Political Economy Of Nato:

The Political Economy of NATO Todd Sandler, Keith Hartley, 1999-04-13 Using simple economic methods while accounting for political and institutional factors this book puts forward a political economy viewpoint of NATO's current status and its future prospects. A host of NATO policy concerns are addressed including the optimal membership for the alliance, its role in peacekeeping missions worldwide, the appropriate methods for deterring terrorism and proper procurement practices for the next generation of weapons. Additional topics concern defense burden sharing, arms trade, NATO's institutional structure and NATO's role vis-à-vis other international organizations. Although the analysis is rigorous, the book is intended for a wide audience drawn from political science and economics.

The Political Economy of NATO in Theory and Practice Heiko Bubholz, 2007-11 Diploma Thesis from the year 2003 in the subject Politics International Politics Topic International Organisations grade 1.7 <http://www.uni-jena.de/285> entries in the bibliography language English abstract The Atlantic Alliance as a scientific subject could be and is the primary matter of concern for representatives within the fields of political science and history. Conversely, this paper shall describe, explain and evaluate the Alliance from the perspective of the political economy. Jaime Shea once posed the question: Where is the debate about the future of NATO? This paper could thus be conceived of as a contribution to this discussion. Since it originates from a thesis in economics, the analyses and examinations ought respectively to apply and focus on a theoretical framework which independently combines economic as well as methods from political science. In 1999, Todd Sandler and Keith Hartley published a book which drew significant attention throughout the scientific community in the areas of security and economic problems. Their work *The Political Economy of NATO* dealt with several issues concerning political and economic considerations of security in general and in particular the Alliance. This publication actually initiated the motivation for personal research in the field which finally led to this paper. To establish a firm theoretical framework, the author does not hesitate to combine a set of equally important ideas and approaches from both political science and economics. Assumptions of the Realist school of thought of political science will be merged with economic approaches of public choice and other theoretical concepts. Yet none of the respective viewpoints shall be given priority over the others. Instead, the aim of this paper is to provide a comprehensive view of the political and economical dimensions in the Alliance arena.

NATO at 70 Keith Hartley, 2020-10-10 NATO is facing a unique crisis questioning its existence and future. This book provides a detailed in-depth economic and critical analysis of the issues. It considers whether NATO has a future and what it might look like 70 years ahead. NATO is undergoing a process of dramatic change, reorganising its functions, funding and strategic responsibilities to address growing regional and global threats. This book not only explores the contentiousness of economic and financial burden sharing and the associated political and diplomatic stresses involved in the pursuit of common strategic objectives but contributes to a further debate concerning the expanded scope and roles of the Alliance in the 21st century. This book combines NATO's political controversies, complexities and

conflicts with a treatment of the underlying theoretical economic frameworks This book is essential reading for students in military staff colleges university International Relations and Strategic Affairs Departments but also to those working in government defence establishments independent think tanks and political and economic institutions generally **The Political Economy of Alliances: Benefits, Costs, and Institutions in NATO** Francis A. Beer, 1972 *NATO Arms Co-operation* Keith Hartley, 2021-01-26 This book first published in 1983 examines weapons standardisation as one aspect of NATO's efficiency It analyses the economic arguments for weapons standardisation the limitations of the analysis and the available evidence A political economy or public choice approach is used with its emphasis on policy developments in the political market place of voters political parties bureaucracies and interest groups These agents are central to understanding the function of weapons procurement policy within the Alliance **NATO's Post-Cold War Politics** S. Mayer, 2014-08-26 This collection is the first book length study of NATO's bureaucracy and decision making after the Cold War and its analytical framework of internationalization draws largely on neo institutionalist insights **Handbook of Defence Politics** Isaiah "Ike" Wilson III, James J.F. Forrest, 2011-03-28 Issues of defence politics and policy have long been at the forefront of political agendas and defining of international affairs However the dramatic changes to the global system that have taken place since the end of the Cold War and particularly since the terror attacks on the USA on 11 September 2001 have amplified the world's attention toward political and policy issues of national regional and global security The focus of this volume is on examining the fundamental causes of and defence policy responses to this new post 9 11 security environment Edited by Isaiah Ike Wilson III and James J F Forest of the US Military Academy West Point USA this volume is international in scope with pieces written by experts in the field offering a collection of up to date and balanced insights on key contemporary issues of concern to defence policymakers The book will be an invaluable reference tool for academics and students researchers in international relations policymakers media professionals and government officials **NATO's Democratic Retrenchment** Henrik B.L. Larsen, 2019-07-02 Exploring NATO's post Cold War determination to support democracy abroad this book addresses the alliance's adaptation to the new illiberal backlashes in Eastern Europe the Western Balkans and Afghanistan after the alleged return of history The book engages the question of what has driven NATO to pursue democratisation in face of the significant region specific challenges and what can explain policy expansion or retrenchment over time Explaining NATO's adaptation from the perspective of power dynamics that push for international change and historical experience that informs grand strategy allows wider inferences not only about democratisation as a foreign policy strategy but also about the nature of the transatlantic alliance and its relations with a mostly illiberal environment Larsen offers a theoretical conception of NATO as a patchwork of one hegemonic and several great power interests that converge or diverge in the formulation of common policy as opposed to NATO as a community of universal values This volume will appeal to researchers of transatlantic relations NATO's functional and geographical expansion hegemony and great power politics

democracy promotion lessons of the past Neoclassical Realism alliance theory and the crisis of the liberal world order

NATO's First Enlargement Evanthis Hatzivassiliou, Dimitrios Triantaphyllou, 2017-10-02 This volume discusses the entry of Greece and Turkey to NATO in 1952 from the perspective of history and international relations The chapters were originally collected in 2012 to mark the occasion of the sixtieth anniversary of the accession of the two states to NATO The focus is not on the diplomatic political events that led to the accession a subject which has already been extensively discussed in the available bibliography but expands on a reassessment of this event for the two states as well as for the Balkans covering aspects of the wider post war period and providing perspectives for the policies of Turkey Greece and NATO until the present day This book was originally published as a special issue of Southeast European and Black Sea Studies

European Security in NATO's Shadow Stephanie C. Hofmann, 2013-01-03 This book asks why European countries tried to build a security institution outside of NATO emphasising the influence of political party ideologies

NATO's Security Discourse After the Cold War Andreas Behnke, 2013 This book provides a critical investigation into the discursive processes through which the North Atlantic Treaty Organisation NATO reproduced a geopolitical order after the end of the Cold War and the demise of its constitutive enemy the Soviet Union

NATO's Peace Enforcement Tasks and Policy Communities Giovanna Bono, 2017-11-30 This book was published in 2003 How has NATO managed to survive and transform itself into a peace enforcement organization Challenging the dominant assumption that NATO intervened in the Balkans because of the threat that conflicts in the region posed to European security this book develops a new set of research questions based on the hypothesis of the existence of policy communities The author demonstrates that there were shifting policy communities in operations that shaped the Alliance's transformation process arguing that NATO would not have succeeded in assuming peace enforcement tasks without other factors ranging from organisational dynamics domestic politics and the impact of ad hoc reactions to external events coming into play Highlighting the role of NATO as an actor in international security this volume is aimed at academics and practitioners in the field of international relations

NATO's Southern Allies John Chipman, 2004-01-14 This book analyses the internal sources of foreign policy within those NATO states whose primary security concerns lie in the southern area of the Alliance It takes a careful look at foreign and defence policy formulation and assesses the special perspective of each of these countries in turn and the military threats that they face Attention is paid to the role of the military in society especially in the geographically peripheral states as the Alliance seeks to adapt to a possible shift southward of some of its security concerns A full understanding of the politics in each of these states is essential to determine the relative importance of national and Alliance priorities in each country as the tensions between external policies and internal necessities increase The book offers an assessment of evolving security requirements in the southern region and of the capacity of NATO Mediterranean states to deal individually and collectively with the changing situation

The Economics of UN Peacekeeping Nadège Sheehan, 2011-07-25 Peacekeeping is a security

concept that is very representative of the current interventionism multilateralism human rights and humanitarian ideas UN peacekeeping plays an important role in international security and includes various activities that go beyond the original roles assigned to UN armed forces e g humanitarian aid election supervision disarmament mine clearance civilian protection and peacebuilding The problem is to define the economic efficiency of these operations and to develop some recommendations in the context of an economic globalization process Although UN peacekeeping has shortcomings it must be considered essential for organizing and defending the world politico economic order UN peacekeeping is a political activity but its production strongly depends on nations economic considerations Governments make political decisions that also take into account the economic gains they expect to obtain from their contribution to any specific mission With low means and inadequate strategies to meet the challenges UN peacekeeping must pay particular attention to resolving the problems of free riding and of prisoner s dilemma in contributions that delay deployments and create significant financial problems Understanding how peacekeeping can be most cost effectively carried out while considering the importance of legitimacy in interventions is essential This book believes that regional organizations can ease the UN s financial responsibility by managing conflicts in their regions But to be most effective they must involve the UN in their interventions This book also emphasizes UN peacekeeping trust funds as the key to better financial effectiveness It strongly recommends that NATO be empowered by the UN with the role of global peace police and proposes the establishment of a UN high ranking team of international specialists in peacekeeping issues This research should be of interest to students and researchers looking at international and political economics as well as international relations defence security and peace studies

Natopolitanism Grey Anderson, 2023-08-29 Did NATO cause the crisis in Ukraine Following the Russian invasion of Ukraine the fortunes of NATO pronounced braindead only a few years prior have been miraculously revived The alliance buoyed by surging European military budgets and inflows of combat ready troops and cutting edge hardware looks forward to welcoming additional member states Originally conceived as a bulwark against the Soviet Union NATO has outlasted its ostensible foe by over three decades Its geostrategic remit is limited to the North Atlantic in name only Treaty obligations range from the Andes to the Gulf of Aden and the Khyber Pass and allied commanders now prepare for battle in the South China Sea Natopolitanism takes an in depth look at the evolution and aggrandizement of NATO since the turn of the 1990s What purposes does NATO serve in the post Cold War world What is the balance sheet of a quarter century of alliance expansion and what part did it play in the eruption of conflict on Europe s eastern marches Contributors to the volume including John J Mearsheimer Mary Elise Sarotte Susan Watkins Wolfgang Streeck and Volodymyr Ishchenko revisit this history as it unfolded Varying in viewpoint and judgment all share a critical perspective at odds with wartime pieties

NATO in a Post Hegemonic World : the Political Economy of Alliance Relations Michael K. Hawes, Queen's University (Kingston, Ont.). Centre for International Relations, 1989 *Nato's Eastern Dilemmas* David G. Haglund, 2019-04-03 The

contributors to this book set out to show that NATO's post Cold War troubles are largely self generated and almost exclusively eastern. They focus in particular on the issue of what to do with the former Yugoslavia. *NATO's Post-Cold War Trajectory* M. Webber, J. Sperling, M. Smith, 2012-08-20 Two decades since the watershed of the Cold War this book investigates NATO's staying power. This book investigates how the Alliance has adapted and managed to attend to new roles and purposes through the lens of International Relations theory. The Alliance will continue but will remain subject to ongoing crises and challenges of change. *The Burdensharing Debate* Simon Duke, 1993-06-18 Examines critically the history and assumptions behind the divisive question of allied contributions to the common defence. It looks at the methodology of the burdensharing debate and focuses on political economic and military ramifications of the debate. *Bosnian Security After Dayton* Michael A. Innes, 2006-09-27 Featuring fresh contributions from leading scholars this new volume considers a varied range of post war post Dayton and post 9 11 problems and issues reminding readers that Dayton is not the only challenge to the safety stability and long term viability of the post war Bosnian state. Drawing together all the latest research this book covers new ground in its discussion of post 9 11 security concerns and in its leading edge analyses of crime corruption and terror in a transitional state. It takes Bosnia Herzegovina seriously as a subject of regional and international affairs and is a critically important contribution to scholarship showing how redefined global security concerns have heavily altered international and domestic security priorities in Bosnia Herzegovina with corresponding implications for post war justice and identity politics foreign intervention and state level institution building. This is essential reading for scholars of the Balkans peacebuilding and reconstruction European politics and of security studies in general.
