Political Learning In Adulthood A Sourcebook Of Theory And Research:

Political Learning in Adulthood Roberta S. Sigel, 1989 In the wake of World War II the issues of political stability in general and the survival of stable democracies in particular captured the attention of American political scientists An inevitable offshoot of this interest was the study of political behavior how it is acquired and how and why it persists In its early stages work on political socialization focused exclusively on childhood and adolescence as if the learning process ends when adulthood begins Only recently has adult socialization emerged as a legitimate field of study within political science In *Political Learning in Adulthood* social scientists for the first time examine the changes in political outlook and behavior that take place during the adult years providing an invaluable overview of the problems theories and methodological approaches that characterize the field of political socialization They consider which political values remain constant and which are subject to change and they explore the ways in which both ordinary and extraordinary life events affect adults political worldviews Among specific topics considered are the effects of age and aging the relation between participation in the work force and the development and expression of political views continuity and change in the wake of revolutionary social and political movements and the effects of such traumatic and life threatening situations as war and terrorist activity

Chinese Environmental Governance Bingqiang Ren, 2013-12-05 In this edited volume leading environmental policy experts from China USA and Europe provide a contemporary view of Chinese environmental policy analyzing current discussions among various actors and agencies The book covers a wide range of topics including the gap between national policy goals and their local implementation cultural and social factors shaping political behavior legal and political systems affecting environmental policy creation and execution new societal forces participating in environmental policymaking and governance and local state strategies tasked with navigating a mix of political legal and societal forces Featuring in depth empirically grounded analyses with interdisciplinary approaches the book is ideal reading for scholars interested in the complex nature of balancing Chinese environmental sustainability and economic growth Handbook of the Sociology of Religion Michele Dillon, 2003-08-18 Table of contents Political Engagement of the Young in Europe Peter Thijssen, Jessy Siongers, Jeroen Van Laer, Jacques Haers, Sara Mels, 2015-12-14 Although many scholars are convinced of the apparent civic disengagement of youth others suggest that civic participation of young people is stable and increasingly expressed through non institutionalized forms of practicing politics This book makes a key contribution to this discussion by asking whether the decline or shift paradigm is sufficient in understanding political participation of the youth It argues that we need to move beyond this framework and develop a renewed reflection on the meaning of civic and political engagement It asks crucial questions such as How can the young be educated into assuming civic and political responsibility Why and how do young people engage in social and political action How do the principal mediating institutions education media and the family contribute to new or different forms of youth civic engagement This text contains contributions from acknowledged specialists such as Constance Flanagan Mark Elchardus Marc Hooghe and Bert Klandermans and will be of key interest to students and scholars of youth and young citizens civic political involvement European politics youth studies sociology political participation and electoral behaviour **Handbook of Adolescent Psychology** Richard M. Lerner, Laurence Steinberg, 2004-04-26 The study of adolescence in the field of psychology has grown tremendously over the last two decades

necessitating a comprehensive and up to date revision of this seminal work This multidisciplinary handbook edited by the premier scholars in the field Richard Lerner and Laurence Steinberg and with contributions from the leading researchers reflects the latest empirical work and growth in the field **Peacebuilding and Ex-Combatants** Johanna

Söderström,2014-12-17 The book examines how ex combatants in post war and peacebuilding settings engage in politics as seen in the case of Liberia The political mobilization of former combatants after war is often perceived as a threat ultimately undermining the security and stability of the state This book questions this simplified view and argues that understanding the political voice of former combatants is imperative Their post war role is not black and white they are not just bad or good citizens but rather engage in multiple political roles spoilers victims disengaged beneficiaries as well as motivated and active citizens By looking at the political attitudes and values of former combatants and their understanding of how politics functions the book sheds new light on the political reintegration of ex combatants It argues that political reintegration needs to be given serious attention at the micro level but also needs to be scrutinized in two ways first through the level of political involvement which reflects the extent and width of the ex combatants voice Second in order to make sense of political reintegration we also need to uncover what values and norms inform their political involvement The content of their political voice is captured through a comparison with democratic ideals Based on interviews with over 100 Liberian ex combatants the book highlights that their relationship with politics overall should be characterized as an expression of a politics of affection This book will be of much interest to students of peacebuilding African politics democratization political sociology conflict resolution and IR Security Studies in general The Making of an Alienated Generation Sai-Wing Leung,2019-07-23 First

published in 1997 this volume examines the political apathy of the Hong Kong Chinese with a particular focus on children in secondary schools While most previous studies have been of adults Leung s approach exposes a generation who are politically uninvolved and disenchanted He examines teacher student encounters in a depoliticized school context and through a curriculum in which explicit political content is absent The study throws light both on Chinese youths and the interaction of older and younger generations and its macroscopic implications are distinctly ominous suggesting trouble ahead for the Hong Kong Special Administrative Region What Is it about Government that Americans Dislike? John R.

Hibbing,Elizabeth Theiss-Morse,2001-09-10 This book first published in 2001 examines why so many Americans do not like trust approve of or support their government *Rethinking Market Regulation* John N. Drobak,2021-05-25 A subversive approach to economic theory Rethinking Market Regulation explores the devastating impact of globalisation and a lack of governmental regulation on the US workforce It challenges two key economic principles that markets are competitive making government intervention unnecessary and the claim that corporations exist for the benefit of their shareholders but not for other stakeholders Arguing that both principles are based in myth this book offers an insightful perspective into the plight of workers faced with widespread job losses through the merging and outsourcing of resources Rethinking Market Regulation

ties together the problems that come with using economic principles as a justification for a lack of government intervention with the harm and widespread social repercussions faced by workers With a close focus on the personal and financial consequences of losing employment this book offers a compelling comparison of the legal and social treatment of labor in the US and the EU closing with the recommendation for a new regulatory regime as a prescription for the current system of mass inequality and widespread job losses *Rethinking Market Regulation* is ideal for scholars professionals and anyone else interested in gaining an alternative perspective to modern US economic theory and market regulation

Apprehending Politics Marco Calavita,2012-02-01 This groundbreaking book examines the significance of the news media for the political beliefs and behavior of contemporary Americans Relying on original in depth interviews with members of the group known as Generation X Marco Calavita analyzes the memories and understandings of these individuals political development dating back to childhood Specifically he focuses on the developmental significance of news media engagement in the context of institutions and phenomena like family peers schooling and popular culture Calavita succeeds where others have failed at exploring the inevitably contextualized and ecological nature of individual political development and the specific roles of news media in that development *Apprehending Politics* illuminates the subtle but fundamental power of news media in who we are politically and how we got that way

Just Ordinary Citizens? Antoine Bilodeau,2016-01-01 *Just Ordinary Citizens* offers a behavioural perspective on the political integration of immigrants describing and analysing the relationships that immigrants develop with politics in their host countries

People and Their Opinions Eric B. Shiraev,Richard Sobel,2015-07-02 Utilizing both a critical thinking approach and a comparative perspective throughout the text Sobel and Shiraev provide comprehensive coverage of public opinion while also teaching students the basic skills necessary for measurement understanding and interpreting Written in an accessible and engaging manner this text provides a unique and practical introduction to the field of public opinion The book begins by schooling the reader in how to think critically and then helps students apply those techniques as they encounter the concepts of public opinion The text also employs a comparative perspective demonstrating the effect and nature of public opinion in other countries while also placing American public opinion in context

Women at the Polls Cal Clark,Janet Clark,2009-03-26 Since 1980 most elections in the United States have been marked by a gender gap in which women are more supportive of Democratic candidates than men by nearly ten percentage points *Women at the Polls* finds that this gender gap is quite extensive as it exists in almost all demographic groups and as it is based on similar differences in the political attitudes of women and men over a wide array of issues This suggests that women are becoming an important constituency in U S politics

The Democratic Imagination Louis Filler,2017-07-12 This festschrift celebrates the accomplishments of renowned social scientist Irving Louis Horowitz as he turned sixty five Since Horowitz s views were global and his discourse was never restricted to national boundaries the volume includes contributions from across the globe Collectively the book represents a personal as well as an intellectual

statement from the contributors as each one was a friend and colleague of Horowitz The life span of Horowitz s ideas stretches across boundaries many which are focused on in *The Democratic Imagination* The twenty seven essays address Horowitz s work ideas and influence Horowitz was well known for his analysis of the situation in Cuba disarray in American sociology the impacts of technology on the publishing industry and policy making in the post Cold War era Contributions also take note of Horowitz s involvement in diverse areas his work with Robert Kennedy Radio Marti the United States General Accounting Office and his efforts on behalf of the freedom of the press In a final section Horowitz responds to each of the contributors This work celebrating one of the most esteemed social scientists of the twentieth century acknowledges his manifold contributions to the multiple areas in which he worked

Life-Span Development and Behavior David L. Featherman, Richard M. Lerner, 2019-05-24 The final volume in this significant series this publication mirrors the broad scientific attention given to ideas and issues associated with the life span perspective constancy and change in human development opportunities for and constraints on plasticity in structure and function across life the potential for intervention across the entire life course and thus for the creation of an applied developmental science individual differences diversity in life paths in contexts or the ecology of human development and in changing relations between people and contexts interconnections and discontinuities across age levels and developmental periods and the importance of integrating biological psychological social cultural and historical levels of organization in order to understand human development

Between Two Nations Michael Jones-Correa, 2018-09-05 Immigrants come to the United States from all over Latin America in search of better lives They obtain residency status find jobs pay taxes and they have children who are American citizens by birth yet decades may go by before they seek citizenship for themselves or become active participants in the American political process *Between Two Nations* examines the lack of political participation among Latin American immigrants in the United States to determine why so many remain outside the electoral process Michael Jones Correa studied the political practices of first generation immigrants in New York City s multiethnic borough of Queens Through intensive interviews and participant observation he found that immigrant participation was stymied both by lack of encouragement to participate and by the requirement to renounce former citizenship which raised the fear of never being able to return to the country of origin The hesitation to naturalize as American citizens can extend over decades leaving immigrants adrift in a political limbo *Between Two Nations* is the first qualitative study of how new immigrants assimilate into American political life Jones Correa reexamines assumptions about Latino politics and the diversity of Latino populations in the United States about the role of informal politics in immigrant communities and about gender differences in approaches to political activity

Deliberative Pedagogy Timothy J. Shaffer, Nicholas V. Longo, Idit Manosevitch, Maxine S. Thomas, 2017-07-01 As the public purposes of higher education are being challenged by the increasing pressures of commodification and market driven principles *Deliberative Pedagogy* argues for colleges and universities to be critical

spaces for democratic engagement The authors build upon contemporary research on participatory approaches to teaching and learning while simultaneously offering a robust introduction to the theory and practice of deliberative pedagogy as a new educational model for civic life This volume is written for faculty members and academic professionals involved in curricular co curricular and community settings as well as administrators who seek to support faculty staff and students in such efforts The book begins with a theoretical grounding and historical underpinning of education for democracy provides a diverse collection of practical case studies with best practices shared by an array of scholars from varying disciplines and institutional contexts worldwide and concludes with useful methods of assessment and next steps for this work The contributors seek to catalyze a conversation about the role of deliberation in the next paradigm of teaching and learning in higher education and how it connects with the future of democracy Ultimately this book seeks to demonstrate how higher education institutions can cultivate collaborative and engaging learning environments that better address the complex challenges in our global society

Order and Compromise: Government Practices in Turkey from the Late Ottoman Empire to the Early 21st Century ,2015-02-17 Order and Compromise questions the historicity of government practices in Turkey from the late Ottoman Empire up to the present day It explores how institutions at work are being framed by constant interactions with non institutional characters from various social realms This volume thus approaches the state society continuum as a complex and shifting system of positions Inasmuch as they order and ordain state authorities leave room for compromise something which has hitherto been little studied in concrete terms By combining in depth case studies with an interdisciplinary conceptual framework this collection helps apprehend the morphology and dynamics of public action and state society relations in Turkey Contributors are Marc Aymes Olivier Bouquet Nicolas Camelio Nathalie Clayer Anouck Gabriela Corte Real Pinto Berna Ekal Beno t Fliche Muriel Girard Benjamin Gourisse S mb l Kaya No mi L vy Aksu lise Massicard Jean Fran ois P rouse Cl mence Scalbert Y cel Emmanuel Szurek and Claire Visier
