Political Economics Explaining Economic Policy By Persson:

Political Economics Torsten Persson, Guido Tabellini, 2002-01-25 What determines the size and form of redistributive programs the extent and type of public goods provision the burden of taxation across alternative tax bases the size of government deficits and the stance of monetary policy during the course of business and electoral cycles A large and rapidly growing literature in political economics attempts to answer these questions But so far there is little consensus on the answers and disagreement on the appropriate mode of analysis Combining the best of three separate traditions the theory of macroeconomic policy public choice and rational choice in political science Torsten Persson and Guido Tabellini suggest a unified approach to the field As in modern macroeconomics individual citizens behave rationally their preferences over economic outcomes inducing preferences over policy As in public choice the delegation of policy decisions to elected representatives may give rise to agency problems between voters and politicians And as in rational choice political institutions shape the procedures for setting policy and electing politicians The authors outline a common method of analysis establish several new results and identify the main outstanding problems

Workbook to Accompany Political Economics : Explaining Economic Policy by Torsten Persson and Guido Tabellini, 2000 *Political Economics* Torsten Persson, Guido Tabellini, 2002-01-25 What determines the size and form of redistributive programs the extent and type of public goods provision the burden of taxation across alternative tax bases the size of government deficits and the stance of monetary policy during the course of business and electoral cycles A large and rapidly growing literature in political economics attempts to answer these questions But so far there is little consensus on the answers and disagreement on the appropriate mode of analysis Combining the best of three separate traditions the theory of macroeconomic policy public choice and rational choice in political science Torsten Persson and Guido Tabellini suggest a unified approach to the field As in modern macroeconomics individual citizens behave rationally their preferences over economic outcomes inducing preferences over policy As in public choice the delegation of policy decisions to elected representatives may give rise to agency problems between voters and politicians And as in rational choice political institutions shape the procedures for setting policy and electing politicians The authors outline a common method of analysis establish several new results and identify the main outstanding problems

Economic Policy Agnès Bénassy-Quéré, Pierre Jacquet, Jean Pisani-Ferry, 2018 Concepts Issues Interdependence Fiscal policy Monetary policy Financial stability International financial integration and foreign exchange policy Tax policy Growth policies **Political Power and Economic Policy** Gordon C. Rausser, Johan Swinnen, Pinhas Zusman, 2011-09-30 This book analyzes the links between political economics governance structures and the distribution of political power in economic policy making The book theoretically explains and empirically quantifies these interactions The analysis includes both public good policies and redistributive policies Part I of the book presents the conceptual foundations of political economic bargaining and interest group analysis After presenting the underlying theory Part II of the book

examines ideology prescription and political power coefficients Part III analyzes a number of specific structures and Part IV presents a framework for political econometrics with a number of empirical applications and testable hypotheses In all four parts of the book four analytical dimensions of public policy are distinguished governance structures political economy mechanism design and incidence

Understanding Political Economy Bob Hancké, Toon Van Overbeke, Dustin Voss, 2025-01-09 This timely book provides a critical discussion of the leading concepts and theories in political economy Bob Hancké Toon Van Overbeke and Dustin Voss conduct a historical and thematic review of the evolution of political economic thought revolving around the relation between capitalism and democracy

Political Economy and Instruments of Environmental Politics Friedrich Schneider, Andrea Kollmann, Johannes Reichl, 2015-08-21 Conceptual empirical and theoretical analyses of the effectiveness of market based policy instruments in achieving environmental goals Economists argue that such market based policy instruments as environmental taxes and emission trading systems are the best way to target the negative effects of pollution Yet there is no agreement about whether the use of these instruments is sufficient whether they are deployed efficiently and which factors influence their effectiveness Nor is it clear if such policies have had any significant effect on the urgent matter of climate change mitigation This volume offers conceptual empirical and theoretical analyses of the effectiveness of these policy instruments in achieving environmental goals Taken together the chapters not only identify shortcomings of existing policy making but also point to ways in which more effective policy design can help solve one of the most pressing problems of our time The contributors consider such topics as theoretical approaches to address the failure of the free market to protect the environment the influence of people's trust in their government on their willingness to accept higher environmental taxes political determinants of fossil fuel pricing a game theoretic approach to understanding domestic political constraints on international environmental agreements and intergenerational equity and carbon taxation Contributors Elisa Belfiori Frank J Convery Peter Egger Denny Ellerman Dominic Hauck Philipp Hieronymi Andrea Kollmann Sonja Kie Andreas Lange Antony Millner Francesco Nicolli Sergey Nigai Johannes Reichl David Schiller Jon Strand Cees van Beers Francesco Vona

Handbook of Public Economics Alan J. Auerbach, Raj Chetty, Martin Feldstein, Emmanuel Saez, 2013-06-24 In the Handbook of Public Economics vol 5 top scholars provide context and order to new research about mechanisms that underlie both public finance theories and applications These fundamental subjects follow the recent steady movement away from rational decision making and toward more personalized approaches to tax generation and expenditure especially in terms of the use of psychological methods and financial incentives Closely scrutinized subjects include new research in empirical instead of theoretical public finance the methods for measuring taxes both in revenue generation and expenditure and the roles that taxes play in specific settings such as emerging economies urban settings charitable giving and among political entities cities counties states countries Contributors look at both the tax and expenditure sides of public finance emphasizing recent influences that psychology and philosophy have exerted in

economics with articles on behavioral finance charitable giving and dynamic taxation To a field enjoying rapid growth their articles bring context and order illuminating the mechanisms that underlie both public finance theories and applications Editor Raj Chetty is the recipient of the 2013 John Bates Clark Medal from the American Economic Association Focuses on new approaches to both revenue generation and expenditures in public finance Presents coherent summaries of subjects in public economics that stretch from methodologies to applications Makes details about public economics accessible to scholars in fields outside economics

Constitutional Economics Stefan Voigt, 2020-06-18 This concise survey of the questions methods and empirical findings central to constitutional political economy fills a gap in the literature of political economy Voigt a pioneer of the field demonstrates how constitutional rules affect political economy appealing to both scholars of the field and readers with no familiarity of the topic

Comparing Political Corruption and Clientelism Junichi Kawata, 2017-03-02 Past modernization literature has assumed that corruption and clientelism reflect a pre modern social structure and could be referred to as a pathologic phenomenon of the political system Very few have considered corruption and clientelism as structural products of an interwoven connection between capital accumulation bureaucratic rationalization interest intermediation and political participation from below This volume analyzes key aspects of the debate such as should corruption and clientelism be evaluated as a lubricant in terms of administrative efficiency legitimate demands from the margins of society to redress social and economic inequality or to readdress economic development What would be the effect of strengthening policing to control political corruption Could electoral reform or a decentralization of government power be a cure for all These questions among others are answered in this comprehensive volume

Higher Education: Handbook of Theory and Research John C. Smart, 2007-05-16 Published annually since 1985 the Handbook series provides a compendium of thorough and integrative literature reviews on a diverse array of topics of interest to the higher education scholarly and policy communities Each chapter provides a comprehensive review of research findings on a selected topic critiques the research literature in terms of its conceptual and methodological rigor and sets forth an agenda for future research intended to advance knowledge on the chosen topic The Handbook focuses on twelve general areas that encompass the salient dimensions of scholarly and policy inquiries undertaken in the international higher education community The series is fortunate to have attracted annual contributions from distinguished scholars throughout the world

Handbook of Regional and Urban Economics V. Henderson, J.F. Thisse, 2004-07-21 The new Handbook of Regional and Urban Economics Cities and Geography reviews synthesizes and extends the key developments in urban and regional economics and their strong connection to other recent developments in modern economics Of particular interest is the development of the new economic geography and its incorporation along with innovations in industrial organization endogenous growth network theory and applied econometrics into urban and regional economics The chapters cover theoretical developments concerning the forces of agglomeration the nature of neighborhoods and human capital

externalities the foundations of systems of cities the development of local political institutions regional agglomerations and regional growth Such massive progress in understanding the theory behind urban and regional phenomenon is consistent with on going progress in the field since the late 1960 s What is unprecedented are the developments on the empirical side the development of a wide body of knowledge concerning the nature of urban externalities city size distributions urban sprawl urban and regional trade and regional convergence as well as a body of knowledge on specific regions of the world Europe Asia and North America both current and historical The Handbook is a key reference piece for anyone wishing to understand the developments in the field *How to Achieve Inclusive Growth* Valerie Cerra, Barry Eichengreen, Asmaa El-Ganainy, Martin Schindler, 2022 This authoritative book explains the sources and scale of current economic challenges and proposes solutions to craft a brighter future by building a sustainable green and inclusive society in the years ahead

Public Choice III Dennis C. Mueller, 2003-02-17 This book represents a considerable revision and expansion of Public Choice II 1989 Six new chapters have been added and several chapters from the previous edition have been extensively revised The discussion of empirical work in public choice has been greatly expanded As in the previous editions all of the major topics of public choice are covered These include why the state exists voting rules federalism the theory of clubs two party and multiparty electoral systems rent seeking bureaucracy interest groups dictatorship the size of government voter participation and political business cycles Normative issues in public choice are also examined including a normative analysis of the simple majority rule Bergson Samuelson social welfare functions the Arrow and Sen impossibility theorems Rawls s social contract theory and the constitutional political economy of Buchanan and Tullock **Fiscal Policy, Stabilization, and Growth** Guillermo E. Perry, Luis Serv n, Rodrigo Suesc n, 2007-10-19 Fiscal policy in Latin America has been guided primarily by short term liquidity targets whose observance was taken as the main exponent of fiscal prudence with attention focused almost exclusively on the levels of public debt and the cash deficit Very little attention was paid to the effects of fiscal policy on growth and on macroeconomic volatility over the cycle Important issues such as the composition of public expenditures and its effects on growth the ability of fiscal policy to stabilize cyclical fluctuations and the currency composition of public debt were largely neglected As a result fiscal policy has often amplified cyclical volatility and dampened growth Fiscal Policy Stabilization and Growth explores the conduct of fiscal policy in Latin America and its consequences for macroeconomic stability and long term growth In particular the book highlights the procyclical and anti investment biases embedded in the region s fiscal policies explores their causes and macroeconomic consequences and assesses their possible solutions *Handbook on Decentralization, Devolution and the State* Lago, Ignacio, 2021-10-19 Taking a multidisciplinary approach to the dynamics of political and economic decentralization in contemporary regimes this comprehensive Handbook offers a critical examination of how the decentralization of governance affects citizen well being

The Elgar Companion to Public Choice Michael Reksulak, Laura Razzolini, William F. Shughart, 2013-01-01 This is a

comprehensive set of essays on myriad facets of public choice by many of the leading contributors in the field The coverage is excellent and the essays are terrific I highly recommend this book for researchers and students Todd Sandler University of Texas at Dallas US The Elgar Companion to Public Choice Second Edition brings together leading scholars in the field of political economy to introduce readers to the latest research in public choice The Companion lays out a comprehensive history of the field and in five additional parts it explores public choice contributions to the study of the origins of the state the organization of political activity the analysis of decision making in non market institutions the examination of tribal governance and to modeling and predicting the behavior of international organizations and transnational terrorism With broad and up to date coverage this second edition will appeal to politicians and policymakers academics and researchers in public and social choice and political science as well as graduate students in economics political science and public administration

Advances in Economics and Econometrics: Volume 2, Applied Economics Daron Acemoglu, Manuel Arellano, Eddie Dekel, 2013-05-13 This is the second of three volumes containing edited versions of papers and commentaries presented at invited symposium sessions of the Tenth World Congress of the Econometric Society held in Shanghai in August 2010 The papers summarize and interpret key developments in economics and econometrics and they discuss future directions for a wide variety of topics covering both theory and application Written by the leading specialists in their fields these volumes provide a unique accessible survey of progress on the discipline The first volume primarily addresses economic theory with specific focuses on nonstandard markets contracts decision theory communication and organizations epistemics and calibration and patents **Advances in Economics and Econometrics** Econometric Society. World Congress, 2013-05-27 The second volume of edited papers from the Tenth World Congress of the Econometric Society 2010

The Handbook of Historical Economics Alberto Bisin, Giovanni Federico, 2021-04-21 The Handbook of Historical Economics guides students and researchers through a quantitative economic history that uses fully up to date econometric methods The book s coverage of statistics applied to the social sciences makes it invaluable to a broad readership As new sources and applications of data in every economic field are enabling economists to ask and answer new fundamental questions this book presents an up to date reference on the topics at hand Provides an historical outline of the two cliometric revolutions highlighting the similarities and the differences between the two Surveys the issues and principal results of the second cliometric revolution Explores innovations in formulating hypotheses and statistical testing relating them to wider trends in data driven empirical economics
