(Reprinted with Corrections.). Fredrik Barth, 1965 *Political Leadership Among Swat Pathans* Fredrik Barth, 2020-09-08 A classic and highly influential ethnography which explores political leadership among Swat Pathans and which emphasizes the importance of individual decision making for wider social processes This study describes certain aspects of the society of the Pathans of the Swat valley in the North West Frontier Province of Pakistan Except where other reference is given the material on which it is based was collected by the author in the period February November 1954 *Reading Ethnography* David Jacobson, 1991-07-03 This book presents a model for analyzing and evaluating ethnographic arguments It examines the relationship between the claims anthropologists make about human behavior and the data they use to warrant them Jacobson analyzes the textual organization of ethnographies focusing on the ways in which problems interpretations and data are put together He examines in detail a limited number of well known ethnographic cases which are selected to illustrate basic theoretical frameworks and modes of analysis By advancing a method for assessing ethnographic accounts the book contributes to the current debate on the role of rhetoric and reflexivity in anthropology **The Pakistan Paradox** Christophe Jaffrelot, 2016-06-16 The idea of Pakistan stands riddled with tensions Initiated by a small group of select Urdu speaking Muslims who envisioned a unified Islamic state today Pakistan suffers the divisive forces of various separatist movements and religious fundamentalism A small entrenched elite continue to dominate the country s corridors of power and democratic forces and legal institutions remain weak But despite these seemingly insurmountable problems the Islamic Republic of Pakistan continues to endure The Pakistan Paradox is the definitive history of democracy in Pakistan and its survival despite ethnic strife Islamism and deepseated elitism This edition focuses on three kinds of tensions that are as old as Pakistan itself The tension between the unitary definition of the nation inherited from Jinnah and centrifugal ethnic forces between civilians and army officers who are not always in favour of or against democracy and between the Islamists and those who define Islam only as a cultural identity marker *Anthropological Approaches to Political Behavior* Frank McGlynn, Arthur Tuden, 1991-07-15 Power is immanent in human affairs by definition human beings are political animals The only way to fully comprehend and analyze the complexities of power is to locate where material psychological and social dimensions of political power are ultimately and socially situated and reproduced This collection of essays highlights the theoretical concerns of political anthropology Initially published in the journal *Ethnology* the essays were classroom tested and collected on the basis of student comments An in depth introduction presents the intellectual traditions in political anthropology and focuses particularly on the manner in which various periods defined and dealt with the nature of social

power It also places current works within the framework of critical but constantly revised theoretical problems Contributors Mart Bax Ernest Brandewie Karen J Brison Philip A Dennis Richard G Dillon Harvey E Goldberg James Howe Donald T Hughes Roger M Keesing Donald V Kurtz Charles Lindholm Robert F Maher Richard W Miller Sydel F Silverman L Lewis Wall Daniela Weinberg

**Millennium and Charisma Among Pathans (Routledge Revivals)** Akbar Ahmed,2012-07-26 First published in 1976 this Routledge Revivals reissue presents an analysis of the Swat Pathans the people of the North West Frontier Province of Pakistan who belong administratively to Pakistan despite being a fiercely independent group with their own codes and ways of life Akbar S Ahmed who knows the Swat Pathans well through his family connections presents a clear and sophisticated analysis of their complex society The study provides an anthropological and critical re examination of the ethnography of the Swat Pathans and the author suggests specific alternative models of social organization The book also represents an important contribution to the general debate in the social sciences between the methodological individualists and the methodological holists and challenges some of the theoretical and methodological premises in anthropology In particular the author is critical of Professor Fredrik Barth s study of Swat Pathans for he believes that the Swat models have inadvertently become the basis for generalized and often incorrect understanding of models of Pathan socio political organization in the social sciences
