## **Political Participation In Beijing:**

Political Participation in Beijing Tianjian Shi, 1997 In this first scientific survey of political participation in the People's Republic of China Tianjian Shi identifies twenty eight participatory acts and groups them into seven areas voting campaign activities appeals adversarial activities cronyism resistance and boycotts What he finds will surprise many observers Political participation in a closed society is not necessarily characterized by passive citizens driven by regime mobilization aimed at carrying out predetermined goals Beijing citizens acknowledge that they actively engage in various voluntary participatory acts to articulate their interests In a society where communication channels are controlled by the government Shi discovers access to information from unofficial means becomes the single most important determinant for people's engaging in participatory acts Government sponsored channels of appeal are easily accessible to ordinary citizens so socioeconomic resources are unimportant in determining who uses these channels Instead voter turnout is found to be associated with the type of work unit a person belongs to subjective evaluations of one's own economic status and party affiliation Those most likely to engage in campaign activities adversarial activities cronyism resistance and boycotts are the more disadvantaged groups in Beijing While political participation in the West fosters a sense of identification the unconventional modes of participation in Beijing undermine the existing political order **Political Participation in Beijing** Tianjian Shi, 1992

Popular Political Support in Urban China Jie Chen, 2004 On the basis of three carefully drawn surveys of Beijing residents between 1995 and 1999 the author finds that diffuse support for the current political system based on attitudes toward institutions and values remains strong at least among city dwellers though it is gradually declining **Political**

**Participation in Beijing** Tianjian Shi, 1992 *Internet Use and Political Participation* Fanbin Zeng, 2025-07-01 This book explores how Chinese citizens influence both real and internet political participation via using internet During real political participation in selection and collective incident the influence of internet use is different which results from different situations of the development of different types of political participation in China According to the analysis on the political participation in the network public opinion's supervision internet advice and internet alternative the author finds that these types of political participation subject to institutional arrangement and effect of real political participation Therefore the author proposes that the real political participation effected by the use of internet and internet political participation mutually supply and influence each other where there is inverse relationship between them This book will be of interest to researchers political scientists and media studies scholars New Trends of Political Participation in Hong Kong Joseph Y.

S. CHENG, 2014-07-08 This volume in 15 chapters serves as a useful overview of various significant aspects of the new trends of political participation in Hong Kong Written by a team of experts who have been astute observers of Hong Kong Politics the book covers a wide spectrum of topics ranging from a conventional understanding of political participation e.g. the activities of political parties and interest groups to a more specialized form of participation e.g. the relationships between

government and legislators in policy making The study of the rise of new social movements by the Post 80s generation would be of particular interest to those who are keen to comprehend the sharpening inter generational differences There will be a readership among academics and university students This can also be a valuable reference for the media policy makers or anyone interested in Hong Kong politics This book is published by City University of Hong Kong Press

The History and Logic of Modern Chinese Politics Mingsheng Wang,2021-08-24 This book explores the history and development of modern Chinese politics Written by Dr Mingsheng Wang a renowned Chinese political scientist it presents a truly groundbreaking and thought provoking study of the sociopolitical forces behind China s gradual emergence as a new global power in the 20th century and its rapid rise as the world s second largest economy over the past 40 years The author s argument illuminated by comparative theoretical analyses based on meticulously detailed empirical research functions as a lens through which readers can better understand China s remarkable accomplishments as well as consider broader issues that have perplexed many Is there a China Path to sociopolitical progress What is socialism with Chinese characteristics Can China redefine its niche and maintain its growing momentum in an increasingly multilateral world And finally what lessons can we draw from China s continuing progress in the post COVID era As the author argues eloquently and with persuasive evidence China s ongoing progress has followed neither the mode of Russian style socialism nor that of Western prototypical capitalism Rather it represents a distinctively different model of progress and a continuous search for a viable alternative route to modernity that is permeated with Chinese realities By identifying an alternative system described as the China Path the author demonstrates convincingly that there exist ample options for different types of modernity and that economic growth means not only industrialization but also the development of political democratization and the realization of the rule of law In this sense this book significantly enriches our understanding of modern China The 33 carefully selected essays in the anthology provide a much needed opportunity for scholars policy makers and all interested readers to obtain an insider s view of the history and prospect of China s political development

**Political Participation in Asia** Eva Hansson,Meredith L. Weiss,2017-10-16 A combination of economic transformation political transitions and changes in media have substantially if incrementally altered the terrain for political participation globally particularly in Asia home to several of the most dramatic such shifts over the past two decades This book explores political participation in Asia

and how democracy and authoritarianism function under neoliberal economic relations It examines changes that coincide seemingly perversely with a participation explosion with mass street protests and occupations energetic online contention movements of students and workers mobilization for and against democracy and more Organized thematically in three parts political participation in a post democratic context changes in the scope and character of political space and the policing of that space this book analyzes economic regime and media shifts and how they function in tandem and both within and across states Closely integrated comparative and theoretically driven this book will be of interest to scholars and practitioners in the fields of civil society contentious politics or social movements democratization political economy development media and communications political geography sociology comparative politics and Asian politics [The Paradox of China's Post-Mao Reforms](#) Merle Goldman, Roderick MacFarquhar, 1999 China's bold program of reforms launched in the late 1970s the move to a market economy and the opening to the outside world ended the political chaos and economic stagnation of the Cultural Revolution and sparked China's unprecedented economic boom Yet while the reforms made possible a rising standard of living for the majority of China's population they came at the cost of a weakening central government increasing inequalities and fragmenting society The essays of Barry Naughton Joseph Fewsmith Paul H B Godwin Murray Scot Tanner Lianjiang Li and Kevin J O'Brien Tianjian Shi Martin King Whyte Thomas P Bernstein Dorothy J Solinger David S G Goodman Kristen Parris Merle Goldman Elizabeth J Perry and Richard Baum and Alexei Shevchenko analyze the contradictory impact of China's economic reforms on its political system and social structure They explore the changing patterns of the relationship between state and society that may have more profound significance for China than all the revolutionary movements that have convulsed it through most of the twentieth century **Paradoxes Of China's Prosperity: Political Dilemmas And Global Implications** Guoguang Wu, 2015-01-15 The world seems divided to either applaud or fear the rise of China but this book probes deeper by investigating three aspects of the phenomenon in detail 1 the institutional dilemmas of the prosperity as it integrates Asian authoritarianism with globalizing capitalism to create economic accomplishments 2 the political struggles alongside the prosperity as Chinese citizens begin to demand equality rights and justice that might be viewed to disturb the continuity of stability and development and 3 the global implications entailed by the prosperity not only in power politics war and peace or competitions among nations but especially on global public goods termed human security Articles included here combine political economic analyses lens with historical depth and global concerns to add a perspective that highlights the paradoxes of prosperity surrounding the ongoing debate on the rise of China and its global ramifications Readers will find an analysis that goes beyond the dichotomy viewing the rise of China either in positive or negative perspectives Investigations on the internal dilemmas and the global implications of the rise of China are well situated in the historical context of China's own search for modernization since the late 19th century This is one of the few books in which China's rise is examined from a global perspective rather than from a national perspective of China the United States or any

other specific nation a global perspective that addresses the challenges facing all human societies with the rise of China
