Polish Prose and Verse. A Selection with an Introductory Essay by J. Pietrkiewicz afterwards PETERKIEWICZ PIETRKIEWICZ (Jerzy Michał), 1956 **Carl Hanser Verlag as an intermediary of Polish literature in West Germany between 1945 and 1990** Daniel Pietrek, 2025-04-14 The Munich based Carl Hanser Verlag was one of the most important publishers in the 1950s and 1960s when it came to promoting Polish literature in West Germany The fact that from the 1950s onwards after a period of German classics editions the Hanser Verlag focused also on Polish literature seems to be baffling However this decision was all the more important because Polish literature in translation often built bridges to Poland's neighbors after the end of World War II and paved the way for a new phase in the German Polish dialogue aimed at reconciliation This publishing policy was maintained over the following decades Daniel Pietrek analyzes and describes this unique cultural transfer in his study **Central and Eastern European Literary Theory and the West** Michał Mrugalski, Schamma Schahadat, Irina Wutsdorff, 2022-12-05 Literary theory flourished in Central and Eastern Europe throughout the twentieth century but its relation to Western literary scholarship is complex This book sheds light on the entangled histories of exchange and influence both within the region known as Central and Eastern Europe and between the region and the West The exchange of ideas between scholars in the East and West was facilitated by both personal and institutional relations both official and informal encounters For the longest time however intellectual exchange was thwarted by political tensions that led to large parts of Central and Eastern Europe being isolated from the West A few literary theories nevertheless made it into Western scholarly discourses via exiled scholars Some of these scholars such as Mikhail Bakhtin become widely known in the West and their thought was transposed onto new Western cultural contexts others such as Olga Freidenberg were barely noticed outside of Russian and Poland This volume draws attention to the schools circles and concepts that shaped the development of theory in Central and Eastern Europe as well as the histoire croisée the history of translations transformations and migrations that conditioned its relationship with the West **Library of Congress Subject Headings** Library of Congress, 2003 **The Slavonic Review**, 1925 **The Sound of Modern Polish Poetry** Aleksandra Kremer, 2021-12-07 An illuminating new study of modern Polish verse in performance offering a major reassessment of the roles of poets and poetry in twentieth century Polish culture What's in a voice Why record oneself reading a poem that also exists on paper In recent decades scholars have sought to answer these questions giving due credit to the art of poetry performance in the anglophone world Now Aleksandra Kremer trains a sharp ear on modern Polish poetry assessing the rising importance of authorial sound recordings during the tumultuous twentieth century in Eastern Europe

Kremer traces the adoption by key Polish poets of performance practices intimately tied to new media In Polish hands tape recording became something different from what it had been in the West shaped by its distinctive origins behind the Iron Curtain The Sound of Modern Polish Poetry reconstructs the historical conditions audio technologies and personal motivations that informed poetic performances by such luminaries as Czesław Miłosz Wisława Szymborska Aleksander Wat Zbigniew Herbert Miron Białoszewski Anna Swir and Tadeusz Różewicz Through performances both public and private prepared and improvised professional and amateur these poets tested the possibilities of the physical voice and introduced new poetic practices reading styles and genres to the Polish literary scene Recording became for these artists a means of announcing their ambiguous place between worlds Kremer's is a work of criticism as well as recovery deploying speech analysis software to shed light on forgotten audio experiments from poetic sound postcards to unusual home performances to the final testaments of writer performers Collectively their voices reveal new aesthetics of poetry reading and novel concepts of the poetic self *Memoirs of the Polish Baroque* Jan Chryzostom Pasek, 2023-11-15 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1976
