Asia New York City is famous as a worldwide center of trade Its businesslike roots reach back to 1624 when the governor of a Dutch colony bought Manhattan Island from local Indians The Dutch built a trading post there called New Amsterdam It was the headquarters of the New Netherland colony The log cabin is the symbol of frontier life Hardy pioneers built these homes across the American west But if not for the colonists of New Sweden the log cabin may never have existed in North America Check inside for more details on North America's little known colonies their lasting contributions and why their names have changed through time      **The Mounties** Elle Andra-Warner, 2011-02-01 Since 1873 the Mounties have brought the law to the furthest reaches of the Canadian frontier Sam Steele the Lion of the North was involved in almost every significant event in the Canadian West

,2003 **The Mountie** Michael Dawson,1998-04-01 Historian Michael Dawson digs deep into the written and pictorial record to reveal how the RCMP since its inception has constructed and zealously guarded its public image Drawing on previously untapped sources Dawson documents how consultants and entrepreneurs deliberately transformed and modernized the traditional symbolism of the Mountie His trenchant analysis extends to the ironies of the recent licensing of the hallowed Mountie image to the ultimate dream merchants Disney **Canadian History For Dummies** Will

Ferguson,2012-10-15 A wild ride through Canadian history fully revised and updated This new edition of Canadian History For Dummies takes readers on a thrilling ride through Canadian history from indigenous native cultures and early French and British settlements through Paul Martin s shaky minority government This timely update features all the latest up to the minute findings in historical and archeological research In his trademark irreverent style Will Ferguson celebrates Canada s double gold in hockey at the 2002 Olympics investigates Jean Chr tien s decision not to participate in the war in Iraq and dissects the recent sponsorship scandal *The EC Archives: War Against Crime Volume 1* Lee Ames,Johnny

Craig,Various,2018-08-28 Thrilling tales of the conflict between gangsters and cops in what was described to be Real Stories from Police Records Collecting issues 1 6 of War Against Crime from the twisted artistic talents of Al Feldstein Johnny Craig Lee Ames Jack Kamen Ed Moore Graham Ingels Stan Asch Leonard Starr and more and more *Why We Fight* Christopher Blattman,2023-04-18 Why We Fight reflects Blattman s expertise in economics political science and history Blattman is a great storyteller with important insights for us all Richard H Thaler winner of the Nobel Memorial Prize in Economic Sciences and coauthor of Nudge Engaging and profound this deeply searching book explains the true origins of warfare and it illustrates the ways that despite some contrary appearances human beings are capable of great goodness Nicholas A Christakis author of Blueprint The Evolutionary Origins of a Good Society Why did Russia attack Ukraine Will China invade Taiwan and launch WWII Why has the number of civil wars reached their highest level in decades Why are so many cities in the Americas plagued with violence And finally what can any of us do about it It feels like we re surrounded by violence Each conflict seems unique and insoluble With a reason for every war and a war for every reason what hope is there for peace Fortunately it s simpler than that Why We Fight boils down decades of economics political science psychology and real world interventions giving us some counterintuitive answers to the question of war The first is that most of the time we don t fight Around the world there are millions of hostile rivalries yet only a fraction erupt into violence Most enemies loathe one another in peace The reason is simple war is too costly to fight It s the worst way to settle our differences In those rare instances when fighting ensues that means we have to ask ourselves What kept rivals from the normal grudging compromise

The answer is always the same It s because a society or its leaders ignored those costs of war or were willing to pay them Why We Fight shows that there are just five ways this happens From warring states to street gangs ethnic groups and religious sects to political factions Christopher Blattman shows that there are five reasons why violent conflict occasionally wins over compromise Through Blattman s time studying Medell n Chicago Liberia Northern Ireland and more we learn the common logics driving vainglorious monarchs dictators mobs pilots football hooligans ancient peoples and fanatics Why We Fight shows that war isn t a series of errors accidents and emotions gone awry There are underlying strategic ideological and institutional forces that are too often overlooked So how to get to peace Blattman shows that societies are surprisingly good at interrupting and ending violence when they want to even gangs do it The best peacemakers tackle the five reasons shifting incentives away from violence and getting rivals back to dealmaking And they do so through tinkering not transformation Realistic and optimistic this is a book that lends new meaning to the adage Give peace a chance **Historical Archaeology**
