United Nations and Prison Justice James Vadackumchery, 2014-01-01 The U N Standard Minimum Rules for the Treatment of Prisoners 1957 have nearly a century of history behind It was indeed humanitarian in approach to prisoners Nearly 60 years have elapsed since the Rules were accepted by the United Nations Certainly the Rules need a revision now because of 1 a long lapse of six decades and 2 developments in the fields of correction reformation resocialization rehabilitation and reintegration of the inmates in a Centre of Personality Development as the Prisons are now called to society back This book contains a complete revision of the existing UNSMR for the Treatment of Prisoners from 1970 as an international debate discussion is going on ever since The book will be of great interest for anyone concerned with the protection of human dignity to exclude cruelty neglect and degradation to the inmates in a Centre of Personality Development and in particular to minimize the effect and impact of isolation or segregation from the community whatever be the offence committed

Advanced Criminology or the WHY of Crimes James Vadackumchery, 2017-01-01 Push Pull Ego Factor Theory of Crime Causation my Eureka is fully and elaborately exposed in this book Heredity interacts with environments to form the Personality Ego The Animality Spirituality Morality Ethics and Intelligence form the Push Factors which along with the Ego interact with the environment otherwise known as the Pull Factors As a result a crime comes into being and the Ego Factor formed out of the interactions between the Push and Pull Factors are etiologically connected or related to crimes This is not a theory of causality rather is a theory of Crime Causation An individual commits or desists from committing a crime depending upon the ego state from which he interacts or transacts Crimes can never be eliminated in society They can be reduced nevertheless the energy behind the commission of a crime is not destroyed but is converted to another energy This is called the Quota Theory of Crime Anyone interested to study the causation of crimes will find the book extremely useful enlightening and educative Crimes are reduced only by an Ego Factor uprightly formed in the right direction

Advanced Criminology for Crime Control and Reduction James Vadackumchery, 2021-01-01 ENERGY to commit crimes can never be destroyed but be altered to another ENERGY Total prevention or eradication of crimes on earth is an impossibility Commission of crimes is a continuous process Crime control reduction is possible by the application of PUSH PULL EGO FACTOR theory of crime causation The author says that ONE S CRIME IS HIS CHOICE and NO ONE ELSE S Precisely therefore no one can or will prevent crimes if the crime doer is not prepared to control him and his behaviour SELF CONTROL is the BEST and the ONLY control to reduce crimes in society The crime control reduction too becomes a continuous process till the consummation of the world The book ADVANCED CRIMINOLOGY for Crime Control and Reduction is the other side of author s book titled ADVANCED CRIMINOLOGY or The WHY of Crime 13 978 93 5125 265 8 published by the CONCEPT Anyone keenly interested in crime control and reduction will find this book extremely useful and rewarding

etc of the United Nations need periodic amendments revision alterations deletions and repeallings Sometimes they must be replaced by another Most unfortunately they do not take place A fair Trial of United Nations means an academic assessment of the existing U N documents on Human Rights and their relevance and validity in the changing and changed scenario This book contains such a trial of Convention against Torture and other Cruel Inhuman or Degrading Treatment or Punishment Principles on the Effective Investigation and Documentation of Torture and other Cruel Inhuman or Degrading Treatment or Punishment Principles on the Effective Prevention and Investigation of Extra legal Arbitrary and Summary Executions and U N Code of Conduct for Law Enforcement Officials The appraisal of the U N documents will be of great interest for anyone concerned with Human Rights and a new WORLD ORDER *Contemporary Indian Criminology* James

Vadackumchery,2015-01-01 The root cause of any crime is a drive instinct plus intelligence and rationality or a combination of drives in man This activating force is further strengthened by many factors found operating outside a crime doer Hence a search for identifying the etiological factors of crime besides and beyond the drives is a futile exercise The author explains this by his PUSH PULL EGO FACTOR Theory of crime causation The book exposes the ineffectiveness of the cause effect relationship in criminology when he applies his theory to many issues in crime and justice areas and the author makes an attempt to analyze them in the light of his new approach Push Factors are the Drives Pull Factors are the Environment and they interact to form an EGO which will contain the Do s and Don ts in human behaviour The formation of the EGO in an upright way in the right direction is the only way to reduce crimes in society Though prevention of crime is an impossibility the author says emphatically that reduction of crimes is quite possible if the EGO is developed uprightly in the right direction Such an EGO will experience guilt feelings whenever it violates a norm law rule or regulation Anyone interested to reduce crime in society will find the book extremely useful **Goodbye Police** James Vadackumchery,2005 **Indian Books in**
